most popular of all cough cures.

"Of the many preparations before the public for the cure of colds, coughs, bronchitis, and kindred diseases, there is none, within the range of my experience, so reliable as Ayer's Cherry Pectoral. For years I was subject to colds, followed by terrible coughs. About four years ago, when so afflicted, I was advised to try Ayer's Cherry Pectoral and to lay all other remedies aside. I did so, and within a week was well of my cold and cough. Since then I have always kept this preparation in the house, and feel comparatively secure."

"A few years ago I took a severe cold which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried Ayer's Cherry Pectoral, which relieved my lungs, induced sleep, and afforded the rest necessary for the recovery of my strength. By the continual use of the Pectoral, a permanent cure was effected."—Horace Fairbrother, Rockingham, Vt.

Mr. Blake did in 1891, candidly say this fad of Unrestricted Commercial Union would inevitably lead to annexation, and intimated that the country was not prepared to go over body and bones to the United States. Is this not enough? Lately Mr. Oliver Mowat candidly, honestly and patriotically said the same. It is likely that if the country had believed last year that the reform leaders were honest and meant what they said the late Sir John Macdonald's Government would have falled, but they did not. The people have more faith in Mr. Abbet than they have in Cartwright and Laurier.
