Presbyterian Church Notes

"I expect to pass through this world but once: any good thing therefore that I can do, or any kindness that I can show to any human being, or any word that I can speak for Jesus, let me do it now; let me not neglect nor defer it, for I shall not pass this way again."—WILLIAM PENN.

The annual Thankoffering of the Women's Missionary Society will be taken up next Sunday. This is an innovation, as in former years it has been held on a week day The ladies are looking for the largest collection for this worthy cause.

Prayer meeting in the Methodist church on Thursday evening at 8 o'clock subject, "Jesus, the Great Teacher."

A very successful Hallowe'en social evening was given by the Guild last Wednesday evening. The basement was tastefully decorated, and an excellent program of songs, recitations, games and contests was given by the young people, after which lunch was served. The basement was practically filled and all report a good time. The collection amounted to a little over $12.

The Guild this week is being taken by Mr. Bert Ross.

Methodist Church Notes

Service in the Methodist church on Sunday evening was taken by the Young People's Society and lantern slides were given on the story of "The Other Wise Man." The church was well filled and the pictures were received with great appreciation. The congregation also enjoyed a soprano solo by Miss Helen Sparks of Hamilton and a quartette by Mrs. Blackburn, Miss Sparks, Dr. Murray and Mr. Russell. Next Sunday Rev. Lowndes of Newmarket will preach both morning and evening.

The Methodist Ladies Aid will hold their annual bazaar in Clayton's Block on Saturday, Nov. 25th, when fancy articles, homemade baking, candy, etc., will be on sale. Articles may be left at Mr. W. A. Armstrong's residence on Friday or Saturday morning.

The Y. P. S. is disappointed on the moving pictures, which we be given on Monday evening next by Mr. A. A. Smith of Owen Sound on account of business preventing. It is to be hoped that Mr. Smith will be available next month. However a splendid evening will be spent on Tennyson's works. This will be a good instructive hour for young people as well as old and everybody are asked to attend.

William Barnett of Listowel was recently taxed $80 and costs on a charge of violating the game laws by trapping. It was his second offence.

W. H. THURSTON EDITOR

UNJUST JUSTICE

Our courts of law are formed with the object of meting out justice to both offender and offended, but judging by an instance which came under our notice recently there is still room for improvement, notwithstanding the flood of new legislation that is annually being ground out from our legislative mills.

The instance referred to was as follows: Two young men, who were employed on farms in this vicinity, were arrested on a charge of burglary and taken down to Brampton to stand trial. At the trial it was proved that these young men were not within thirty miles of the scene of the crime when it was committed and they were honorably acquitted. But that was not all. They were turned adrift without return fare. The court machinery could arrest them here, take them to Brampton and try them, but had no funds to help them back to their jobs 75 miles away and they had to "hoof it" or borrow, and stand the cost and loss themselves of a week's work. Is it right that respectable young men can be treated in this manner by a constable who imagines himself a Sherlock-Holmes but only measures up to an ordinary brain? The constable in this case thought the boys were guilty because they left town after being thrown out of employment. They should have been remunerated for lost time and a ticket, to return to the point where they were arrested, handed to them.

THE SPENDING MANIA

Mr. Biggs scheme for widening the highways is coming in for a lot of criticism at the hands of those who know what is being done. The utter uselessness of making roads of such width is the general plaint.

The Ohio Farmer says that such a huge bonded debt has been piled up in the State south of Lake Erie that half the gross revenue is absorbed in paying interest and sinking fund. The Farmers Sun proceeds to point out that:

"A good deal of Ohio's debt is due to a good roads program, which we have been copying in Ontario. If the brakes are not put on here our people will soon find themselves in the same position that the people of Ohio are in now."

NOTES

The United States Congress elected on Monday has a Democratic majority. The President of the U. S. is Republican. We wonder if this change will bring down the high tarriff erected by the Republicans the past two years?

Four years ago this coming Saturday the Great War was ended by the armistice and still it has not been decided which country won the war. It looks, though, as if Germany is winning the present war on the indemnity question which is taking so long to decide, as the next payment has been deferred for one year.

Joe Clark of the Toronto Star is reported to have referred to golf as a recreation. This causes the Orillia Packet to rise to remark that its thought was that golf was a disease. Harry Wynes being appealed to votes with the Packet, leaving the Toronto journalist in the minority.

A few weeks ago we mentioned about having better lighting for the main corner in town and we again draw the matter to the attention of the Council. Either two more lamps could be erected on the poles at the sides of the square or a large light with heavy candlepower be erected over the centre of the square to give a direct light where it is needed. The council should look into this as the lighting on the corner is inadequate.

Grey Lodge In Owen Sound

About forty members of the Grey Masonic Lodge of Toronto, which is made up of old Grey County boys, were the guests of the Owen Sound Lodge on Thanksgiving Day. Those formerly of Flesherton were:—Robt. Meads, Dr. Fred Murray, C. Crossley, and R. H. Fawcett. Messrs. C. Bellamy, Master of Flesherton Lodge and T. Clayton were the visiting members from Flesherton. A banquet was given in the evening.

AUTOMOBILES and FARM IMPLEMENTS

FALL DRIVING

With the approach of the cool days of autumn you should look carefully over your car and see that everything is ship-shape. Examine your tires, your cooling system and your clutch and brakes. You do not want to have road trouble at this time of the year.

Have your crank case drained out flushed with kerosene, and a light body oil put in. The summer oil is too heavy and is liable to result in burned out bearings and scored cylinder walls.

Watch your Battery

If it is not kept well chargep, it is liable ty freeze when old Jack Frost comes for a visit. It would be best to test is once a week and add distilled water.

Drain Your Radiator

each night. It sometimes happens that a cold snap finds us unprepared and such unpreparedness will cost money.

A SUGGESTION

Allow us to go over your car for you, find out any little troubles and fix them now. Maybe there are some bigger troubles developing now that may lay you up later if not attended to. We can advise you as to these and take your car in later when it will not inconvience you.
