AN IDEAL PLAYGROUND

Ontario is blessed with many beautiful spots where wearied shut-ins may get a breath of natural air and wander along waterways or skim over inland waters and fish for the elusive finny tribes during the hot July and August weather.

Among all the thousands of spots where nature tempts to recreation we believe none can excel the Bruce peninsula, which in these days of motor travel is easy of access with a few hours' run. To the people of Bruce and Grey counties this is especially convenient. Three or four hours will take you to Lions Head. the centre of the farming community, and which really constitutes the jumping-off place from civilization to the wilderness of rocks, lakes and small streams. Here it is but six miles across the peninsula from Georgian Bay to Lake Huron, and through the centre, clear to Tobermory, runs a good motor road, which this year is traversed by innumerable tourists. From Wiarton this road leads through Mar, Lions Head (on the side) and Miller Lake to Tobermory. All along this route are many small lakes which team with black bass, and on the Lake Huron side many bays exist where camping parties can find fine bathing and fishing grounds. It is 34 miles north from Lions Head to the end of the Bruce peninsula, and every foot of the way is of great scenic beauty. For miles at a time one may travel over this highway and never see a human habitation, only woods, rocks, 'burns," small streams and glimpses of blue lake. All water courses north of Lions Head run to Lake Huron. At the "Tub" there is good accommodation for tourists.

Last week we had the pleasure of a trip to Lions Head and Pike Bay. At the latter place we found an ideal camping, bathing and fishing ground, with a few cottages, tents and a summer hotel. Some of this camping ground had been pre-empted by a happy family party from Markdale and Toronto, including Hon. I. B. Lucas, Mr. Johnston Lucas and Mr. T. Berry, with their families. They are enjoying the time of their lives fishing and bathing, and nature here is not crowded with humanity as it is at some of the "beaches." The bathing is as fine as it is atWasaga, and the black bass are just waiting to be hooked, as our friend, Mr. Tom Berry, can prove to the satisfaction of Doubting Thomases.

For ourselves, if we had a whole summer to spare from toil and only pleasure to think about, that whole summer would be put in up on the Bruce peninsula.

DUMPING OF FRY

A week or so ago 50,000 trout fry were placed in the hydro pond by the Game and Fisheries Department. Those who know say this fry might as well have been dumped on the ground, for all the benefit they will be. When the big fellows at that point get through feeding on them the former will be stouter than ever and there won't be any minnows left. It is dear fish food, as the fish experts at the Department ought to know—if there are any experts there. A few more deposits like this will make it clear that experts are as rare in the Department as are the pheasants here, which were to give such grand sport for gunners.

SOME PETTY THIEVING

A number of cases of petty trieving have been drawn to our attention recently, small acts that in themselves are not a great loss to the victims, but nevertheless they hate to be caught in such a manner. One of these was at Roy Pipers on the west back line when a thief entered his granary in the barn and helped himself to about twenty-five bushels of grain, and as part pay on the transaction left a grain bag, maybe by mistake. With people like that around a community a person is hardly safe from their depredations and if caught, should be severely punished.

Plan To Conserve Grey County Fish

Want Fishing Season From April 1 To August 15

ASSOCIATION FORMED

Condemn Present System Of Dumping Fish Into The Streams and Lakes

(Durham Review)

Sportsmen from all over Grey County, to the number of 80, were present at the meeting in the Town Hall on Wednesday afternoon and formed the Grey County Fish and Game Protective Association. The meeting. which was presided over by Dr. D.Jamieson, M. P. P., a member of the Fish and Game Committee of the Legislative Assembly, was a most enthusiastic gathering, and the organization formed should prove an effective instrument to aid in the protecting of rivers and streams in this locality and re-stocking them with fish.

The officers elected were as follows:

President—Mayor Snetsinger, Thornbury

Sec'ry Treasurer—Sheriff Wilson, O. Sound

Vice President—Dr. D. Jamieson, M. P. P. : Col. Carmichael, M. P. P.: D. J. Taylor. M. P. P.

