SOME PRIZE BABIES

The authorities conducted a baby competitetion at Wembly for the Empire and a Mt. Forest man got in on a £20 prize for his youngster, while several other Canadians won prizes running from £20 to £100. The prize baby of all came from Australia. We can all afford to smile at this report, because there are thousands of babies in Canada just as worthy, and probably more worthy, than the cherubs who went to Wembly. Every mother of a baby knows at least one. Therefore we can all smile.

THAT AMUSEMENT TAX

An inspector for the Amusement Tax Department at Toronto was in town nosing around one day last week. As there had been on amusements here since his last visit he left looking as hungry as when he arrived. Vultures like these throw a damper over amateur sport.

The tax should be applied only to what is known as professional sport. The birds of prey could then be called to their eyries and their salaries and travelling expenses could be saved. These two things eat up a big proportion of the funds collected. The way things are run by this Department would be a joke if it were not so serious.

Strange Car Accident

Mr. H. Foester of Eugenia had a peculiar car accident recently. He was driving to Waterloo alone, and on the other side of Arthur his car went over the side of a short culvert and turned turtle, pinning him beneath it. He was unconscious when another car came along and took him to a farm house. The farmer drove him to a doctor in Fergus. He remained unconscious for four or five hours, but when he came to he seemed fit and was taken back to his car, which had been badly damaged. The top and windshield were destroyed and fender damaged. The car had been righted during his absence. He got into it and drove on his way, feeling none the worse for the accident, although he did not remember anything that had occurred until he woke up in the doctor's office.

FOOTBALL 1-1 SCORE

Feversham and Kimberley Football teams collided at Ravenna on July 30th with the resulting score 1-1. Both goals being scored in the first half.

The game was clean throughout and the spectators reported it one of the fastest games of football played on the grounds.

While Kimberley scored the first goal, during the first half of the game, Feversham appeared to have the best of it. The last half was more even, Kimberley putting more energy into the play keeping the ball well up to centre field.

About "The History of Grey County"

The Flesherton Advance
Dear Sir:—

I understand a "History of Grey County" is to be published in the near future. Being a native of that county and intimately acquainted with some of the pioneers, who are becoming fewer from year to year, I am naturally desirous if seeing such an enterprise carried to a successful completion.

The time is opportune for such publication. The most valuable and interesting part of such history will be the account of the life and work of the pioneers—their strugglings, their hardships difficulties, dangers and triumphs. This history will cover a period of about seventy-five years. Perhaps not more than half a dozen of the first pioneers are now alive. From some of these valuable information may be obtained, historically and traditionally.

The principal difficulty will be the procuring of enough subscriptions in advance to cover the cost of publication of the first edition. There ought to be at least ten thousand families or individuals desiring copies of the history. The pioneers and their children to the third generation,, whether still living in the county or scattered over the earth, with their numerous relatives and interested acquaintances, would all do well to secure copies of a book that contains a record of the achievements of the men and women who founded the worth-while institutions that have done so much to place Grey County among the foremost in the Province.

There is not a municipality, village, hamlet, school section, concession or farm that could not supply incidents that would enhance the value of the history.. A volume of moderate size could not, of course, contain everything of interest that transpired in the county; but the compiler will, no doubt, make a judicious selection.

I believe the County Council is guaranteeing the financing of the matter. I would like to suggest that each municipality in the county make a donation of say $100.00, which would amount to about $2000 from all and that this amount be applied as part payment of the cost of publishing the first edition. This would enable the publishers to very much reduce the subscription price, and this would go far to increase the subscriptions. If 10,000 were issued in the first edition, and sold, the cost per volume would be much less than if only 5,000 were issued.

I would appeal to the loyal, patrotic and intelligent people of every part of Grey County, to come to the rescue, send request to J. S. Wilson, Owen Sound, to put you down for one or more copies of "The History of Grey County." The more of such subscriptions that are sent in advance, the cheaper this valuable book will be. Let us all help out this good enterprise.

Port Arthur, Sincerely yours,
July 29, 1924. J. RITCHIE.

Mr. John Pedlar Writes From Far Nebraska

Mr. John Pedlar of town left last week to visit his brother, Mr. J. S. Pedlar, of Loup City, Nebraska. After arrival he writes us the following very interesting letter:

Dear Editor:—I arrived at my brother's in Loup City this evening and had a very good trip. All of that talk that the people back there had about getting across is bunk. They do not even cross-examine you. I rather think they are afraid to because, you know,

You can always tell the English,
You can always tell the Dutch,
You can always tell the Cannucks
But you can't tell them much.

