

How About That?

Are you coming to BRITTON BROS. to get your Christmas and Holiday Goods?

It is the Proper Thing to Do

We make solid gold or silver jewelry of any kind desired to order. If you want a locket, ring, brooch, chain, anything in our line made to order after your own design, or in any special style, just give us an idea of what you wish and we will make it for you.

A good many years experience at this kind of work enables us to execute special orders intelligently and satisfactorily and at close prices. Our wedding and engagement rings are NOT SURPASSED BY ANY MADE.

AT THIS SEASON

business is more lively than at any other and the wide awake merchant anticipates the wants of the public. In no line is our preparation for the fall trade more complete than in WATCHES.

These are always staples but there are new styles and improvements in them as well as in other things, and we have the newest and best.

We take pride in showing a very fine stock of Ladies and Gentlemen's watches in all the most desirable kinds and styles.

For those who want the most expensive there are solid gold watches, both open face, and hunting cased.

For those who are satisfied with something just as reliable as a time-piece, just as handsome and satisfactory but of less intrinsic value, the filled gold open or hunting cased watches fill the bill. These cases we warrant for twenty years.

There are many persons to whom the time-keeping qualities of their watches are of the highest importance while the style, intrinsic value of the cases are only of a secondary interest so long as the latter afford perfect protection to the works.

For these the solid silver or nickel cased goods in many different styles both open and hunting combine the merits of extreme accuracy with low cost. This makes a range wide enough to suit all pockets and please all tastes.

You might think the city over without finding anything more adapted to your wants than you can in our stock and our prices are from 5 to 20 per cent lower for the same goods.

Nearly every week we are shown watches bought in the city whose owners believe they have secured better bargains than can be had in their own town; and in nearly every case the prices paid are higher than our prices for the same goods or goods of similar value.

A union of hearts and a union of hands
A union more than ever;
A union of home and a union of lands
And the flag, BRITTON UNION, forever.

WINTER DRAWS NIGH. CARPENTERS, MASONRY AND OTHER TRADESMEN CONSIDERED.

"When chill November's early blast
Made fields and forests bare,"

In a country such as Canada there are certain classes of citizens who cannot find employment at their trades or occupation only during the summer season. Among these are carpenters, bricklayers, masons, sailors, etc. They must either turn their attention to something else, or be out of employment during the winter season.

But, if citizens were to be more considerate in regard to giving employment to men, they could benefit themselves and their fellowmen to a greater extent than now. The usual practice is to put off all indoor or small jobs of carpentry and masonry until the summer season; and then, all comes in with a rush. There is not that steadiness about the business to guarantee profitable returns for labor.

If citizens were to look about their premises they would find many odd jobs such as repairing fences, outbuildings, etc., that could even more readily be done in the winter than during the summer months. It is needless to say that the most ordinary jobs would be gladly performed by honest tradesmen during the coming months; for one who has earned his worth in two in warm weather.

Farmers too might give employment in making repairs to buildings that are necessary, and thus assist in creating that steadiness or constancy to work which is necessary to success.

It is not too much to suggest, therefore, that citizens look about their premises and see where some necessary job may be done during the winter months which would place a dollar or two in the pockets of carpenters, or masons. They are among the very best classes of citizens and are entitled to and worthy of consideration.

A MILITARY AS WELL AS CIVIL HIGHWAY.

This week the Canadian Pacific Railway transports from ocean to ocean the first detachment of British sailors brought overland. On reaching Halifax there will be a return trip with additional "men-of-war-men" for the Pacific squadron. The corps numbers all told about seven hundred sailors, "Jolly British Tars."

Soon this route will be utilized for sending troops to and from India. The WARDER respectfully suggests that the through trains should be brought via Ottawa and Toronto and an opportunity be afforded them to have a march out and a reception from their Canadian militia comrades. It would not cost much and would tend to dispel the weariness of travelling. It would do much good also to the cause of British connection in Canada.

THE BANQUET TO HON. JOHN HAGGART.

It has fallen to the lot of but few statesmen to be so highly honored as the Hon. John Haggart, Postmaster-General of Canada, has in his home town of Perth.

Last Thursday there assembled in the banquet hall at Perth, the county seat of Lanark, an immense concourse of the leading residents of the town and county, besides distinguished citizens from a distance. Honoring their colleague and comrade, nine of the Cabinet Ministers of Canada attended the banquet; and by their presence and their voice asserted confidence in their companion in arms.

