Porridge

when it's cooked by live steam in an SMP Savoy Cooker is better for you and tastes better, too! The inner boiler is pierced with little holes around the top, through which the steam penetrates. The live steam does the cooking. No need for stirring. No scorching. No trouble to clean, as there is no burnt or dried meal to scrape off. The Savoy Cooker is one of the most useful utensils made. Ask for

Try these dishes in this fine pot: oatmeal porridge, steamed rice, steamed oysters, corn, cauliflower, veal, chicken ragout, mushrooms, scrambled eggs, and a host of others.

A GRADED LICENSE

The Durham Review points out the injustice of making automobile owners, who can only use their cars a few months of the year, pay as much for a license as the man who can use it for the whole twelve months, and suggests that the fee drop a dollar a month for the first four months of the year at least, or a tax on gasoline. This is certainly along the right line. The latter suggestion, however, would not be satisfactory, because gasoline is extensively used by others than car owners. The graded scale would be the proper thing and is quite practicable. The Department of Highways already recognizes the principal by cutting the price in two for a few months at the tail end of the year. A grading as suggested is the correct thing, and a reform along this line should be granted.

MRS. MALAPROP

A local exchange announces in a display heading, "Shrapnel successfully distracted." Now what kind of a sergical operation could that have been? We can understand a man being distracted while carrying around a dose of shrapnel, especially if it was of the bootleg brand, but for an ordinary inanimate piece of metal shrapnel to brcome distraeted is a new one on us. Our "devil" declares that "extracted" was meant, but—we don't know. perhapt she poor editor had distraction of the brain when he wrote out the headings.

THAT IS OUR AIM

A friend of ours in one of the Departments at Ottawa writes: "I think you are improving your journal right along. It is one of the newsiest papers that comes under my eye."

EDITORIAL NOTES

We wish to thank those who responds to our subscription notices and their promptness in replying is appreciated. There is still some seven hundred dollars owing us from those who have not responded. Think of it! And we need the money.

o o o o

The Earl of Carnarvon, discoverer of the tomb of Tutankhamen, died in Egypt the result of a bite from an insect. Rumor has it that the insect was the spirit of King Tut asking vengeance for the disturbance of an Egyptian King. This will be a good argument for a spiritualist.

The Cash System in stores was tried out in Flesherton a few years ago, but was not adhered to to the letter and so it fell through. By having a cash system a lot of expense would be eliminated and cheaper goods would be the result. One item of expense to be set aside would be the sending out of statements of accounts every few months. A few weeks ago we sent out several hundred dollars' worth of subscription accounts, at a cost of three dollars for postage alone, each one not a large amount, but the aggregate loomed large to us. If a little more thought was entertained by subscribers renewing every year a big expense account would be kept down for this office If you, dear reader, received one of our accounts please attend to it at once and send us the money. It will be a relief to you to know your subscription is dated ahead and a relief to us to have the money. We need quite a large sum within the next month or so.

o o o o

In a letter to the Durham Chronicle of last issue a writer who signs himself "Another old Grit U.F.O." says that he voted against the Conservative government in the election of 1919, and further states he was sincere about it and hoped that better conditions on the farm would be the result, He was badly disappointed by the result and says that never again will he vote that way. We wonder if there would have been any difference in conditions if any other "party" had been in power the past few years. Of course Biggs has spent immense sums on road building and made taxes higher but that has nothing to do with the prices the farmer has received. Just what is at the bottom of the low prices seems to be a conundrum which is unsolvable and dissatisfaction still reigns.

What Is our Answer?

Evangeline Booth in Cleveland was interviewed by a reporter who asked. "Do you think the world is getting better?" With keen and ready wit she flashed back the answer, "Well, I'm doing all I can do to make it better. What are you doing?" The Presbyterian Witness says: "pass the question along for it's not a question for newspaper reporters alone, nor preachers, nor lay readers in our churches. It is a question pertinent to every person as he faces the stern reality of life."

The Value of Advertising

Farmers are the least appreciative of the value of advertising of any producers. Whenever a paper is consulted, column after column of advertisements will be found. Some of the most widely-read city dailies place this section on the front page. Advertising pays.

But farmers never tell what they have for sale. Quite frequently neighbors require what others have a surplus of.

Right now several inquiries have been received at the Department offices at Markdale for Seed Barley, Oats, Mammoth Clover, Home Grown Alfalfa, etc. Advice cannot be given where these can be secured. Have you any for sale?

The lack of advertising is seen in the selling of exports. Every nation has stencils attached to all their exports showing the place from which the material originated. Canada has largely forgotten such action, consequently her products are not so well known because not advertising.

Sun Maid Raisins and Sun-Kist Oranges are known all over the world because the farmers of California advertise. Why is it Canadian farmers will not tell the good qualities of their produce through the newspapers?

Ball Club Annual Meeting

The annual meeting of the Flesherton Baseball Club will be held at the office of S. E deCudmore on Thursday evening of this week at 7 o'clock p.m. sharp. Let everybody who is interested in the welfare of the club attend and help things along. Some important business has to be transacted and a full attendance is requested. A special invitation is extended to members of the Ceylon club.

Division Court Was Held

At the Division Court held here on Friday last a Dundalk merchant had seven cases against him from wholesale houses aggregating several hundred dollars. He did not appear to defend them. Although a large number of cases were heard they did not take up much time and the hearing was completed in the forenoon.
