Eugenia Correspondence

Hon. Arthur Meighen Coming To Eugenia

The people of Eugenia are to be greatly favoured on Tuesday Aug. 21st, when the Rt. Honourable Arthur Meighan, will be present at the Conservative picnic. He is undoubtedly one of the great statesmen of our Dominion. It will no doubt be a treat to hear him irrespective of our political leanings.

We will also have the Minister of Public Works with us which will add greatly to the interest of the day, and he will be able, no doubt, to tell us how the money is spent. It would be very fitting if each of the residents would do what they could to make our picturesque little village as clean, gala and festive looking as possible, as there will be a day second to that, if not as big as, the unveiling of our memorial as this convention is for all of Central Ontario, and we will have visitors and prominent men and Members of Parliament from five counties, together with others who will visit the picnic here. To have the village looking spick and span with our flags and bunting flying, will leave a lasting impression which we would wish to create. The memorial committee are taking advantage of this big occasion and have already made arrangements and erected booths and will cater to those not provided with lunch and incidentally try to pay off the deficit on the Memorial fence. Anyone wishing to help could call up Mrs. Morgan or Mrs. Large. All help will be acceptable.

Edward the youngest son of Mr. and Mrs. John Campbell, had the misfortune to have two of his fingers taken off at the first joint while playing near the mower which his older brother was oiling. The little lad is only two years old, but is getting along nicely under the care of Dr. Guy.

Service in the church here will be withdrawn for the next two Sundays and the pulpit will be supplied for the first two Sundays in September, when Rev. Harrower will again take charge of the work after his holidays.

Will Work On Memorial Plot

Everyone interested in the Memorial plot and all it stands for are invited to attend a bee this Wednesday and Thursday. Those who cannot make arrangements to come Wednesday will be very acceptable with their help on Thursday, as we want to put the memorial plot into shape and at the present time when the earth is so moist will be much easier to put into shape. Will everyone who can passibly make arrangements to come be on hand and teams will be needed both days. Let us sacrifice one or both of these days in memory of those dear boys who paid the supreme sacrifice and do our little bit to keep their memory fresh before the public who visit this spot in thousands each season.

WIARTON ECHO APOLOGIZES

Typhographical errors will occur in the best of regulated newspapers. Last week we had one of our estimable lady readers visiting out of town for a few days. Now as a matter of fact it was her husband's trip we meant to record, and that was where the error occurred. Now Mr. ——— is one of those fellows who believes everything he reads in the Echo and on his return his wife had some explaining to do to convince him that she stayed faithfully at home during his absence but he was only convinced when we assured him that the error was ours.

But that mistake is simple compared with the one contemporary of ours made in the obituary notice of a respected citizen when it said :"The remains were reverently borne to their last roasting place by the brethren of the lodge." How would you like to be the editor about that time?
