To Everywoman

MANY women lack savings accounts, thinking their surplus too trifling to bank. Small amounts, accumulated gradually, are your strength in an emergency.

Standard Service welcomes small as well as large accounts.

This organization keeps up its reputation under the capable leadership of Mr. W. S. Perkins. The band is composed of seventeen members and provides excellent music. Come again, gentlemen.

Operation Was Necessary To Save Athletes Life

Jas. Davidson Was Kicked In Stomach During The Tournament

Mr. James Davidson, miller at Feversham, received a very serious injury while playing football in the tournament there on Saturday. In the scrimmage he was kicked in the stomach by a player in the Collingwood Scottish team. The injury was not thought much about for the time and Mr. Davidson went on playing until forced to stop by the pain. He was driven to his residence in a motor and Dr. Guy of Maxwell attended him. It was later found that a severe internal injury had been received. On Sunday an operation was decided on for a perforation of the bowels, and this was performed by Dr. McFaul of Collingwood, Dr. Guy of Maxwell and Dr. Carter of Dundalk. The operation was successful and Mr. Davidson's many friends hope his recovery may be speedy.

A report on his condition was received this Wednesday morning and he spent a restful night, and it is thought that he is on the mend.

Oil Truck Struck Car Broadside--Nobody Hurt

Three In Coupe When It Was Struck Monday Afternoon

Mr. Frank Bunt of the Bank of Montreal went through an experience on Monday afternoon that we venture to say he would not care to have repeated. He, with his two sisters, had been down to the mill pond in his coupe, and was coming out the trail from the planing factory on to the street, when just as he passed out the big Hanover oil truck, which had been serving dealers in town, bore down on him. The driver of the truck applied the emergency and had his truck pretty well slowed up, but not sufficient to prevent a collision The coupe was struck broadside and fender and body crushed in. One tire was destroyed, axle bent and other damage incurred, but fortunately the coupe did not turn over, thereby avoiding what might easly have been a fatality. At the point where the accident occurred the approaches are hidden by rising ground and it is a point of real danger to drivers coming out from the mill. The driver of the coupe should congratulate himself that there was not a fatal ending to this accident.

Some Sunday Accidents

Car Turned Cow Over Three Times On County Road

A couple of accidents occurred in this vicinity on Sunday both of which proved fatal to the cars only, the occupants getting off without injury.

A car driven by a couple of Markdale young men ran over a culvert between Rock Mills and Maxwell. The car must have been going at considerable speed as it coursed along the ditch for three or four rods, over sticks and logs, before it brought up aganst a stump, which stopped it effectively. The front of the car was serously damaged.

Leonard Alcox of the Orange Valley came into contact with a cow Sunday night. He had been at religious services at Rock Mills and coming home there were several cars ahead which raised clouds of dust in the night air. A mile or so east of Flesherton he noticed a cow crossing the road and slowed up to let her pass. Cows have the right of way (probably why they are called bossy) but not the right to be in the way. However, this cow safely passed the danger point and Mr. Alcox stepped on the gas to proceed and ran full tilt broadside into a second cow which could not be distinguished owing to its color and the dust. Leonard says he bowled the cow over twice before she came to a stop, and judging by the car one can easily believe it, for the radiator was completely destroyed, also the left fenders and lamp bracket. We believe the cow was not seriously damaged, but she probably had the scare of her young life.

Oil Tanks Have Been Built A Ceylon

The British-American Oil Company have built an oil station at Ceylon for the convenience of the dealers in this district, and will have it in operation in a week or ten days. The cement work was under the supervision of Mr. Thos. Lever of Flesherton. Messrs. Down & Sons have sold the company a tank delivery truck and Mr. Jas. Hales of town has been engaged to run it, his duties to commence on Monday. Down's garage has erected two filling stations and will carry both grades of the British--American gasoline.

Killed In Street Car Accident At Winnipeg

Was A Brother Of W. Moore Of Flesherton

Mr. Will Moore of town received the sad intelligence last week that his youngest brother, Joseph Moore, had been killed in a street railway accident at Winnipeg. The unfortunate man had run a car out to a club house and ran into an open switch, which threw him off the car, he alighting on his head. He remained unconscious for some little time, but death ensued. The deceased gentleman was 50 years of age unmarried. He was born in Normanby township, a few miles from Durham, and went West 25 years ago. For a long time he had been employed on the Winnipeg street railway.

A sister, Mrs. Jamees Norris of Lancer, Sask., accompanied the remains home. Mr. Will Moore met his sister in Toronto on Sunday and brought her home with him. The funeral took place to the family burial ground in Normanby on Tuesday of this week.

The Winnipeg Evening Telegram of Aug. 20 says: Joseph Moore, 45 years old, motorman, the oldest employee of the Winnipeg Electric company, in pont of service, died at 6.10 a.m. to-day in the Winnipeg general hospital from injuries received at 7.25 p.m. Tuesday, in a street car collision at the intersection of the St. Charles line and the spur on the St. Charles Country Club. He was hurled through the front of the car by the force of the impact, his skull was fractured, inducing severe cerebral hemorrhage, and he died without regaining consciousness. The cause of the accident is attributed to an open switch at the junction of the two lines. The car which Mr. Moore was operating struck the switch, ran up on the spur, telescoped a car standing on the line to the club, and carried it back 75 yards. No passengers were in either car.

Mr. Moore was 45 years of age.

Old Principal Of Public School Visits Us Again

The Advance had a pleasant call one day last week from Mr. and Mrs. J. E. Fawcett and daughter, Joy, and Mrs. Joy, of Toronto. Mr. Fawcett was principal of Flesherton public school nineteen years ago, and after leaving here took the principalship of the Norway school, which, under his guidance, has became one of the best schools in Toronto. After leaving here he married Miss Annie Joy, the youngest of the Joy sisters, so widely known as singers of great ability and charm. Her daughter, Miss Joy, now a young lady of seventeen, inherits her mother's vocal and musical ability to a marked degree, and has been very successful in her studies. We were indeed delighted to renew acquaintances after these nineteen years. The family have a summer cottage on Lake Simcoe and ran up to see old friends here.

Get ready to show at the Flesherton Fall Fair, September 25-26.

The Value of Ready Money

WHEN the Dominion of Canada Loan was offered to the public in October, 1923, most of the $200,000,000 worth of bonds were purchased in a few days.

This investment was eagerly desired by everyone—but was secured by those who had *ready money*.

Ready money shows foresight and determination, the two most important qualities necessary for success.
