Well Worth Looking Into.

The Excelsion Life Insurance Company of Ontario (limited) is the latest candidate for public favor. It begins well, with several features that should speedily commend themselves to those meditating life insurance or who are in search of a good investment. That extra privilege for Canadian cattle is owing to the absence of pleuro-pneufor spare earnings. It is a nome company and its stockholders are to be found in every and its stockholders are to be found in every important city and town in the Province. It supplies life insurance at reasonable rates, premiums of a definite and known amount, and policies for a fixed and guaranteed sum. The rates for \$1,000 of insurance range from \$9 per annum at age of 16-25, \$10 at age of 30-35, \$11 95 at the age of 40 45, \$17 35 at the age of 50-55, and \$31 15 at the age of 60, which latter rate is continued during the remainder of the life of the insured. Then the Excelsior Company has arranged for the Excelsior Company has arranged for the benefit of its patrons the half premium plan, by which the insured pays only half the premium for the first five years: the balance can market at four years, three is nearer, bu be paid off at any future time, or can be left as a lien against the policy without interest. After the five years the full premium is payable each year. In addition to this plan, which is peculiarly the property of the Excelsior, the company has adopted all the other plans that were commended themselves to standard companies in the past, and has also made provision for dividing its profits among policy holders every five years.

The Excelsior Company will be a success, It is a live company. It has live directors; E. F. Clarke, M.P.P., mayor of Toronto, is president, and among its directors are Ald. Leslie, Ald. Hallam, and Ald. Bell, all well-known Toronto men of business; Inspector be paid off at any future time, or can be left

THE FUNERAL of the late Richard Fogarty took place yesterday, and was one of the lar-gest which has taken place in the town for years, all of our most prominent citizens being in attendance to pay a last token of respect to one who was so universally esteemed. The church services, which were more than usually impressive, were conducted by Rev. B. C. Jones, pastor of the first presbyterian church. The funeral was under the suspices of the Masonic fraternity, the beautiful burial cere-mony of the Order being conducted by W. Bro. T. H. Bell, W.M., of Hope lodge, of which deceased was an old and highly respected member. An unusual and affecting eature of the funeral was the six sons of the deceased acting as pall-bearers, the effect on the spectators being pathetic in the extreme. The sight of those six fine looking and intelligent young men performing the last rite of into the grave sent a thrill through every spectator, and many eyes were bedimmed with tears. It was a scene never to be forgotten.—

The Canadian shipper to Great Britain is privileged to land his cattle immediately on arrival, and march them off to the pastures or feeding stalls to be slaughtered at leisure. Not so the United States'
