Private...
7,551,058* bank accounts

YOU TAKE for granted that your bank keeps your account private . . . even though yours is one of more than seven million deposit accounts in Canada's 3,385 branch banks.

When you put money in, take it out, arrange a loan—transact any of your banking business—nobody need know about it but you and your bank.

It's the most confidential business relationship you have.

Canada's ten chartered banks compete to serve you, in handling your cheques, lending money, safeguarding your funds—and in many other ways. You know you can always expect privacy and efficiency.

*As of September 30, 1948.

State monopoly of banks would wipe out competition and would open your bank account to the eye of the state official.