Brilliant addresses were delivered by the Ministers, while Hon. Mr. Haggart's own speech was straight to the point. He completely demolished his adverse critics, exposed their evil designs, and challenged inquiry and many criticisms.

That a detailed account of the address cannot in our space be given is cause for regret; but the electors of Victoria will before many moons roll around we hope have the privilege of hearing some of the cabinet ministers on the issues of the day.

Hon. John Haggart is too well known and too highly honored to be injured by the venom and malignity of slanderers. He stands to-day a stronger man than ever.

EDITORIAL NOTES.

Mr. Forbes, the grit who has resigned his seat for Queen's, N.S., secured 867 votes, and is charged with 1,011 violations of the election law. Personal charges are being pressed against him.

OAKWOOD.

Special to The Warder.

As I do not see it mentioned in THE WARDER of the successful concert held in the town hall on the evening of Thanksgiving day by the Oakwood brass band of 18 pieces. For the short time they have made wonderful progress under their bandmaster Mr. Joseph Coad. The concert was a success being well patronized.

Our village has a new resident, a general merchant, Mr. J. Todd. He has leased for a number of years the large and splendid store owned by James Thordike, the oldest store in the village. He does not come here he says in opposition, but to compete for a share of the trade. He purposes to keep a general store to supply the wants of all, to take all kinds of produce in exchange. He is bringing a stock of goods of ten thousand dollars, and hopes by selling at fair prices to please all. He is well-known in South Mariposa, having in his younger days lived with Mr. Joseph Biglow, reeve of Port Perry for seven years.

VICTORIA ROAD.

Special to The Warder.

AMONGST the notable events that have occurred in this village the most important is the raising of the sawmill owned by Mr. Jeffrey. It is a good substantial building and we hope and trust it will answer all the purposes originally intended for it.

We regret to state that Mr. McDemore has been very sick the last few days, but under the skillful treatment of Dr. Broad of Cobocook, he is progressing favorably. We are glad to hear this as the old gentleman was at one time in a very critical condition. The genial doctor was kept quite busy during his short sojourn here, there being no less than eight patients availed themselves of the opportunity to consult him with regard to their various ailments, with remarkable beneficial results to themselves. It is a pity, that seeing the progressive nature of Victoria Road, that some inducements could not be offered the doctor to remove here. I am sure it would be a step we would all appreciate. We also beg to tender our heartfelt thanks to the Rev. Mr. Garrett of Cobocook for the kindly call he made to the sick. Such gentlemen as he lighten the pillow of sickness, and go a long way towards dispelling the gloom incident to a sick chamber. It would be well if others would "go and do likewise."

RED SCHOOL - VERULAM.

Special to The Warder.

HYMNAL.—The residence of Mr. Wm. McGregor was, on the evening of Wednesday, the 15th inst., the scene of a very happy event, it being the marriage of his daughter, Maria, to Mr. George Carey, of this place. The Rev. Mr. Anderson, Presbyterian clergyman of Bobocook, tied the nuptial knot very solemnly, they say, at six o'clock in the evening. Mr. Calbert Carey, brother of the groom, assisted him through the trying ordeal; while Miss Sarah McGregor performed a like service for her sister, the bride. This first and very important part of the programme being over, the party sat down to a sumptuous tea, after which games and plays occupied the time until about midnight when a very pleasant party broke up. The bride received many nice presents from her numerous friends around. The happy pair go this week to their new home in Harvey. Their many friends wish them every good wish and true happiness through life.

SICKNESS.—Mr. George Cabbert of this place, who has been seriously ill for some time past, is, we hear, on the recovery. Dr. Thorn of Bobocook has been in attendance.

BELLE VE.

Special to The Warder.

LITERARY.—A literary society has been organized in our neighborhood. We understand that a good number have joined it already, and there are good chances of its being a success.

BETHANY.

Special to The Warder.

WITH regret we announce the sudden and unexpected demise of Mrs. George McMahon who departed from this world on Sunday, the 16th. Her remains were interred in Graham's burying ground on the following Tuesday by a large number of friends and relatives. She leaves a large family of sons and daughters, all doing for themselves. Her husband had preceded her but two weeks ago.

Our village is under a process of repairs. Mr. William McCartney is improving his beautiful residence by erecting a fine kitchen and other outbuildings. Mr. O. Reynolds has erected a fine residence much to the credit of the village. Mr. W. Brown is also coming up and building up to the times, having raised his house from a story-and-a-half to a two story. The change is worthy of comment. Mr. John Richardson is just completing his beautiful residence situated on the west side of the village. This summer's improvements exceeds those of the last five years put together.