So I suppose they sized me up as a Cannuck, and do not care how many come across even to stay, and especially do not care when they are coming back.

Nebraska is surely the State where corn is King. By the looks of the crops all along the line Nebraska has a wonderful crop of oats and wheat, and while the spring was a little late, if we can have a late fall, Nebraska will raise enough corn to feed the world. I found Loup City quite some improved from when I was here before, many new residents, new court house and a number of blocks of pavement have been put in.

I found my brother and his wife somewhat improved, but you know what an old skin I am and my brother at the present time weighs 20 lbs. less than I do, when he usually weighs 30 lbs. more. Nebraska has had plenty of rain this year, hence the extraordinary crop, but it is a ilttle dry right now. The weather conditions remained about the same as at home until I got 300 miles West of Chicago.

I am as ever, yours
—John Pedlar.

The Canadian National Exhibition costs $700,000 each year to stage and produce aside from the tremendous sums spent by exhibitors to prepare their displays.

Death of Dr. Wright Formerly of Flesherton

A Baltimore paper says:—Dr. Wm. McCarter Wright, one of the first American physicians to administer Pasteur's serum treatment for hydrophobia, died on July 25th at his home 1801 St. Paul St., Baltimore, at the age of 57 years.

A native of Flesherton, Canada, Dr. Wright was graduated from the University of Toronto in 1887 and the Bellevue Hospital Medical School, New York, in 1889. He was engaged in research work when the first consignment of the Pasteur serum was received at Baltimore. He came to Baltimore in 1893 and had practised medicine there since.

Besides his widow, Mrs. Rose Wheeler Wright, he is survived by five children, Mrs. Hollis Rinehart, of Charlottesville, Va.; Michael Shoemaker Wright of Clefeland, Ohio; Miss Martha E. Wright, Miss Lillian McC. Wright and Miss Harriott W. Wright. Funeral services were conducted on Monday, July 28th at the home by Rev. Dr. David P. Allison, rector of St. Michael and All Angels' Protestant Episcopal church. Burial took place in Woodlawn Cemetery, Baltimore.

Dr. Wright was a son of the late Wm. Wright, who kept store in Flesherton forty years ago. Misses Martha and Lena Wright of Detroit are sisters of the deceased, and Mr. John Wright of Fesherton is a cousin.

PLUCKING THE INNOCENTS

We are in possession of information that there will be an awful slaughter amongst the candidates who wrote at recent Departmental examinations, the papers of whom are now being examined. The information we have goes to say: There will be a terrible wail throughout the province when the results come out. In Physics the examiners are turning down about fifty per cent. on the average; about sixty per cent. are failing in Chemistry; about fifty per cent. in Geometry; forty or fifty per cent. in Algebra and a large percentage in Literature and Latin.

The Canadian National Exhibition was visited by double the attendance of any of the great state fairs across the line last year, or 1,493,000 people in all.

NOTICE TO CREDITORS

In the matter of the estate of William Hodgson, late of the Township of Osprey in the county of Grey, widow, deceased.

NOTICE is hereby given pursuant to section 56 of the Trustees Act, R. S. O. 1914, Chapter 121, that all creditors and others having claims or demands against the estate of the said William Hodgson, deceased, who died on or about the 13th day of June A. D. 1924 at the Township of Osprey, aforesaid, are required on or before the 10th day of September, A. D. 1924, send by post prepaid or deliver to The Toronto General Trusts Corporation, of Toronto, Ontario, administrators with the will annexed of the said deceased, their Christian names and surnames, addresses and descriptions, the full particulars in writing of their claims, a statement of their accounts and the nature of the security, if any, held by them.

AND further take notice that after such last mentioned date the said administrators will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that the said administrators will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have been received by them at the time of such distribution.

Dated at Owen Sound this 31st day of July, 1924.

Dundalk Accidents

A young farmer is in a dangerous condition. Jos. Wiltshire, a strapping young farmer, in a critical condition. He was adjusting the large hay fork in the barn when he fell some twelve feet, landing on an upright handle of a hayfork. The handle entered his body at the lower part of the abdomen and was driven by his weight through the body, the handle emerging from his body about a foot further up. The tremendous weight caused the hayfork to fall, ripping the flesh where the fork had come through to a considerable extent Wiltshire is a husky man and Dr. Carter says he will recover should no complications set in.

Mrs. Wm. Bryce, while going for a pail of water, tripped and fell, coming in contact with one of the lugs of the pail, the flesh directly under the chin was pierced and the lug cut the chin through to her mouth. With help she was able to go to the house, but the injury is very painful and will be a long time healing.

