PROPOSED RAILWAY CHANGE.—THE LINDSAY WARDER suggests a radical change in the train service on the Midland Railway, which would, it is claimed, directly benefit Campbellford, Hastings, Reness and other places on the Grand Junction, and Reness on the Midland, while Port Hope, Belleville, Lindsay and Peterboro might be equally as well served. Briefly the WARDER's proposal is to have all through trains run from Belleville to Toronto, instead of from Port Hope, the latter place to be connected by a local service. This WARDER says the new arrangement would result in increased traffic to the road.—Peterboro Examiner.

CAPT. ISAAC PRESTON, one of the pioneers of Lindsay, with Mrs. Preston will leave for B. C. on Thursday next. There several of the family reside, so the old loyalist will pass the remainder of his days on the balmey Pacific slope. In leaving Lindsay, Capt. Preston leaves away the good wishes of all. His example has ever been for the right and the true. The loyal training he received in his youth for his father was one of Wellington's "Peninsular War" and Waterloo veterans—coupled with the active part the Captain, a young man at the time, took in the rebellion of 1837, where he greatly distinguished himself in the battle of "Windmill Point" Prescott, has all been transmitted to the loyal community of Lindsay. Capt. Preston's example will be felt for generations that old township.

SCHOOL SECTION No. 2, Ops.—The election of trustees in the above section was held yesterday, and resulted in the return of Mr. John Hartley, a staunch farmer of the district. The Roman Catholics who recently withdrew to join the separate school were thrown out. The protestants have taken a very decided stand and mean to tolerate no more Roman intolerance or imperiousness. The meeting was a very strong one, and almost resulted in a free fight. Indeed several Romanists did knock one young man down in a crowd, but quickly retreated before the stalwart teacher Mr. Southard. Messrs. Staples, Southard, Hutchinson, Brown, Hugh Caradocides, Logie Brothers, Griffin, the Hartley boys and many others were ready in force in case of emergency; but were not needed. It is the intention of the trustees to present all those who disturbed the meeting.

THE UNLUCKY THIRTEEN.—Who is to die within the year.—Last Tuesday a deputation of Lindsay Board of Trade, Town Council, and County Council, went to Toronto to interview Attorney General Mowat, to present the claims and advantages of the proposed extension of the Haliburton railway to Lindsay. There they were met by Mr. E. R. Elliot of Toronto Board of Trade, and Messrs. J. Fell, M.P.P., and John S. Cruess, M.P.P. Mr. Wragge entertained the party at dinner, at the Queen's Hotel. There sat down Messrs. E. R. Elliot, John D. Brown, Deacon, R. B. Elliot, J. R. Dundas, Sam Hughes, Thos. Matchett, T. H. McQuade, Robt. Smyth, Dr. Herriman, W. Macdonald, John Fell, and John Cruess. The "unlucky" number was noted as being thirteen. The party saved for the paler overreaching the face of one of the darky waters, the superstition was unheeded. However, should one or more of the "boys" constituting the party, drop out within a twelve month, no one should say but that the dinner might have ought to do with it for it was of the very best. That party consider the number "13" a very lucky one.

BRITONS STILL.—The following letter received from a subscriber over the lines, speaks for itself and needs no comment from us:—

DEAR SIR, March 12th, 1890.

WARDER OFFICE.—DEAR SIR.—Would you kindly change the address of the paper sent to me. I do not want to miss one. The news contained in your paper is more entertaining than any paper I read. I came to this country at the age of thirteen years ago, and yet I am a British subject. I consider the old Union Jack can't be beat.

THE COUNCIL on Monday evening were level headed, which as a rule they generally are, "anything said to the contrary notwithstanding," in passing the motion to purchase 500 feet of the Paragon hose from the Toronto rubber company. It is not likely the motion would have been passed with so little opposition, had the council not been aware of the superior quality of the hose manufactured by this company, of which they have practical proof from the purchase made some seven years ago, from the company, which has given every satisfaction. Capt. Evans of Omecece, is agent for the company in this district.

