THE MIXING BOWL

BY Anne Allan HYDRO HOME ECONOMIST

Hello Homemaker! Keep supplies on hand for an impromptu after-the-game supper. Serve a hot and hearty meal in one dish, such as cheese spaghetti, creamed eggs on biscuits, baked beans in csaserole, waffles and maple syrup, curried rice with bacon, or salmonburgers. Many foods are now available in prepared mixes at a reasonable price . . . the spaghetti is packaged with grated cheese; the dried eggs in tins; biscuit mix in boxes; and then there is waffle mix, bottled hyrup, instant rice, canned sausages, bread roll mix, instant coffee, and canned cream or evaporated milk.

Some of these foods require baking, but even this does not prevent having an amount already cooked for a crowd if you have freezing space in the refrigerator for keeping. However, if you have working space in the kitchen, it is a good thing to encourage the teen-agers to concoct their own refreshments. Sometimes the young folk will make very weak coffee and enjoy it, which is something for which you would be chastized. The most appreciated act is the offer of assistance by two or three people in clearing and washing the dishes.

TAKE A TIP

1. Follow the directions on prepared mix packages explicitly.
2. If you use a bottle of sweet pickles, save the juice and slice onions into it then store in a dark place for four to six weeks before you serve a pickled onion rings.
3. Make carrot sticks and turnip slivers by peeling and slicing pencil size, then chill (without water or salt) in a jar in the electric refrigerator.
4. To blanche almonds, pour boiling water over them and let stand five minutes. Drain and let nuts partially cool, then squeeze off the skins. Place nuts in a slightly greased shallow pan and brown in a preheated oven at 375 degrees for ten minutes.
5. Specify the thickness of sliced cured ham, chops, etc. If the meat is cut too thin, much of its flavor and character is lost.
6. Sandwiches can be made one day ahead of serving if you wrap and tore them in refrigerator. The best way to serve ham, cheese and peanut butter sandwiches for a crowd is to toast them all under the preheated broiling element.
1. A small amount of apple sauce on a pork sandwich makes it tasty and moist.
8. Always use a cookie sheet or jelly roll sheet for biscuits, scones and cookies, as the result will be even brownness on top and bottom.

NIMBLE DOUGHNUTS

1½ cups sifted flour
2 tsps. bkaing powder
1 tbsp. melted shortening
½ cup sugar
2 egg yolks
½ tsp. vanilla
1 tbsp. orange rind
¾ cup milk
Lard for deep fat frying

Sift flour with baking powder and salt. Beat together thoroughly lard, shortening, sugar, egg yolks, vanilla and orange rind. Add milk. Stir in dry ingredients until thoroughly mixed. Drop batter by small spoonfuls into deep hot fat at 360 degrees. Fry until brown on one side, then the other. Makes about 18 doughnuts.

FUDGE FROSTING

2 cups sugar
½ cup milk
1½ tsps. butter
2 square chocolate
1 tbsp. corn syrup
1 tsp. vanilla
6 marshmallows

Put first five ingredients into a saucepan and boil to the softball stage (234 degrees). Remove from the electric element and stir in the marshmallows until they dissolve. Cool and add vanilla, then beat to the desired consistency.

Dancing flames fascinate everyone and a child grabs for the pretty to. Guard him lovingly, keep all inflammables out of reach and start at once to teach him to use fire as a friend, not to challenge it as an enemy.

Mrs. Smith goes shopping

"... and a dozen eggs, grade 'A' large... that's all, thanks."

MRS. SMITH'S shopping trip *might* have taken an hour. Actually, it took three minutes—by telephone.

To housewives in a hurry, the telephone means a lot. It's like having an extra pair of hands to help out—an extra pair of feet to run errands, or get help in emergencies. Any way you look at it, your telephone is *big* value.

No wonder more people are using more telephones—and that requests for service are at an all-time high. We should like to be able to provide service for all who want it, when and where they want it. We will continue to do all we can to reach that goal.

Don't let a Cold mar your Holiday Season

DECEMBER is here and with it lurks the "common cold"! Ontario citizens are reminded now of a few simple helpful rules to safeguard their health, and that of others.

Prevention of the common cold is the responsibility of all, and if everyone plays his part much unnecessary illness, expense and discomfort may be avoided.

With the holiday season looming ahead, when so much happiness depends on everyone feeling fit, why run the risk of "catching cold"—or letting members of your family face that danger?

In the interest of parents and families, the Ontario Department of Health recommends every Ontario citizen to study the common sense precautions suggested below and act upon them.

Five Simple Precautions

1. Take plenty of rest. Avoid becoming unduly tired. Endeavour to follow a well-balanced diet.
2. Avoid becoming wet, chilled or overheated. If clothing becomes wet, it should be changed as quickly as possible.
3. If a cold overtakes you, go to bed until it improves. If it does not clear up rapidly, do not hesitate to seek medical advice.
4. Be thoughtful of others. If suffering from a cold, do not spread germs by coughing or sneezing openly.
5. Avoid crowds as far as possible.

No one wants to be "laid up" with a cold . . . especially at this holiday time of year. By following these five common-sense precautions you can help yourself and others enjoy a happy, healthy holiday . . . free from the seasonal misery of the "common cold".
