YOUR SECURITY and YOUR STABILITY ARE AT STAKE!

You Can Defeat Your Biggest Tax Problem . . .

That is the 8% sales tax. The one the budget missed. The one that hits you hardest. This quotation

" . . . This tax costs the Canadian taxpayers 30 cents for every dollar of processed material"

from a Liberal member of Parliament shows what the government is doing to keep taxes high . . . despite the "bribery" reductions in the budget.

So that you may have a sure, adequate income, the Progressive Conservative Party will

- Reduce sales taxes.
- Reduce income tax rates and increase exemptions.
- Provide deductions to farmers for members of family who contribute to revenue.
- End the administrative persecution of farmers by tax collectors.

For *your* protection the Progressive Conservative Party will take these steps:

PRICES

—Permanent floor price legislation based on these principles:

- A definite formula in the Farm Prices Support Act for arriving at floor prices.
- The formula will allow for variations in production and demand for individual products.
- Floor prices will be announced well in advance of production period.
- The floor price formula will be arrived at in consultation with representatives of producers.

EXPORT MARKETS

Restoration of the Canadian Wheat Board to serve its original purpose as a Marketing Agency for wheat producers . . . and its extension to include the handling of coarse grains.

Inclusion of representatives of farmer's organizations on all Boards dealing with farm matters.

Aggressive and immediate action to recapture lost markets; the development of new markets; to achieve security of export markets through foresighted negotiations.

Dominion marketing legislation based on the principle of democratic producer control.

PRODUCTION

Reclamation and conservation of existing soil resources; development of new producing lands through irrigation; greater accessibility to domestic markets by improved transportation facilities.

Cream

Since we are approacring the peak of cream production and the warm weather, we advise our patrons to deliver their cream at least twice a week and eceive the highest returns. We are paying 2 cents above truck prices for delivered cream, so why not deliver your cream to the Flesherton Creamery, where you are guaranteed service and highest market prices for your prodcct.

Now trat the Egg production is falling off, we advise you to cull your flock and market those hens that are not laying, and cut down your feed expenses. We are paying top market prices for fowl, either alive or dressed.

TRY FLESHERTON CREAMERY; THE PLACE OF SATISFACTION AND SERVICE.
