There's Danger---

in using gasoline for home cleaning

MOST people are careful not to expose gasoline near an open flame, little thinking of the very real danger from the vapor that escapes. Being about three times heavier than air, vaporized gasoline floats in an invisible stream just hunting for trouble—you can't control it.....It may be for only a few feet or several hundred. It may escape in the open, or, it may reach a bame and then—

Each year sees an increase in the number of accidents and fires through the use of gasoline in the home. Why continue to run the risk when can get the cleaning done handy and without any labor for yourself. We are agent for the Waite Cleaning and Dying Co. of Owen Sound, and a first class job is assurred.

A TRAGEDY OF JAPAN

The worst earthquake catastrophe which ever occurred in the world's history was that which caused a loss of over 150,000 people in Japaa on Saturday and Sunday last, besides millions of dollars of property destroyed. This earthquake, which was accompanied by a huge tidal wave, was only one of four thousand or so which occurr annually in Japan of a more or less serious nature.

OUR NATIONAL EXHIBITION

Each year the Canadian National Exhibition at Toronto attracts more and more visitors to the wonders of that place. Although the Canadian exhibits are much the same each year, there are quite a number of special attracions tadded. This year quite an extension has been made by exhibits from England, France, Cuba and Mexico, which is intensely interesting, giving the main products of each country. It is not just what pleasure one can get out of an exhibition of that kind which counts,but the ideas one can pick up for his business, to help make it profitable. We Canadians can be proud of this exhibition, as it is the world'slargest annual fair and attracts visitors from practically all over the wordl.

Costly Barn Fire

The large bank barn on the farm of Wilbert H. Horsley, east half lot 28, Con. 2, Amaranth was totally destroyed by fire together with the entire contents on Tuesday afternoon of this week. Threshing operations had been in progress and the threshers had supper at four o'clock and returned to the barn when a small stream of smoke and a slight blaze was noticed at the peak of the straw stack on the outside of the barn, presumably caused by a spark from the blower. The efforts of the threshers to get water from the windmill to stop the blaze were futile, so their attention was then directed to rescuing the twelve horses which were in the stables beneath. The threshing machine was also destroyed, the blaze licking its way with startling rapidity. A strong north-west wind was blowing, partly in the direction of the house, but the residence was saved through the united efforts of the threshers and willing helpers who came to their assistance. Heavy downpours of rain also materially assisted in quenching any fresh outbreaks on buildings in close proximity. The barn, which was 44x60 and 32x50, was the largest in the neighborhood and contained this season's hay crop, 23 loads of grain, and a number of farm implements. All but three loads were threshed and operations would have ceased in less than an hour. The threshing machine was owned by a number of farmers residing in that vicinity. We understand there is insurance on the building and contents in The Dufferin Mutual Fire Insurance Co. to the amount of about $2500.—Shelburne Free Press.

White—Fiske

At five o'clock Tuesday evening August 28th, the marriage of Ruby Irene, daughter of Mr. and Mrs. Jos. Fiske, to Mr. Archie Hunter Whyte, son of Mr and Mrs. Alex. Whyte of Meadowvale, Ont., formerly of Priceville, Ont., was solemnized at the residece of the bride's father, Fenelon Falls, Ont., Rev. T. Barrett officiating.

The ceremony took place in the drawing room, which was tastefully decorated with autumn flowers. Miss Marion Lee, cousin of the bride, played the wedding march before and during the ceremony. The bride, who was given away by her father, was gowned in white georgette over Satin, net veil with pearls and orange blossoms and carried a shower bouquet of Ophelia roses and lily of the valley. Miss Cora Fiske attended the bride, wearing a gown of mauve crepe-de-chine with large leghorn hat and carried a bouquet of Ophelia roses. Dr. W. B. Whyte, brother of the groom, acted as best man. The groom's gift to the bride was pearl earrings, to the bridesmaid a platinum bar-pin and to the groom a gold watch chain.

Only members of the families of the bride and groom were present at the ceremony which was followed by a wedding breakfast. Mr. and Mrs. Whyte left for a motor trip, the bride travelling in a grey canton crepe dress with hat, shoes, stockings and gloves to match.

They will reside in Toronto.

Our Ideal of Battery Service

We have an ideal. It's to have everybody not only satisfied but so well pleased with our service that they'd never think of going anywhere else.

Sometimes we wish we could take care of you a little quicker—or get your car back sooner—or make your car last longer. But when we fall short of 100 per cent. we feel a lot worse about it than you do.

Service here is on all makes of cars. Come in and let us show you what we mean by McTavish Standards of Service.
