Car Turned Turtle

Albert Moore upset his Ford car in the flat near the cemetery on fair day. He does not know how it happened, but what happened was plain to anybody who saw the wreck—wheel smashed, top flattened out, wind-shield broken and a few minor casualties. Nobody was hurt. Moore says it happened so quickly that the first thing he knew was finding himself standing by Lizzie's side without a proper knowledge of north from south.

Big Exhibit In All Classes

Flesherton Fair Had Good Weather—Big Crowd In Attendance—16 Horses In Races

For at least once in its history Flesherton really enjoyed the smiles of Old Sol on its fair day last Friday. The whole week supplied a temperature very much like that of July, and the result on Friday was that a large number of people turned out to enjoy the day. The attendance exceeded that of many past years, and the number of entries—about 1300—was away ahead of other years. The hall was filled with a magnificent showing of roots, flowers, grain, seeds, etc., and the amount and variety in the ladies' department was a marvel to all who saw it. Never in our recolection of the past thirty years have the ladies taken such a deep interest, and practically demonstrated that interest, by bringing out in such profussion their clever handiwork. The fruit exhibit this year was especially fine, and nearly all was native to this immediate district and the Kimberley valley. The apple exhibit here was worthy of the big Canadian National, The poultry exhibit was also filled, all available space being taken. Mr. Henderson of Hamilton judged here, and we believe he was the best judge we have had here. He seemed to thoroughly understand all breeds of fowl without having to refer to the Standard of Perfection.

Horses and cattle were about as former years.

The school children's parade after dinner created considerable interest, some six schools taking part, headed by Flesherton band.

Flesherton band supplied music and for the chance they have had since reorganization did splendidly.

The fair was opened in the afternoon by the two Members, Agnes McPhail, M. P., and G. M. Leeson, M.P.P., who both gave short addresses.

We noticed Editors W Irwin (who, by the way, has fallen from grace by purchasing a new car a couple of weeks ago) and Bre'er Colgan, also a graceless devotie to motoring, having got his last spring. Large numbers were present who never attended the fair before, and all were enlogistic in their praises of the fair this year.

The result of the fair this year ought to put courage into the hearts of the directors one more, and cause them to "shove on the juice" next year. Their motto will now no doubt be, "Speed Up."

During the races a thrilling accident occurred in front of the judges' stand, which fortunately did not turn out seriously, but for the moment it was a hair-raiser. As the horses came up to the judges stand on the first round Redman locked wheels with Cacus Star, driven by H. Palmer of Dundalk. Palmer's car turned over and spilled him out. He was dragged several feet but finally got loose before he was hurt and the horse went on, making a full round and a half with the other horses without a driver staying with the track. It was a thrilling exhibition and was thrown ingratis.

The concert in the evening was very successful and very enjoyable as an entertainment. Mr. Wes. Buskin of Toronto occupied the chair with honor to himself. The order was exeellent.

The C. P. R. appears to be keeping an eye on the fall fairs this year. Mr. R. McKillop, Superintendent of the Bruce Division, graced the fair with his presence this year. We thought we saw a cupey doll in his pocket but are not sure. Anyway he was smiling and evidently enjoyed his visit.
