when it's cooked by live steam in an SMP Savoy Cooker is better for you and tastes better, too! The inner boiler is pierced with little holes around the top, through which the steam penetrates. The live steam does the cooking. No need for stirring. No scorching. No trouble to clean, as there is no burnt or dried meal to scrape off. The Savoy Cooker is one of the most useful utensils made. Low Ford Closed Car Prices Bring Heavy Buying

The unusual opportunity to secure a new Ford Sedan for $685 or a new Ford Coupe for $595 has created such a heavy demand that the few cars remaining of the small original allotment will likely be sold within a few days—some Ford dealers are practically sold out now.

We will not be able to get more of these cars, as factory production has ceased on these models.

Orders are being booked and deliveries made strictly in turn.

Consider the value offered—the time saved—the comfort and the convenience of having a closed car for cold weather.

Let us enter your order at once if you wish to get a Ford closed car at present prices.

A CASE FOR CHAGRIN

Th Prince of Wales left our shores for home on Saturday last. We are not informed as to what provender he took with him to show what his farm could raise, but it probably included a bag of turnips, a few potatoes and a good fat prairie chicken for his ma.

How this young man has fooled us with his "blooming" incognito. Here he has been with us for a couple of moons and only when at Quebec on his return journey did he withdraw his incognito and let us know that we had been harboring the future King of England, or maybe King of Canada!

How chagrined we all feel at not recognizing the future ruler, so that we might have done him proper honor!

COLINGWOOD SNUBBED

"A reception was given to the Hon. Lloyd George at the Government House, Toronto, on Wednesday, and the lake towns of Collingwood, Meaford, Penetang, Midland were practically the only towns in the Province not invited to send representatives. Since the present occupant of Government House took office, Collingwood at least, has been ignored on the occasion of any public function. Why?"—Mesenger.

We figure it that probably past experience with Colilngwood delegations had somehing to do with it. People who do not know how to use finger bowls, napkins or forks cannot expect to move in highest "sassiety."

EDITORIAL NOTES

Some American predicts that it will soon be possible to circle the world in two days with an aeroplane. But who would want to do it? One would see nothing, and might as well circle around the hen yard at home in a wheelbarrow, as far as an educative trip is concerned.

* * * *

We notice that Miss McPhail has ben speaking in Winnipeg on behalf of Alderman A. A. Heaps, Labor Candidate in the North Winnipeg bye-election. This gentleman was one of the leaders during the big Winnipeg strike in 1919, and is not exactly "of sacred memory" to a lot of people.
