WE WON THE SECOND SCHEDULE

Dundalk Blanked On Home Grounds First Time

This summer the baseball fans in this part of Grey County, who have attended the Centre Grey Baseball League games have seen some fine baseball dished out by the players, but the final games in Dundalk on Thursday of last week had it all over anything seen around here for years. Dundalk specially imported two old players, who were ineligible, in the persons of "Derby" Russell from Northern Ontario and Geo. Armstrong of Hamilton and even with this addition failed to make a showing, which failure was partly attributed to both these would-be stars. Rev. Kellarman and W. A Maire of Chesley umpired the game and gave entire satisfaction to both teams, although the Dundalk players were continuously kicking over decisions. Dundalk was unable to win the game in the field nor on the bench, either, with the remarks of the manager of the Dundalk team and a business man of Dundalk. Maybe the latter gentleman is a good head off the ball field, but we know for certain that he entirely loses his head when a game is in progress. If he could hear the same remarks, which he uttered, at some different place he would be thoroughly ashamed of what he said—he is old enough to know better anyway. There have been some nice friendly games this year in the League, but with the dirty, low-down words that were hurled at the Flesherton players on Thursday all the sport in baseball retires to the background.

Douglas began pitching for Dundalk and before the first inning was over the first five Flesherton players had scored on three walks and three hits. After that there was no scoring until the eighth, when D. McLeod added another one. Dundalk tried hard to score but were unable to put a run across. They had a chance in the seventh when there were three men on bases and Armstrong overran second and made a dash to third, not knowing it was occupied by J. Blackwell. Blackwell started for home and the former stayed on third. In the excitement Armstrong thought Blackwell had been touched and he, too, started for home but was automatically thrown out when he passed Blackwell, the latter then was touched out—a nice double-play credited to E. Muir.

Runs by innings:,
Dundalk — 000 000 000—0
Flesherton—500 000 01x—6

Dundalk—Armstrong s.s.; Claridge 1b; M Thompson l.f.;H Blackwell 2b; McAlister 3b; Douglas p; Russell c; C Thompson c.f.; J Blackwell and Sudden right field.

Flesherton—Dow 3b; E Muir c; H. Mountain p; A C Muir s.s.;J McLeod l.f.; Howard c.f.; Gibson 2b; D McLeod 1b; Hutton and McTavish r.f.

DUNDALK WINS THE C. G. L. TROPHY

Flesherton Handicapped By Darkness And Strange Grounds

LOST IN 10TH INNING

Are Protesting Game

As Flesherton won the second schedule in the first game a sudden-death game was ordered to be played and it began right after the first game, with Mountain pitching for Flesherton and Armstrong for Dundalk. Neither side scored and very few hits were made during the first five innings, but Flesherton went into the lead in the sixth when J. McLeod and Howard scored on two errors by the fielders. Flesherton made a record by holding Dundalk scoreless for sixteen innings, something that was never done to Dundalk before, while they counted eight runs. By this time dusk was settling and Dundalk counted for the first time during the day when Armstrong scored on an error. Russell tied the score in the stalling done during the day, as claimed by one of the Dundalk supporters to the Advance. The game should never have gone beyond this inning, as it was too dark to play, and with the bush behind the batter Flesherton was unable to see the ball when batted, and consequently errors naturally ensued that cost us the game. But as Dundalk was playing on their own grounds it was natural for them to wish to continue whether it was to the disadvantage of Flesherton or not, claiming the game would never be replayed unless it was finished then. This byhrdrrd prominent business man of Dundalk, as mentioned in another article on this page. The game went on then to the finish and, as we knew would happen, Flesherton lost by one run scored by M. Thompson on a hit by McAlister.

Flesherton played better ball all day against the sotherners and we declare the better team lost.

