ROCK MILLS

March came in cold, so here's hoping it will go out like a lamb.

Several trucks were hauling in logs last week and it was the busiest week in the yard so far this winter.

Mr. and Mrs. Fred Partridge of Galt spent the week end at his parental home here, returning to Galt Monday afternoon.

Mr. and Mrs. Walter Russell visited recently with their daughter, Mrs. Wilfred Best, Flesheron.

Mr. M. Dobson and family and Miss Park spent Saturday visiting at Thornbury.

Mr. Ken Wickens of Feversham is in this vicinity buzzing wood for many of the farmes, and is doing good work.

Congratuations to Mr. Dick Clark, whose birthday was March 2nd. A few neighbors gathered at the Clark home to help Dick celebrate the happy event, and needless to say, everyone had fun. The evening was pleasantly spent playing crokinole and euchre, then everyone enjoyed some old-time square dances and waltzes to the splendid music supplied by the boys of the home, Bob and Bill Clark. At midnight a dainty lunch was served, the birthday cake centreing the table with its lighted candles, which Dick graciously blew out and cut and served the delicious cake. The guests stood around the table and sang heartily "Happy birthday to you," and "For he's a jolly good fellow," to which Dick made a nice reply. The guests then departed, feeling that they had spent one grand evening. All wished Dick many happy returns of the day.

CREAM

The tremendous demand for butter which was created during the war is still with us. As it now looks, there will be no interference with its market, as far as substitutes are concerned, Would it not, therefore, be wise on the part of the producer, to step up the production by adding to the dairy herd, and a little extra feeding and care. Good business on the part of the producer, and appreciated by the Canadian consumer.

Let us again stress the fact, that by stepping up the production, you are helping to keep the market for butter only — not for substitutes.

As usual — Highest Possible Price and Best Possible Service — continues to be our motto,

Extra Creamery Service

On account of the highways being bare, you can phone us and our truck will meet you at the highway to pick up your cream, eggs and poultry.

The creamery will be closed Saturday nights until further notice.

What's the Good of

UNEMPLOYMENT INSURANCE?

$87,500,000 was paid from the Unemployment Insurance fund to unemployed Canadians from September 1, 1945, to October 31, 1947.

$31,000,000 was contributed to this fund by the Government of Canada.

500,000 individual unemployed workers and their dependants benefitted from these payments.

In many cases had payments not been available the unemployed would have suffered want!

What's the good of Unemployment Insurance?—Can there be any doubt!

Unemployment Insurance helps the employer by providing unemployed with purchasing power; and helps the worker by providing maintenance allowances during unemployment. Employer and Employee and the Government all have an interest—Unemployment Insurance is a large factor in a healthy National Economy.
