Thomas F. Lockhart Died Sunday A.M.

Died From Blood Poisoning From Bite Of Mink

The Advance regrets very keenly to announce the death of Mr. Thomas Fraser Lockhart of Dundalk, who passed away on Sunday morning after an extremely painful illness from blood poisoning, caused by the bite of a mink, the event of which we gave out a couple of weeks ago. Mr. Lockhart was, we believe, a native of Artemesia township, where he was born 56 years ago. He leaves a sorrowing wife and six children—four daughters and two sons.

Mr. Lockhart was a successful man of business, and was well liked by all who had dealings with him. More recently he has been engaged in fox ranching, in which he has also been very successful. He was a member of the Dundalk Masonic Lodge, and the the funeral at Dundalk takes place this (Wednesday) afternoon under the auspices of that Order.

The writer was associated with him as a member of the High Falls Hunt Club, to which he had for many years been attached, and we, along with the other members of that Club, feel his death very keenly. His ready wit and extensive knowledge of forest lore made him a companion to be admired and respected, and with every other member of the party we join in extending our sympathy to the family. We all knew his worth as husband and father, and join in mourning with them over the seemingly useless destruction of a life which we deemed so useful.

There were quite a number from the surrounding country also there. About two thousand people viewed the launching of the immense boat.