Committee—Composed of one man from each municipality ;Durham—Thos. Allan; Artemesia—P. Munshaw: Osprey——Chard: Egremont—Chas. Drumm: Normanby—Otto Widmeyer: Hanover—C. B. Hacking: Bentinck—H. Monck: Glenelg—T. Bell :Flesherton — D. McTavish : Markdale—T. Raeburn: Dundalk—T. Lockhart: Neustadt—H. Weinert: Chatsworth—Gorden McDonald: Mt. Forest—R. H. Gardiner: Meaford—J. Hammond: Owen Sound—W. H. Smith: Proton—Robt Watson: Holland—Thos. Mitchell: Sullivan—J. Lembke: Derby—R. Penner: Keppel—J. Lee: Shallow Lake—W. W. Smith: Sarawak—R. J. Doyle: Collingwood—B. Hamilton: Sydenham—J. M. Thompson: St. Vincent—R. J. White: Euphrasia—T. Soul: Clarksburg—J. H. Hartman.

The membership fee to the Association was placed at a $1.00 and many have already joined. The county will likely be divided into districts, while the whole executive will be used to form by-laws governing fish and game matters for the County.

Want Fishing Dates Changed

The matter of closing the streams for two or three years to protect the fish, was not mentioned, but it was decided to memorialize the government to change the fishing season from April 1st to Aug. 15th for Grey County. Some wanted it closed on Aug. 1st, in order to more thoroughly preserve the spawn. The government will also be petitioned to appoint more game inspectors and the meeting went on record, though there were some red hot dessenters, to have the government game preserve at Eugenia thrown open to the public.

The Eugenia preserve was a live topic and Messrs Hartman, Munshaw, Pedlar. McTavish, Latimer and others all took part in a lively discussion. The vote taken however, does not mean that the government will be asked to through open the reserves. The advisibility of that step will be left to the Association newly formed.

M. M. McBride, M. P. P. of Brantford; Mr. Black, M. P. P. of Addington and Deputy Minister Rapsey of the Game and Fisheries, were present and gave addresses.

How To Raise Fry

Mr. Heimbecker gave the meeting the benefit of his experience in raising trout. His method was to keep the trout fry in pools for the first summer and feed them with liver and meat entrails. Out of 100 fry experimented on in this manner, 90 per cent had lived, and after a season were from 4 to 7 inches long. He declared the present system of dumping fry into the streams was absolutely no good.

Mr. Frost of Owen Sound agreed with him and said the system of throwing the fry into the Sydenham river had not been successful but the tank system now in vogue was working satisfactory.

Mayor Snetsinger of Thornbury, the new President of the Association stated that by throwing trout fry in with suckers. they woud live but not produce, as suckers destroy the spawn He advised bass and pickerel mixings for standing water bodies. He wanted all streams free to the public.

M. M. McBride, M. P. P. described how carefully shipments of government fry were cared for from hatcheries to place where deposits were made in streams, but later Mr. T. Allan countered him on this point, when he said six cans of fry were taken by one man at Durham station and dumped into the Rocky at Glenroaden bridge, a height of ten feet. There was no inspector in charge of these fry, the Durham man pointed out, though Mr. McBride stated an inspector always accompanied shipments.

At the invitation of Dr. Jamieson, many of the visiting sportsmen visited his game preserve at Wilder's Lake and were delighted with what they saw there.

CEYLON

Mrs. VanDouel and little son and Miss Tedlow, who have been holidaying here, left Saturday for their home at Hamilton.

Mr. Percy and Maud Hemphill and Mrs. Irish motored to Fergus the first of the week and were accompanied home by Miss E. Cook.

Mr. and Mrs. F. D. Cairns, Mr. Clark and Miss Katie McMillan and Miss Jean Collinson motored to Wasaga Beach the first of the week.