More grain has been shipped from Bethany this fall than ever was shipped any fall before. J. J. Preston is the buyer and one who suits the farmers.

Mr. George McCartney is, we are glad to say, able to resume business again. George had been poorly for a few days though it has not shown much on his many countenances.

The "Fosters" held their concert on Friday night and was a success financially. Mrs. Bowman and daughter appeared the favorites of the night. Miss English and Westlock were also highly prized for rendering such fine music. Professor Fax was not up to the expectation of the audience in carrying out his part.

Miss Minnie Winslow, formerly a teacher of the village, is the guest of Mr. and Mrs. William McCartney. Minnie's graceful and beautiful countenance is most admired.

Mr. W. White is spending a few days here. Billy is the same old boy as of yore. He says Bethany comes next to his native home, having spent most of his life here. May you remain, Billy, as you are trying to without a fault.

MANSE GROVE-ELDON.

Special to The Warder.

Rev. Mr. McKinnon, the deservedly popular pastor of Lorneville and Eldon Presbyterian congregations, having received a unanimous call to Fensel Falls, there was held a meeting of the Eldon and Lorneville congregations on Tuesday last week to consider it. A large and influential delegation were named to attend the meeting of Lindsay, to be held at Woodville on Tuesday, to show cause why their estimable pastor should not be transferred. In case Rev. Mr. McKinnon accepts it will be an illustration of where one clergyman goes from a higher to a lower salary; simply at the call of duty. The work is well in hand in Eldon, and there is room for organization in Fensel Falls. There is not one of the district but would accept Mr. McKinnon's removal as a personal loss. He is beloved by all. His good wife too will be greatly missed from Manse Grove and Eldon.

SOME time ago Mr. William Barton of this locality, while en route to Rainy River was injured by a fall. He was brought back to Eldon and now lies in a critical condition. He and his family have the sympathy of the community.

Mrs. Hawkins of Toronto is enjoying the country breezes, visiting Mr. and Mrs. Burton here.

McTAGGART Bros. recently threshed for D. M. Smith upwards of 1000 bushels, 500 wheat, and 500 oats, in less than seven hours. Who can beat that?

THERE is beginning to be excitement over the probable contest for the reveship.

NORTH BAY.

Special to The Warder.

WE have had a great amount of rain during the last week and very mild weather for the season. This has given builders an unusual grand opportunity for completing their contracts.

EVENTS of late have cast a gloom over a number of homes in this new country. Word reached us last week that one Mr. Allen, a trapper, has been caught in a bear trap by both hands, where he was held till he either starved or bled to death. A Mr. Short, a friend of mine, left his home about six weeks ago to make his way through some ten miles of forest but has not been heard of since. He must have perished before this. He may have been caught in a trap, as I understand he had some set, or perhaps devoured by wolves or bears.

ANOTHER very sad event occurred not far from North Bay. Mr. Moses Guy's house caught fire while all were asleep in the night. Some of the children awoke and gave the alarm just in time to save Mr. and Mrs. Guy and all the children but one dear little girl eight years old. I understand she was awakened by the boys and got up, but being very sleepy and not realizing her danger fully, laid down again and was burned to death. The frantic father made a desperate effort to save his child, but was prevented by the flames. It is said that the mother has quite lost her reason. The friends of the town were appealed to for help, and as the result a fair amount of money and clothing were given.

Messrs. Tooley and Gregson have our sympathy in their loss in connection with the recent explosion; but especially do we sympathize with Mrs. Turnbull and her four children whose husband and father was killed.

The Grand Trunk Company have purchased 20 acres of land from Mr. Perks, just outside the corporation for the purpose of building station, freight sheds, &c.

NOTICE is given that the Nipissing and James' Bay railway will apply at the next session of the Parliament of Canada for an act to extend the times limited for the commencement and completion of several sections of their road, also for the alteration of the point of commencement and for power to increase the amount of bonds to a sum not exceeding \$25,000 per mile and for other purposes. This road has been cleared of the trees from Nipissing junction to North Bay, a distance of 44 miles. The Ontario Government has already granted the company a bonus of some \$3,000 for the first 20 miles, and as soon as the Dominion Government give a bonus it is likely the work will go on.

