Mrs. Bell Died In California

Mr Henry Williams received word the past week from Miss Marion Bell of Los Angeles, California, that her mother, Mrs James Bell, had passed on from this world on March 5th. Mrs Bell has been a patient sufferer for years from spinal trouble, and although better at times, she has been afflicted for a number of years. Though of a reserved nature, Mrs Bell was a kind, good neighbor, and dearly loved by all who knew her. Mrs Bell came with her husband a number of years ago and settled on the farm now occupied by Mr Charles Turner, where her husband died, after which she disposed of the farm to Mr Turner and moved into this village, where she resided until some 12 or 13 years ago, when she went to live with her daughter, Marion, at Winnipeg, and later to Los Angeles, where she died. Mrs Bell was a faithful member of the Presbyterian church and though away for so many years her contribution was always enjoyed when there was any special expense to meet, and her demise will be mourned by many warm friends here at Eugenia. Her memory will be cherished by those who knew and loved her best. She leaves to mourn her loss one daughter, Marion, of Los Angeles, and to whom our deepest sympathy is extended in the loss of a devoted mother. There were two sons—Will, who predeceased his mother some years ago, and Robert, who made the supreme sacrifice in the great war.

Winter still hangs on and though April is more than half gone sleighs have been running this week. Here's hoping we may get a pleasant surprise some day soon and wake up to enjoy a really warm sunshiny day.

[Part of Eugenia could not be put in type this week but will appear next—Ed. Advance.]

Social Service Worker

In the Sociel Events in the Globe of recent date it was stated that Miss Jean Wright, our energetic schoolmarm, was one of the guests at the Red Cross Reception held in the Social Service building. Miss Wright attended some of the meetings of the National Council of Education while in Toronto during Easter week and had the pleasure of listening to addresses given by Sir Baden and Lady Powell. Sir Michael Sadler is one of the directors of the Red Cross. Miss Wright is getting in some fine work here at the school.

Former Eugenia Girl

The sad news of the death in Toronto of Jessie Armstrong, daughter of Mrs. Wallace Armstrong, was received here the past week with regret. Jessie spent her school days here, going with her mother to Toronto several years ago who has the deepest sympathy of the community in her great loss.

Ray Genoe, Edwin Purvis and Kenneth Large have taken positions in the city.

We are pleased to see so many of those who were on the sick list able to be out again—Marjory Park, Mrs Parliament and Douglas Morgan.

Mrs Adam Smith attended the funeral of her friend, Mrs Duncan, at Flesherton last Tuesday. Mrs Duncan was a sister of Mr Charles Turner of this place, and lived here for a number of years in her early married life and was highly respected by all those with whom she came in contact. The news of her death came as a shock to the community Our deepest sympathy is extended to the bereaved friends and family in their sorrow.

Reforestation

At the June session of the Grey County Council the matter of county reforestation is to be considered more seriously. The special reforestation committee with Deputy Reeve G. A. Bothwell of Sydenham as its chairman, will have a concrete proposition to place before the council at that time.

Last Saturday Mr. Bothwell, Mr. Jas. E. Kennan, chairman of the reforestation committee of the Owen sound Board of trade, Mr. Arthur H. Richardson of the Ontario Department of Lands and Forests, and Mr. T. Stewart Cooper, agricultural representative for Grey County, held a conference at Owen Sound. All four men were most enthusiastic in the matter,

Mr. Richardson told of three plans for reforestation: One by individual farmers, one of township councils, and one by county councils. Speaking of the latter, Mr. Richardson described the work which had been done in Simcoe county. In that county, there is a large amount of land suitable for the work, and the council secured a piece of land 1,000 acres in area in one block. This was turned over to the department and last Spring the work of planting began. A foreman was put in charge of the work. He lives in a house at the reforestation area. It is expected that the whole 1,000 acres will be planted in five years. Last year 60 acres were planted and it is hoped that 200 will be planted this year. Scotch, Norway and White Pine seedlings, one foot high, are secured from the government nurseries at St. William, Norfolk county. This nursery turned out fourteen million trees last year. The cost of planting the trees varies from ten to fifteen dollars per acre.

A complete report on the matter, with suggestions for action, is to be presented by the county council committee.—Owen Sound Sun-Times.
