Games this week

Thursday—Vandeleur at Dundalk
Friday—Ceylon at Flesherton

Ceylon 15, Flesherton 7

Ceylon, so far this year, have not lost a game in the three they have played, the last one being taken from Flesherton at Ceylon on Friday evening last by the huge score of 15—7 "Fat" Muir has turned out to be a good pitcher as well as first class catcher and with good support from the rest of the team held the local bunch down to seven runs. Flesherton got two runs in the 1st inning and one in the third, while the "Greys" got four in the 1st and one in the 2nd and third. Muir eased up a bit in the 6th and Flesherton got in three more tying the score in that half of the 6th and then Ceylon knocked the ball around for six counters, thereby making sure of the game. Parks began pitching then and Ceylon were able to get in three more runs off him while the "White Sox" put over a lonely one in the ninth. Ceylon are making a big run for the Championship having won from Markdale and Dundalk, two of the best teams in the League and with Gibson in reserve should be able to go through flying. Here's luck to them!

Art Wilson Umpire.

Markdale are keeping on with their winning streak and trimmed Dundalk on the latter's grounds on Thursday last 8—2. It was one of the best games of the year and was no runaway by any means. The runs came by timely hitting and not more than two in one inning.

Vandeleur play in Dundalk this Thursday afternoon and a first class game is expected. Game called at 3 o'clock sharp.

Flesherton's game with Markdale which was won by the latter and we mentioned they expected to protest is being left as played.

Flesherton and Proton juniors will play ball on the agricultural grounds Monday evening. Admission 10—15 cents.

The Ceylon-Flesherton game which was scheduled for Thursday will take place this afternoon (Wed.) at 5 o'clock.

On The Road Question

A deputation from the county of Wellington waited on the County Council last week asking the co-operation of the Grey government in having a road through the central part of Wellington to Ceylon in Grey designated as a Provincial highway. Some of the members of the Council wanted the road extended to Thornbury and this immediately brought up the question of "the high road and the low road," which has been carefully avoided this session. However, the Council finally agreed to co-operate with the Wellington Council in securing the road, which would be a benefit to both.—Sun Times.

Be Sure You Put Them Out

CARELESSNESS with matches, cigarette butts, cigar ends, pipe ashes, camp fires, fly smudges, railway locomotives, slash-burning operations—human carelessness of some kind accounts for 97% of the forest fires which every year add further devastation to the northern areas of this province.

DON'T

DON'T take any chances with fire in Ontario's forests.
DON'T throw away cigarette or cigar butts, pipe "heels" or burnt matches until you are dead sure they are out.
DON'T neglect to drown out your fire with lots of water.
DON'T build your camp fire against a rotten log or stump; nor on windy points; nor near moss patches; nor at the base of a tree.
Build it in a former fire place, or on a flat rock, or on a spot cleared down to the true soil below, or by the edge of the water.
DON'T forget that the upper layer of ground in the forest consists of partially rotted wood which will burn.

Here are typical cases picked at random from last year's Fire Rangers' reports:

The rangers on the Ombabika to Fort Hope canoe route in the far north on July 4th found an area 10 miles long by 4 miles wide which had been swept by fire since their previous trip. A camp fire left on a portage was the cause.

A prospector on the Montreal River started a fire on July 7th which burned over 4,800 acres in Baden Township, destroying 1,000,000 feet of pine and 9,000 cords of pulpwood, and which required attention for a month.

A party of fishermen camped on Porcupine Lake, Burton Township, Parry Sound, were responsible for a fire on July 10th, which burned over 25,000 acres and 2,000,000 feet of timber.

Indians smoking moose meat started a fire on June 26th, which ran through 1,700 acres of young jack pine trees.

Careless trappers on May 7th caused a fire in Head Township, which burned over 2,280 acres, half of it young white pine.

The best way to fight forest fires is to prevent them.

MAKE THIS TEST

Have your crank case properly cleaned and refilled with the right grade of Imperial Polarine Motor Oils:

Then—check up on the way your car performs. You will immediately notice that your engine has more power; that it climbs hills more easily; that it runs more smoothly and quietly and that operating troubles occur less frequently.