AN LUNCHEON of Messrs. of the graduates and under graduates, and friends of the Toronto University, was held last Friday night in town to discuss means of assisting in restoring the library destroyed in the great fire. There were present Messrs. W. S. Milner, E. A. Hardy, W. H. Stevens, Sam Hughes, H. McLaughlin, R. J. Matchett, A. Bowman and others. A committee was organized with Mr. Milner, chairman; Mr. Hardy, secretary; and Mr. Stevens, treasurer. A beginning was made on subscriptions. Those desirous of assisting in the good work will confer a favor by consulting or writing to Messrs. Milner or Hardy. The cause is a deserving one.

THE ANNUAL MEETING of the Cambridge street Methodist congregation was held on Tuesday evening last. The Rev. Dr. Williams presided. F. C. Taylor, Esq., Sec. Treas., presented the financial report. Receipts from all sources amounted to \$2035.88. The debt had been reduced to \$250, from proceeds of ordinary income. Contributions to connexional funds amounted to \$812.05 being considerably in excess of the previous year. The adoption of the report was moved by F. C. Taylor, Esq., seconded by J. R. Dundas, Esq., and unanimously carried. Votes of thanks were also carried to the Sec. Treas., new steward, and the ladies auxiliary society. The pastor reported a very encouraging increase in the membership of the church.

Y.M.C.A.—Young men are cordially invited to hear Rev. Mr. Johnston next Sunday at 4.15, in the Y.M.C.A. rooms. Mr. Johnston will speak on the work of the Holy Spirit. Last Sunday Rev. Dr. Williams addressed a large audience of young men in the Y.M.C.A. rooms. Another audience listened to him on Tuesday evening. Dr. Williams spoke in his usual forcible manner, and his addresses on both occasions were listened to by the young men with great interest and appreciation. Tuesday evening "talks" this far the talks given in the Y.M.C.A. have been interesting and instructive to the young men and large numbers have been present. Next Tuesday evening Mr. D. J. McIntyre will give a talk on "For the Love of the World." Young men in general have little opportunity of acquiring themselves with this subject which is certainly desirable to be conversant with, therefore, every young man is most cordially invited to be present and profit by this talk. A good musical programme has also been provided. The Y.M.C.A. takes this means of thanking Mr. M. H. McLaughlin for the gift of 3 volumes of the library, "Doubt and Sin," "Health in the House," and "Bible of Canada." Many friends might follow Mr. McLaughlin's example and find on their shelves and tables many useful books which do good service by placing them in the Association library where young men could avail themselves of their reading. Wants.—The association wants a chess board and men, an organ stool, more books for the library, friends of the work to tell every young man of our young men's Sunday meeting at 4.15.

Mr. John Fowler of Sumner, Gratiot Co., Mich., has been home visiting his parents, the worthy pioneer couple, Mr. and Mrs. Samuel Fowler of Eiden, Mariposa. Miss Fowler returned after a prolonged visit to Michigan.

"Ayer's Medicines have been satisfactory to me throughout my practice, especially Ayer's Cherry Pectoral, which has been used by many of my patients, one of whom save he knows it saved his life."—F. L. Morris, M. D., Brockton, N. Y.—22.

Mr. Joseph Greer of Fenelon, east of the river, has moved into town and taken up his residence on William street north. The many friends of this family will learn with regret that Mrs. Greer is very unwell, but strong hopes of recovery are entertained.

That tired, deliberate feeling, so peculiar to Spring, indicates depraved blood. Now is the time to prove the beneficial effects of Ayer's Sarsaparilla. It cleanses the system, restores physical energy, and infuses new life and vigor into every fibre of the body.—22.

Messrs. Harry Ferguson, road superintendent from Whitby to Haliburton of C. T. Ry., and assistant chief engineer Hay of the Midland Division, last Tuesday, inspected the bridge connecting Sengon Island and Cartwright, to which the Grand Trunk had contributed a considerable sum of money.

It is hoped the License Commissioners will not so far prostitute their office as to issue a license to any saloon on Kent street. This town has no use for such a place. Bowmanville has only one licensed hotel up town and one at the station. Other towns have many less than Lindsay. Above all things keep out the saloon.

Nature has lavishly provided cures for all the diseases flesh is heir to, but the proper preparation of many of them has not yet been discovered. Our market remains firm and few sales. Roads very bad and business quiet. Purves, at prices equal to any surrounding village or town.
