A HAND ON YOUR SHOULDER

When a man aint got a cent,
And he's feeling kind of blue,
And the clouds hang dark and heavy
An' wont let the sunshine through
It's a great thing, O my brethren,
For a fellow to lay
A hand upon your shoulder
In a friendly sort o' way.

It makes a man feel curious.
It makes the tear drops start,
An' makes you sort o' flutter
In the regions of your heart!
You can look up and meet his eyes;
You don't know what to say,
When his hand is on your shoulder
In a friendly sort of way.

Oh, the world's a curious compound
With its honey and its gall,
With its cares and bitter croses,
But a good world after all.
An' a good God must have made it,
Leastways, that is what I say,
When a hand is on my shoulder
In a friendly sort of way.

County Bridge Work

The County Good Roads Committee of the County of Grey have recently let several important contracts in conprogram on the County Roads for the this year. Among the most important are the contracts for the construction of the "Hemlock" bridge on the 1th concesion of the Township of Colingwood. The contract for the steel work had been awarded to the Corbet Foundry and Machine Co., contract goes to Bryson, Irwin & Proctor of Wiarton at $5,800.

There are a number of other bridges to be constructed in the south of the country and the contract for the cement work on four of these has been let to the same Wiarton firm as has the Hemlock bridge contract. Work on these bridges will be pushed rapidly.

HAROLD BOWERS HAD RIGHT LEG BROKEN

Car Hit Motorcycle On Road At Eugenia On Sunday

A young man named Harold Bowers, who worked for Mr. Nat Caswell near town, was out at Eugenia on his motorcycle on Sunday when he suffered an accident that will lay him up for the summer.

Bowers attempted to cross the street in front of a car driven by Mr. R. H. Koch of Durham and struck the car head on. The motorcycle was badly smashed and Bowers suffered a compound comminuted fracture of the right leg half way between knee and ankle. He was taken to Levi Duckett's residence and Dr. Bibdy of Flesherton summoned who, with the assistance of Nurse Graham, set the badly damaged bone. The sufferer was taken to Owen Sound hospital on Monday noon train. The young man has no relatives to look after him.

CHARGE WAS NOT PROVED

Jacob Williaams and Sandy Hoy of Eugenia were up before the Magistrate here on Thursday last, charged with having been intoxicated at the celebration in Flesherton on July 12th. No one could be found, however, who would coroborate the charge. In fact the witnesses relied on to secure a conviction declared that both gentlemen were sober, so the case was dismissed.

THOSE WIDER ROADS

About 500 miles of highway, located chiefly in the northen and western parts of old Ontario, are affected by the decision of Hon. G. S. Henry, Minister of Highways, to suspend the work of widening to 86 feet, pending a survey. Approximately 1,200 miles of highway had been widened under the old Government, the land for the most part being secured from owners at the cost of a new wire fence along the section from which the ten feet had been taken.

The work of widening the highways from 66 to 86 feet, condemned by the present Government because of the cost, was undertaken for several reasons, according to departmental statements, the chief of which was to preserve the trees along the road from destruction and mutilation in telegraph and telephone wiring. Another justification which the old Government advanced for the work of widening was that it lessened the expense of keeping the highways reasonably clear of snow. Still another reason was the need in many places for footpaths.

NOT WORTH A HAT

The following is a quotation from a speech delivered by the Hon. E. C. Drury, before a horticultural society.

"Horticulture has had its ups and downs, and we need not suppose that everyone grows a basket of fruit or a bunch of flowers is an angel, because they are not. And we need not suppose either that they lack their troubles. I had very great disapointment in the growing of a melon. I have a very good friend in the House up here who is none the less a good friend because he is a political opponent. He also has failed in growing a melon.. The gentleman is W. F. Nickle, of Kingston. A year ago he sent me one of the finest melons that I ever saw or tasted. When I saw him, I thanked him for it and congratulated him as to the quality. And he said: "I will tell you what I will do. I will give you some seed of that variety and we will see who will grow the best melon, and the winner is to get a hat." He sent me some of the seed, and I grew it. I gave it a lot of personal attention, and as the fruits developed they were beautiful in size, they were perfect, and I looked forward to winning the hat. But when we cut the first one it had no flavor whatever. I said to myself I hope I shall not see my friend Nickel for a little while. I shall certainly not send him any of my melon, because we had agreed that each should judge of the excellence of the other's product. He sent me one, and when I cut it, it was the same flavor as one I cut. I suspected him perhaps of having substituted some other kind of seed for me, because the two melons in Simcoe and at Kingston were identical in lack of flavor. Can you tell me what happened those melons? Were we both so anxious to beat the other that we forced them beyond bounds? Who got the hat? They were not worth a hat, and we decided that neither was entitled to it."