An unfortunate incident occurred in the ninth when A. C. Muir bowled Claridge over on first base. This gave the Dundalk crowd the excuse to clean up on the Flesherton boys. so a free-for-all started, but only lasted a couple minutes.,

Score by innings:
Dundalk — 000 000 011 1—3
Flesherton—000 002 000 0—2

The line-up for this game was the same as in the first game.

NOTES ON THE GAMES

Bell boy- Page Dundalk.

Four Dundalk players were caught at second base by the unerring peg of "Fat" Muir in the first game, so after that they were conspicuous by their not trying to steal the base.

Six men were caught at third base in the first game by Dow and two more in the second game.

Dundalk looked pretty sick for 16 innings, but were somewhat recovered at the end of the game.

The Flesherton baseball leaders have protested the last game on four counts but it is not known when it will come up for hearing.

It was a hard game for Flesherton to lose, but one thing they have got to their credit—they played a better game than Dundalk in every way.

"Pete" Mountain, our lanky right-hander, has made a name for himself along baseball lines in Flesherton. He pitched most of the first game and the last entirely, and was as good at the last as he was at the beginning. It was his fourth game in four days.

Athletic Club At The Flesherton High School

At a meeting held in the High School on Wednesday afternoon of last week when all the H. S. boys were present, it was decided under the leadership of Mr. Carroll to organize an athletic club. As everybody was in favor of the move the following officers were elected: Pres., Jack McLeod; Sec.-Treas., Alex McLean; Form Representatives—Form 1, Cecil Betts; Form 2, Hartley Blackburn; Form 3, Reg. Hutton.

It was decided to organize baseball and hockey teams and the captains appointed are; Jack McLeod for baseball and Ted McDonald for hockey. Hon. Coach, Mr. G. B. Welton; Hon. Pres. of Club, Mr. A. E. Bellamy.

A motion was carried through that the High School hold a field day, but the date was not decided upon.

This is the first organization of this kind which the High School has had for a few years and we hope all will try to make it a success.

IMPLEMENT AND TOOL

Misused and Neglected Too Often by Many Farmers.

When Tools Were Really Valued—Neglect Is Criminal Waste—The Jointer Plough — Half-Acre Garden Gives Good Results.

(Contributed by Ontario Department of Agriculture, Toronto.)

With the advance of agriculture the increase in farm tools, implements, and machines has been great. A century ago, an axe, a scythe, a spade and a saw formed a large part of the equipment of many farms. These few simple tools were probably the most useful in working the small areas of land under process of clearing. The development of the farms brought improvement in tools and a gradual development toward the modern type of farm machines.

When Tools Were Really Valued.

Tools were valued in the early days because such were hard to get. There was no waste of farm equipment then; the spade and the scythe were valued as much as the shotgun. Conditions have changed during the past century. The progress is now marked by an abundance of tools, implements and machines for every purpose in agricultural production and harvesting — in abundance of machines so great that we see waste on every hand. Ploughs, tillage machines and harvesters neglected and exposed to the weather, rust and wear out before giving half service. The waste of tools, implements, machines and articles of farm equipment amounts to many thousands of dollars each year.

Neglect of Implements and Tools Is Criminal Waste.

Neglect to put machines under cover, to apply weather-proofing paint, to keep sharp all cutting parts, to oil or otherwise lubricate all bearings is reducing the efficiency and shortening the period of usefulness of equipment in which many millions of dollars of farmers' money has been invested. The machine or tool is not the only loss, since the power, either horse, motor or man, is also reduced through having to work with a tool or implement not in the best condition. This double liability, while fully appreciated by the most efficient or business type of farmer, is a matter that should be understood by all who own or work with farm tools.

The Life of a Grain Binder.

In the hands of good men a grain binder has been known to last and do 100 per cent. efficient work for thirty years. In the hands of careless men grain binders have been racked to pieces in less than five years, through such treatment as neglect to oil and to keep belts tight. The reward for efficiency might here be expressed as the price of five binders over a period of thirty years.—L. Stevenson, Sec. Dept. of Agriculture, Toronto.
