A remarkable feature of the spring weather this year is the fact that we have not had a single thunder storm to liven things. Uncle Josh in his joshing way suggests that possibly the radio fans are using up all the surplus electricity.

Owing to indisposition the pastor of the Methodist church, Rev. Mr. Oke, was unable to attend to his usual duties on Sunday, and Mr. A. M. Bunt of Owen Sound did his work on this circuit, and did it very acceptably.

Our village fathers are discussing oiling of the streets. The cost would amount to something like $400 It looks like a big expenditure for a small town, but the elimination of dust would certainly be something that householders would be grateful for and willing to pay for.

A social evening was held at the Y.P.S in the Methodist church on Monday evening when the Inistioge League visited here and entertained. The program furnished was excellent and at the close the lunch which was served was delicious.

Ye editor and family spent Saturday in Meaford, and found the Georgian Bay full of ice as far as the eye could reach, which explains the cold feeling in the air which we have experienced recently. The ice is broken but there are vast fields of it still remaining.

There must be something of a charm in the James White farm opposite the station at Saugeen Junction. This farm has changed hands three times within the past three weeks. Jos. Watson was the first purchaser, R. Watson the second and W. Halliday of Riverview the third. The latter has now moved to the place and will likely hold it down for good.

O. member in the House the past four years, has again been chosen the Farmer candidate.

The Liberal Conservative convention for South Grey will meet in Durham on Friday afternoon of this week. Of course we cannot tell for a certainty just what will be done but we can wager a guess that Dr. Jamieson will be obliged to enter the ring again. We understand that he has received strong encouragement and an insistent request from all parts of the riding that he should again bear the Conservative banner.

The milk supplied is pasteurized, and if not paid for by the pupils the Women's Institute pays the bill. Ten pupils were weighed on March 1, and again after having been drinking the milk for five weeks The average gain per boy during that time was two pounds, and per girl one and one-fifth pounds. W. I. Had Most Successful Year

Raised $967.00 And Expended $786.77 Mainly For The Memorial Park —Election Of Officers

The Flesherton branch of the Women's Institute held their annual election of officers on Wednesday of last week at the home of Mrs. W. I. Henry, when the following officers were appointed for the coming year:—Pres. Mrs. R. Best 1st vice Pres. Mrs. O. W. Phillips; 2nd vice Pres., Mrs. W. I. Henry; Sec-Treas., Mrs. Fisher; District Director, Mrs. Henry; Delegate to Dist. meeting, Mrs. W. Moore; Pianist, Mrs. Miller; Auditors, Mrs. Hicklingand Mrs. W. H. Thurston.

In the year just closed nearly $1000 was taken in for the use of the Institute, the expenditure was $786.77 and the balance on hand is $180.23. Of the amt. expended most was used improving the Memorial Park which was promoted by the W. I. from the commencement, supported by the town. There is a cook house and tables for picnic parties and it is free to anybody who wishes to make use of the equipment, the travelling fraternity being specially welcome.

The opening of the Park took place in June of last year under the leadership of the Pres., Mrs. O. W. Phillips, and the Sec., Mrs. W. I. Henry, and can be said to have been a decided success. It was a big undertaking for the ladies to take into their own hands, but they have persevered and now the grounds are in good condition. This year they expect to have a pavilion erected and the grounds further improved.
