Mrs. J. Latimer Passes Away In Toronto

Mrs Latimer, whose death was announced last week, had been in failing health for the past few months and had gone to the city to receive medical treatment, when pneumonia was contracted and after a few hours' illness she passed away to the great beyond. The remains were brought home on Tuesday evening train, the funeral taking place from her late home on Wednesday afternoon to Salem cemetery, when a large number of friends and neighbors were present to pay their last respects to one who has always been a friend in need, a good neighbor. Mrs Latimer was a consistent member of the Methodist church and since union here has always attended service when health would permit. Rev Fowler took charge of the service both at house and grave, speaking very impressively. Besides her husband there are left to mourn the loss of a devoted mother, Mrs Frizell (Clara) of Bognor, Wesley of Barrie and Pearl at home There are also three brothers and five sisters surviving. Mrs Latimer's maiden name was Sophronia Saunders. The pall bearers were Messrs Frizell, Olmstead, Sutherland, McLaughlin, Hamill and Saunders.

The floral tributes were beautiful indeed, being a cross from the family, a wreath from brothers and sisters, wreath from Flesherton high school teachers and pupils, wreath from the community, spray from Clara, spray from Mrs Jamieson and daughter, spray from Mr J H Jamieson, spray from Mrs Munshaw and Mrs Large. Those attending the funeral from a distance were: Mrs J H Jamieson, Toronto: Mr and Mrs Frizell, Bognor; Mr and Mrs Dunlop, Griersville; Mr and Mrs Alex Johnson and Mr Petch, Griersville: S Saunders, brother, and her sisters and their husbands; Mr and Mrs Olmstead, Walters Falls; Mr and Mrs Hamill, Mr and Mrs McLaughlin, Mr and Mrs W Sutherland.

Farewell To Pastor

On Wednesday of last week after the regular prayer meeting the congregation of the Presbyterian church spent a social time together previous to their pastor's removal from among us. During the course of the evening Mr and Mrs Fowler were presented with a nicely framed address accompanied by a purse. On Sunday morning the church was filled, when the last of many profitable messages was given by the pastor, whose place will truly be hard to fill and whose removal has caused a great void in the hearts of not only the immediate members of the congregation but the community as a whole.

Henry Williams, Thos McKee, Alex Carruthers and Alex Cameron will accompany Mr Fowler to Presbytery this Tuesday, when Mr Cameron will present a letter in connection with Mr Fowler's work while here, signed by members and adherents of the church, and which will go to show in a small way our appreciation of services rendered by the pastor and good work well done. It is the wish of everyone that at some later date we may be able to have Mr Fowler with us again, and as he leaves he carries with him the best wishes of the entire community for success in whatever line of work he undertakes

Overdoing Taxation

(From the Ottawa Journal)

Manitoba has introduced a provincial income tax. It provides for a tax ranging from one per cent. on taxable incomes of $1,000 to seven per cent. on incomes of $13,000 and over. Thus, the citizens of Manitoba pays an income tax to the Dominion, another to the municipality, and still another to the province. In addition he pays a sales tax, a tariff tax, excise taxes, stamp taxes, cheque taxes, and a tax on receipts.

The question arises, where is all this taxation going to end? Not all the provinces have income taxes; but what guarantee is there that they will not resort to them? None whatever. On the contrary, the era of squandermania would seem to make it imperative that heavier taxes are to come. As it is, taxation in Canada is as heavy as in any country in the world. Statistics show Britain's taxation to be heavier per capita. But the British figures lump local taxation with national taxation, while Canadian figures cover the federal levy alone. If municipal and provincial tolls were included, we venture the assertion that they would reveal the Canadian citizens carrying as heavy a burden as his Brother brother.

Something has got to be done. Otherwise this country will become so paralyzed by tazation that capital will flee from it as from a plague, industry will wither, immigration will fall off, and the Dominion's prosperity will be retarded for generations to come.

PORTLAW

Too Late Last Week

Mr J H Watson received lately the sad news from Deseronto of the death of his eldest brother, Mr James E Watson, and attended the funeral, which took place a week ago Sunday. The deceased was born in Vaughan township and came with his parents when two years of age to this neighborhood, where he grew to manhood and continued to reside for a number of years. He afterwards engaged in shoemaking at Deseronto where he conducted a business. In early life he responded to the call of a higher life and united with the Baptist church of which he was a faithful member. His wife and a family of four, and besides his brother here, his brother William, of the West, and a sister, Mrs Beattie of Osprey, survive. To all the relatives we extend sincere sympathy.

Mrs Robert Hill continues in a weak state. A trained nurse is in attendance and all hope for a speedy recovery.

Mrs David Jamieson and two children left to join her husband in their new home in Toronto last week.

Mr Thomas Fletcher bought last week from Mr Richard Allen 29 head of young cattle.

Mrs J W Bates of Toronto is visiting with her mother here.

Rev Mr Wakefield conducted service in the morning and evening last Sunday preaching two able sermons. After the evening service a number of appointments were made to the Trustee Board and the Sunday school was reorganized with Mrs Thomas Taylor again as Superintendent and the same teachers and officers as last term.

Dept. Of Agriculture

The Department of Agriculture, Markdale, has just received the following communication from the Industrial and Development Council of Canadian Meat Packers;—"As a matter of much urgancy this Council has to issue a special warning to farmers to have all their male lambs intended for market docked and castrated this spring without fail. The conditions described developed recently with great rapidity."

For the past two years the Provincial Department of Agriculture, Markdale, in connection with the Dominion Department of Agriculture, Ottawa, have been insisting upon farmers to castrate their lambs. The necessity has arisen because of the decreasing demands for Canadian lamb on Canadian markets due to indifferent quality of this meat which was sold. Sheep raisers who have the welfare of their industry at heart will recognize in the request the first murmurings for the sale of mutton on the graded basis we would therefore in sounding this warning make an appeal to all the farmers to get busy and have all lambs properly looked after this spring. In your own interest we believe it would pay you financially every time.

Regarding the marketing of these lambs which are properly looked after the Department of Agriculture, Markdale, will undertake to have special Salesmen on the Toronto Stock Yards for their carload or part of carload which are shipped to Toronto. We are here to help you in all matters pertaining to this kind. We would request earnestly that you make use of that available service, which is rendered free of charge.

The Wool Market

The following is a clipping from the Canadian farmer. It is worth reading. "The wool market has taken a decided upward swing of late and prospects appear brighter than has been the case for the past several years. This Advanced price is all the more gratifying when an analysis of the situation shows that the demand is in no way ficticious but is the result of the age old law of supply and demand. The position of the wool market today is sound, prices are far advanced from the depressed law of the past few years and considerably better than the ruling prices just prior to the World War in 1914. Consumption is ahead of production and as long as that situation remains true, the market for wool continues to the good."

Two Georgetown auto owners were summoned to court recently for using 1922 markers.
