THE GLORIOUS CELEBRATION OF THE BATTLE OF THE BOYNE

The glorious celebration of the battle of the Boyne was one of the grandest ever witnessed in Linday, in which every orange man, true blue and all orders belonging to the cause did honor to the day by rallying out in full colors, each following their respective banners. Kinmount loyal orange lodge 1109, the brethren from the corner lodge in Galway, the true blues of Kinmount, and our boys in the band who gave us excellent music, and our little boys, with our worthy master W. T. Craig leading the procession, marched to the station in the morning. A number of our no current boys took part; also the little boys and came from East Galway. We were glad to see our gallant major, Samuel Hughes M. P. county master of Victoria directing the procession.

People are busy buying. Last week many barrels were stored away. Fall grain is ripe; also spring grain is looking well; root crops would be better of a shower.

Our new post-office at Ewan has been running since the 2nd of July and is highly appreciated by the settlers as it is well located.

Next to our Jack-in-the-box who occasionally steps over the line, comes one who desires a little respectable dance of an hour or so, but still believes in chance games with fairs at circuses and returning home light in pocket and probably heavier in heart.

A Montreal Mother Tells How Her Baby was Saved.

The Little One Now Fat and Strong.

"Having used your celebrated Lactated Food for several months for my baby, I have now much pleasure in testifying to its great superiority.

"Before using Lactated Food I was feeding my baby with other makes of food. She became very sickly and we thought she would die.

"The use of Lactated Food completely restored my baby to health, and made her strong, fat and robust. She has never had any of the usual summer complaints common to children fed on poor foods. I strongly recommend Lactated Food to all mothers.

This is the testimony of Mrs. A. L. Gagnon, of 275 St. Charles Borromeo street, Montreal.

Mothers who are sad and despondent about their weak, puny and sickly babies, should take comfort and encouragement from the above letter.

No other infant food in the world is so conducive to the growth, development and health of the babe in summer time as Lactated Food. No cholera infantum or other dangers can strike when this health-giving food is used for baby. Thousands of mothers know that "Lactated Food Saves Babies Lives."