The eight-year-old son of Mr. and Mrs. Thos. Ferguson, dairyman had his face severely injured when driving a horse out of an oat field. The horse kicked him squarely in the face, knocking him unconsious and making a wound which required eight stitches to close. The young lad will pull through.

BAND PLAYED FOR US

While passing through town to the garden party at Vandeleur on Monday Prof. Joe Park and his fine aggregation of bandsmen, stopped for an hour and treated the citizens to a concert which was highly appreciated by the few people who had remained at home on Monday.

Vandeler Community Park Opened Monday

Vandeleur has a community park and playground that they can be real proud of. A baseball diamond was constructed this year on land, bought by the young people of Vandeleur, beside the public school grounds, which were taken in to form the park, making a beautiful resty spot with large maple trees and spacious grounds an ideal place for garden parties, etc. This will supply a long-felt want for the young people of Vandeleur in providing themselves with a suitable playground. The opening of the new park took place on Monday, Civic Holiday, and was successful in every way. An ideal day, a big crowd and sports and music that kept everybody interested. Dundalk band assisted materially in making the day a success with the spendid music played and the comments heard on the playing should make the players feel that they are accomplishing somthing in the musical line.

Besides being a community playground the park is also a memorial to the pioneers who came into this country. A beautiful monument was erected some years ago in memory of the pioneers.

One of the best baseball games played this year was the one played there between Owen Sound and Vandeleur in which the former emerged victorious after a hard-fought battle 4-2. Russell Graham hit a home run over the left field fence in the second inning and the other run was scored by Elmer Warling in the seventh, while Owen Sound got three in the seventh and one in the eighth. The players for Vandeleur were:—R. Freeman, G. Akins, H. Beard, E. Warling, H. Mercer, S. Buchanan, A. Buchanan, H. Graham and H. McGee.

A quoit tournament was played during the afternoon and the winners were tied for first place and the money was divided between Geo. McGibbon and Wm Burnett and Jerry Scott and Frank Teeter. Jarvis Henry and Geo. Snell pitched a real close game with the McGibbon team. The horseshoe pitching contest was won by Dick Clark and H. Haines against Alex. Cherry nad Ab. Knott of Epping.

The football game between Kimberley and Strathavon was won by the former 2-1 in a close game. The Kimberley players were R. Eills, G. Wright, L. Gilbert, E. Ellis, B. Wright, A. Ferguson, H. Fawcett, I. Donnelly, J. Davidson, H. Haines, E. Davidson. Referee Dr Shepherdson.

The concert in the evening was worth going a long way to listen to. The Dundalk band supplied several fine selections between numbers. Miss A. C. McPhail, M.P., acted as chairman very acceptably.,, Numbers were given by the Douglas family of six, Miss Emily Acheson, Mrs. R. Genoe and Howard McGee, that were applauded heartily.

The proceeds of the day amounted to about $250 with about $100 at two booths on the grounds.

Misses Ruby and Pearl Radley of Toronto spent a few days of the past week with their parents here.

Mr. W. J. McAleer, wife and daughter, of Hammond, Indiana, are the guests of Mr and Mrs. George Mitchell.

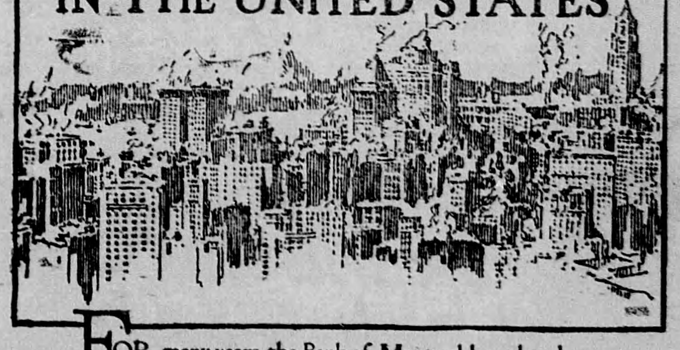
NINTH
of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere

IN THE UNITED STATES



FOR many years the Bank of Montreal has played an active and constructive part in the banking and business relations between Canada and the United States.

In 1855 the Bank established its own office in New York and today its Agency at 64-68 Wall Street holds a leading position among foreign financial institutions represented in that city.

In 1861 the Bank's Chicago Office was opened to care for extensive Western business. Today, at 27 South La Salle Street, Chicago, the Bank is participating actively in banking affairs. In San Francisco and at Spokane the Bank also has its own office.

BANK OF MONTREAL
Established over 100 years
Total Assets in excess of $650,000,000
