There are several different features in the November issue of Rod and Gun in Canada, which combine to make it a particularly attractive number. The well known writer, Harry M. Moore, is at his best in "Sar' Ann," an interest-gripping tale, and there are other stories that are of high quality. Rod and Gun is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

The first meeting of the Presbyterian Guild was held on Tuesday evening of last week. Returns received to date by the Department of Finance indicate a very general acceptance of the proposals for the conversion of 1922 Victory Bonds into new bonds bearing 5½ per cent interest and running for a further period of five or ten years as desired. Many holders would like to take up considerably more of the new bonds than they have of the maturing issue, but this is not permitted as cash subscriptions are not being invited at this time. It is open, of course, for such persons to add to their holdings of 1922 bonds by purchasing them in the market or from holders who require the cash and then to surrender them for new bonds. It is known that this is being done.

The day was spent in organization and general business of the Association. There were about 25 representatives present from the papers of Grey and Bruce. IN MEMORIAM

In loving memory of our dear mother, Mrs. Richard Brackenbury, who died Sept. 25th, 1921.

One year has passed since that sad day
When one we loved was called away.
God took her nome, it was His will,
But in our hearts she liveth still.

One thoughts were of her in the past,
They still are hers to-day;
Love is rooted firm and fast,
Time cannot take away.

We think of her in silence,
Her name we oft recall,
But there is nothing left to answer
Except her photo on the wall.

Fall Fair This Week Big Exhibit Expected

Miss McPhail M. P. and Mr. George Leeson M. P. P. will open this year's East Grey Fall Fair at Flesherton this Friday afternoon, following the school children's parade to the ground at 1 o'clock. All the schools in the district are asked to take part in the parade and compete for the prizes. Secretary Hawken informs us that the prospects for a bumper fair this year were never better, as the entry list is very large now, both for the hall exhibits and live stock. The poultry exhibits will be large, as there were about eighty entries in the secretary's hands Monday noon.

The horse races this year are expected to exceed all races in former years, as fifteen horses have promised to come and a good day's racing program is expected. All that is needed now is a fine day and a big crowd to make the 1922 fair one of the best on record. The society has been badly hit the past two years by running into bad weather, but if the community turns out on Friday and attends the fair they will be in a good condition to make succeeding fairs outdo the one before it. Let us all help to make this fair a record breaker by attending. A good afternoon of sport is promised.

The concert in the evening at the high school is being given by the Harvey Lloyd Fun Co of Toronto, which is a distinguished company and consists of a Scotch and Irish national dancer, pianist and dramatic contralto, soprano, and Harvey Lloyd will hold up the comedian's end. Reserved seats at Richardson's drug store.

Vandeleur Anniversary And Church Opening

Anniversary service were held at Vandeleur on Sunday last with the Rev. Dr. Caldwell of Mt. Albert preaching at both services—afternoon and evening. It was also the occasion of the re opening of the church after it was tastefully decorated by the Ladies' Aid, the work being performed by H. Carrington of Flesherton. On Monday evening a supper and concert was given to help defray the cost of decorating and about $50 was realized The Vandeleur people certainly set up a fine table and everybody was amptly provided for in that line, or if they weren't it was their own fault, as there was lots there. The concert was given by talent from Vandeleur and vicinity and was most enjoyable to all. Rev. Mr. Bowes of Markdale delighted the gathering with his violin music. Those who also took part were Miss Myrtle Freeman, Miss Irene Wilson of Flesherton, Miss Verda Freeman of Markdale, Dr. Murray of Flesherton, Mrs. Richard Genoe, and Mrs. Frank Davis Rev. Bowe's and Dr. Caldwell gave addresses that were real witty, the latter reminiscing on events that occurred in Vandeleur during his pastorate there some fifteen years ago.

Missionary Convention

The annual Missionary Conference of the W.M.S of the northern part of the Orangeville Presbytery was held in the Presbyterian church, Flesherton, on Tuesday last, Sept. 19th. Unfortunately the three speakers who were expected did not arrive and at first the prospects of a successful conference were not assuring. Volunteers, however, came to the aid of the executive and saved the situation. Rev. F. G. Fowler gave an account of his missionary activities in the Northwest; Mrs. Cade of Proton Station gave a very effective address on Missionary work; Mrs. MacLean of Priceville contributed two solos which were rendered very effectively. There was an interesting discussion led by Mrs. Robert Parslow upon the problems of the local W.M.S. After the conference a dainty lunch was served in the basement of the church. There were large delegations from Priceville, Swinton Park, Proton and Eugenia.

Disastrous Fires The Past Week

Alex English's Barn Burned

Mr. Alex English of Rock Mills met with a serious loss on Sunday afternoon when his frame barn, containing all the season's crop, nine pigs, and some implements, was destroyed by fire. Mr. English had been out to church, leaving the rest of the family at home. Shortly after his return, while changing his clothes, his little daughter who was outside shouted fire. The blaze had then progressed so far that nothing could be saved. A large number of people from town went out by auto but were unable to render any assistance. The barn was a fine structure, 44x60 with modern equipment, and was insured for $1700, which will scarcely begin to cover the loss, as all the season's crop was in the barn. The cause of the fire is a mystery. Fortunately the wind was in the right direction to blow the fire away from the house or the disaster would have been much more serious. Mr. English desires us to thank the neighbors for their proffered assistance.

Barn Burned Near Proton

A mysterious fire occurred half a mile south of Proton Station on Friday afternoon last when the barn belonging to George Sherson was burned with all contents. Councillor Bacheler was threshing with his machine at the time of the fire and his separator was also consumed. The fire started very suddenly and the building was almost instantly such a mass of flame that some of the workmen had difficulty in escaping. There are conflicting stories of how the fire started, some claiming that it started in an outhouse in which there was a small gasoline sawing outfit. The barn was insured, but Mr. Sherson's loss will be heavy.

Orange Valley School Prey to Flames

The school house in Section No. 2 Artemesia (Orange Valley) was burned to the ground Monday morning of this week, just before school was called for the day. The fire was first noticed in an outbuilding attached to the school used as a woodshed, and was beyond control. The contents of the school including seating, were successfully removed. Miss Leslie of Markdale is the teacher in No. 2.

The Shame Of It

Of the late arrivals at the House of Refuge here all are men with big families, and well-to-do sons. As there is a law, at least in Ontario, compelling children, where able, to provide for their parents, we opine that the statutes are not being very diligently enforced, or we would hear of somebody being jerked up for this little neglect. All the gents at the Refuge have round shoulders and most of them have been bent out of shape trying to raise their families. To realize how these sacrifices for their offspring are in most cases, being repaid must make the old folks at the Refuge feel that they have raised a brood of ingrates and that somebody about their own particular size has been stung.—Walkerton Herald and Times.