Jas. Henry and Geo. Holingshead of Collingwood were found "not guilty" of arson in connection with the burning of the Tremont House at Collingwood on Jan. 17th last, the case being tried in the County Court at Barrie recently.

STOLE THREE THOU. TRIED TO ELOPE

The Girl Is Now In Jail

Ellen Schrieber, a young woman nineten years of age, is in the Cuonty Gaol at Owen Sound charged with the theft of three thousand dollars from her foster father, with whom she resides at Pike Lake, near Mt. Forest. The Provincial Police are hot on the trail of William Wicks, alias Charles Batton, whom it is alleged induced the girl to steal the money, and elope with him to Guelph where it is alleged he induced the girl to believe that he would mary her.

Schrieber has a great aversion to banks and preferred to keep his hoard of money about his home and his farm. He had saved, through years of toil and frugality, the no insignificant sum of seven thousand dollars, part of which he kept in the house, and the remainder, several thousand dollars, in a jar buried under some bushes near the house.

Schriber's foster daughter, who is now at the County Gaol awaiting trial is said to be mentaly deficient, was prevailed upon to steal two thousand dollars, from the jar in the bush, and another thousand from the house. The theft was committed about six o'clock on Thursday evening last, and the money was handed over to Wicks, about ten o'clock the same evening. The plan was that they were to go to Toronto by way of Guelph, and from there leave for South Amerca, where it is said Wicks has been in connection with oil drilling operations. The plans also included a mariage ceremony at Guelph.

Early Friday morning the couple left Mount Forest, the girl taking her foster fother's car. When they had reached Arthur the car broke down, and leavng the girl at a grocery store Wicks said he would place hteir grips on a train, and hire a car to go to Guelph. He has not been seen since. The girl finding herself deserted at once complained to the authorities, and she unfolded the whole dismal tale to them. She was brought to Owen Sound by Provincial Constables Minnie of Guelph and Jones of Owen Sound.

Wicks, instead of proceeding to Guelph, as he had promised, it is alleged hired a taxi cab at Gibbons Garage and proceeded east. He was traced as far as Toronto, and the polic have information that he spent the night at a hotel there. From what can be learned, Wicks is about forty three years of age, and has been living in the community for some time.

BADGEROS STORE ROBBED

The general store at Badgeros, owned by J. Hamilton, was robbed one night last week. The thieves gained access to the store by cutting out a pane of glass in the front door and the goods to the value of $150 were removed. The cash register, containing $15 in cash and cheques was also carried away. The post office which is in the store, was untouched

W. J. Aadir of Glencairn struck a horse wth a club, from the effects of which it died. He was fined $5 and costs, a total of $24.75.

CARS COLLIDED IN TOWN

A car collision occurred in the village on Monday evening but fortunately no physical injury resulted. A light truck from Toronto, containing eight people, collided with a Ford car owned by H. Goldsmith of Clarksburg. The Ford had fender, radius rod and axle bent, but the truck had a hind wheel dished, axle bent, and other damage. Both parties decided to pay for their own repairs, and at that the truck man had the worst of the bargain.

Some criticism is being offered of Hon. E. C. Drury because he decided to collect back pay as premier of Ontario. The criticiem is misdirected The mistake of Mr. Drury in not collecting $2,125 for the past eight months, bnt in giving the province a gift of $9,000 in the past three years. The Premiership of Ontario should command a monetary return of at least $12,000 per year. It is not too much and an ungrateful province is not saying thanks to the retiring Premier for his sacrifice. Nor would there have been any honest criticism had he accepted the full payment of $12,000 throughout his term .—Bulletin.
