A famous phychologist had finished his lecture and was answering questions from the floor. A meek little man asked: "Did you say that a good poker player could hold down any kind of executive job?"

"That right," answered the lecturer. "Does that raise a question in your mind?"

"Yes," was the reply. "What would a good poker played want with a job?"

Markdale Hydro Office To Be Moved To Barrie

(Markdale Standard)

The local hydro office will be moved this spring to Barrie, which means that Markdale will be losing several families to the Simcoe County town. While it has been known for some time this change would be made, no official word has been received yet informing the local office who will be moved, and where to. Neither has it been disclosed on what date the Barrie office will take over.

Ken Gemmel, assistant srperintendent here for nearly thirty years, left for Toronto on Tuesday where he will be informed of his new duties at the Barrie office. Mr. A. S. Buschlen, who has been employed at the Eugenia plant and accountant here for about 25 years, is awaiting word when to go to Toronto, where he will be instructed in his new duties in the stores department of the hydro branch. Other employees here are awaiting word of their removal to Barrie or elsewhere. While the removal of these citizens is deeply regretted, the good wishes of local citizens will follow them wherever their new homes may be.

O.D.R. FARM FORUM ON DAYLIGHT SAVING

Twelve neighbors met at the home of Jos. Whyte of the O.D.R. on Monday evening to listen to the Farm Forum broadcast, the subject for discussion being "Daylight Saving Time on the Farm." All present were quick to voice their opinion that daylight saving time definitely did not benefit farmers. Reports sent to the head office by the different Forums on previous discussions were read by Mr. Wm. Meads. Card playing and lunch brought a happy evening to a close.

There is one thing at least better than riches, and that is a clear conscience.

"SHE'S STILL TALKING!"

KEEPING CONVERSATIONS BRIEF is just one of the ways of practicing the master rule for the best telephone service..."Do unto others as you would like them to do to you—and do it first".

THIS YEAR ALONE we are spending $4,000,000 so that more farms may have telephones with fewer people on each line.

FOR BEST RESULTS FROM YOUR TELEPHONE:

1. Keep calls brief.
2. Space your calls.
3. Avoid "listening in".
4. Give right-of-way to emergency calls.
