Hydro Will Appeal

"It was intimated yesterday that the Hydro electric Power Commission would appeal from the decision of Mr. Justice Ross that the Hydro Commission Act does not give the Commission rights of way upon the highways for the pole lines. His Lordship dismissed a case at Owen Sound wherein the Hydro-electric Power Commission asked $2,300 damages from the county of Grey for injuries done the commission's poles owing to road work undertaken by the county. Policed To Death

"We are in danger and being policed to death as well as taxed to death in this country. The North West Mounted Police originally designed for the pole purpose of enforcing law and order in the then unorganized territory beyond the Great Lakes, have lately had their field of operations extended to Eastern Canada as well. Meantime several Provinces, including those of the West, have organized Provincial police forces of their own. Thus we have, at least in considerable sections of Canada, three different peace forces—Federal, Provincial and Municipal—each one of which is responsible to a different authority. Aside from the needless cost involved in such a multiplication of law enforcing machinery, there is also a certainty of a conflict in jurisdiction arising at times. We have, in fact, already witnessed something of such conflict at Peterboro where unpleasant incidents between Provincial and Municipal police have occurred. In the Western Provinces incidents of like nature have arisen as between Dominion and Provincial forces," says the Farmers Sun and we can quite agree with our contemporary that we are being policed to death. There is absolutely no excuse for maintaining the horde of provincial police in the country districts. The Canadian farmers are a law abiding class and the municipalities are quite capable of taking care of their own people. Many petty cases are brought into court through the meddlesomeness of the police that would be better for all concerned to be left alone.—Collingwood Enterprise.

The horses were got out of the stable with difficulty but very little of the household goods were saved. Mr and Mrs Irwin had no insurance on the contents, while the building was owned by Dr Thurston. The church and shed were both on fire but were extinguished before serious damage was done.

The play, "Joshiah's Brother," was good, and the parts were well taken. The games of base ball by Heathcote and Kimberley, junior League game, score 16 6 in Heathcote's favor. Basket ball, Rocklyn and Kimberley, resulted in a win for the home team. The most exciting game of the day was played by Kimberley married and single men in a game of football, making almost a tie, the single men getting one goal.