Mr. and Mrs. R. T. Cook of Detroit, Mr. and Mrs. Wm. Cook of Ebordale visited on Monday at R. Cook's.

Miss Mary Hazard of Priceville visited her grandfather, Mr, H. Stone, over the week end.

Mrs. Fee of Holland Centre, and Miss Anderson ofAssa Manor visited Mr. and Mrs. H. Stone and other friends here last week.

Mr. and Mrs. Harvey Griffin of Toronto visited the former's sister, Mrs. Wm. White.

Mrs. W. K. Buckley of Toronto visited her father, Mr. J. L. McMullen.

Mr. Percy Hemphill, who has been in Toronto, has returned home and was accompanied by his sister, Mrs. C. Irish, and two cousins.

Mr. and Mrs. A. Sinclair and daughter. Margaret, and Mrs. Norris motored to Harriston Friday.

Master John McMillan has returned from his vacation in Owen Sound.

Mr. J. Snell visited with friends at Bethel last week.

Mr. and Mrs. H. Bailey of Shrigley spent the week end with the latter's parents, Mr. and Mrs. D. McPhail.

Mr. and Mrs. A. Stewart and children, Mr. D. Stewart and Miss May Stewart motored to Paisley the first of the week.

VANDELEUR

The Women's Institute held their August meeting at the home of Mrs. J. J. McGee on Thursday afternoon of last week. A report was read of the annual meeting held at Heathcote. Miss Agnes McPhail, M.P., was present and gave an excellent address dealing with some of the most important questions of the day. Lunch was served by all the members.

Mrs. Saunderson of Guelph and Mrs Brown of Brampton are attending the latter's sister, Mrs. Dunlop, who is ill, but we are pleased to report she is gaining in strength somewhat.

Miss Irene Sharp of Flesherton is visiting with her friend, Mrs. Elmer Warling, for a few days.

Mr. Leonard Alcox and sister, Stella, spent a day wtih Miss Nellie Boland.

Mr. Alex. Carson and children of Priceville spent a day with Mr. and Mrs. Sam Gilbert.

Mr. and Mrs. Frank Davis and Mrs. L. Johnston and Mrs. Geo. Buchanan and little son spent a day with Mrs. Davidson and mother, Mrs. Davis Sr., recently.

Mrs. Wesley of Owen Sound visited with her daughter, Mrs. Will Johnston, the past week.

Mrs. Geo. Bowles of the west back line spent a few days last week with her sister, Mrs. J. Holley.

Mr. and Mrs. Andrews of Toronto are visiting wth the latter's sister, Mrs. F. Davis.

Mr. and Mrs. Geo. Pritchard visited with their daughter at Flesherton one day recently.

Mr. Elmer Hutchinson spent a few days last week with his aunt, Miss E. Cullis and other friends.

Miss Alice Blair, who is visiting here from Sask., spent the week end with her cousins, Misses May and Annie Graham.

Mrs. Halbert of Harkaway spent a week with her daughter, Mrs. H. Baker, who recently underwent an operation for her tonsils.

Monday, August 4th, Civic Holiday, will be a red letter day in the history of Vandeleur, when the new community park will be opened. A high class program of sports lasting all afternoon, will be followed by an excellent concert in the evening. The sports will consist of a baseball tournament by some of the best teams in the county; football by Kimberley and Strathavon; horse-shoe tournament, etc. This will be one of the best days of sport ever put on in this community and should be well patronized. Proceeds in aid of the community park.

EXCEPTIONAL EXAM. RESULTS

Mr. and Mrs. Harvey Griffin of Toronto motored up and are visiting the latter's mother, Mrs. W. Wilcock. Mr. Griffin is principal of Humbercrest public school in West Toronto and had exceptonal results with his entrance class this year. Twenty pupils wrote and all passed, seven taking honors, and among the number was a gold medalist and silver medalist for the county. Mr. Griffin taught in the Ceylon school a few years ago and is a brother of Mrs. W. White at Ceylon.