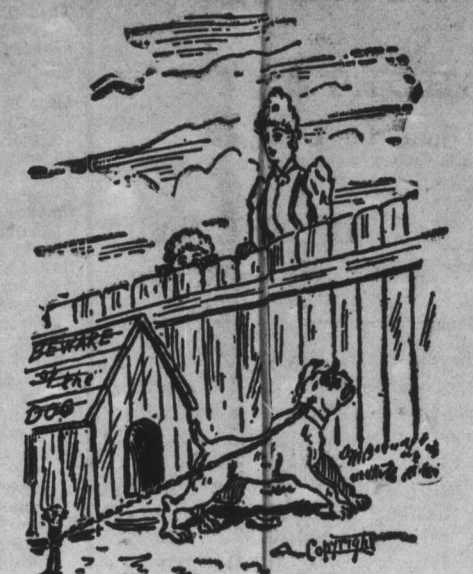

THE Ball Family sang in town last week and gave the finest entertainment in my judgment, given for years here and we have had a great many troops.

THE PULPIT.—The bishop is to officiate in the Church of England; Mr. T. Baanish in the Methodist church, and Mr. Miller from Toronto in the Presbyterian church next Sabbath. It is to be hoped the rev. gentlemen will have a good time.

WE are glad to see THE WARDER with its warm articles in this cold country.

God made people who can eat a cold dinner without growing, a great deal more than he needs without taking in the class meeting. If you want your boy to be a preacher, don't let him up to learn verses of scripture when the circus is in town.

Out of Harm's Way

There's no cause for fear here. The fence is high and the chain is strong, and a sense of safety and satisfaction comes over the woman, something like that which comes to her when she uses "Sunlight" Soap, and sees how it does away with hard work and turns toil into ease. Then she is safe in the knowledge that this Soap cannot harm the tenderest skin or finest fabric. For purity it has no equal. Try it.

LIFFORD.

Special to The Warder.

THE JOURNALISTS will give a concert in the Temperance hall, on the evening of Tuesday, December 1st. They have appeared before the Prince of Wales and royal family. Admission 25 cents.

BLACKSTOCK.

Special to The Warder.

OUR whole community were shocked on Friday last by a telegram from Buffalo that "George Dever was killed." As George was raised in this township and a general favorite, young and healthy, the news was appalling. He married Miss Graham, daughter of Thos. Graham, about two years ago and went to Buffalo, where he was driving a cab. When crossing the railway track he was struck by the engine and killed. His corpse arrived at Burketon station on Saturday night and he was buried here on Sunday. He was a member of the Blackstock orange lodge and, although it rained all, our brethren turned out in large numbers to perform the last rites. The poor, young, heartbroken widow came home on the same train, with their child, not yet a year old.

Wm. Cowan, our genial merchant, has removed to Burketon station, having bought out Mr. Quigly's store. We wish Mr. Cowan success in his new premises.

JOSEPH and Fred Moore have started in the corner store where Mr. Cowan left, and as the Moore Bros. are careful, temperate and energetic we have no fear but they will succeed.

ROBERT McNulty's horse and rig were taken out of his stable and driven away one night last week by two of our young men, one of whom was going on a journey some distance off, and the other with the intention of robbing him. The horse, lost his way, got bewildered and not wishing to be seen driving home in the morning unhitched the animal, turned it into a field and made his way home after borrowing a cap. It seems when he got astray he lost his head, whicky having caused the loss of his head. The horse was found in a couple of days. Of course the young man who was to bring back the horse feels very bad and we hear he has sent twenty dollars to the owner to recompense him for his loss of time and trouble.

WE are sorry to inform you that Mrs. Albert Spinks has been suffering for some time with cancer in the breast, she has got it out but it is in a very weakly state, but at last account was some better.

GEORGE Spinks who went to Manitoba last spring has returned home and looks Cartwright better than he ever did.

Never allow the bowels to remain constipated and serious evil ensue. National Pills are unsurpassed as a remedy for constipation.—2-5.

An Introduction to the Queen
is an honor conferred upon only a favored few. But every lady in the land may have ready access to the Queen of Remedies—Dr. Fier's Favorite Prescription. Once known, always a valued friend. It promises to positively cure every form of weakness peculiar to women, and confirms this promise by a written guarantee of satisfaction, guaranteed in every case, or money refunded. This royal remedy is carefully prepared for women only, and its efficiency is vouched for by countless happy homes and countless thousands of testimonials. A trial will convince you that it is invaluable in correcting all irregularities and weaknesses for which it is designed.
