OIL REFINERY AT SOUTHAMPTON

The Mulberry Creek Oil Company who has been drilling for oil on the Bruce Peninsula since last fall, has decided to erect a 3,000-barrel refining plant in Southampton, at a cost of approximately $300,000 The refinery will be built close to the C.N.R and harbor. It is expected that the company will employ 100 men. The company has received assurance from the Dominion Government that their pipe line may be laid along the shore from Spry, where the oil wells are located, to Southampton, a distance of 35 miles. The oil well is located on the Fowlie farm, one and a half miles north of Lion's Head. They have sunk a well to the depth of 1,600 feet and when they have reached another 500 feet in about a month they expect to have a production eestimated at 500 barreis of crude oil per day. The company holds leases on 14,000 acres of land on the Bruce Peninsula and they have already spent $7,000 on the Bruce Peninsula property. Geologists declare that oil is there in large quantities.—Mt. Forest Confederate.

School Meeting at Eugenia

The following report of a meeting at Eugenia was written some time ago but was only sent in to The Advance office last week.

On Saturday evening August 2nd, Mr. A. F. Pedlar, delegate to the O. E. A. from the Artemesia Rural Trustees Board, called a meeting in the school house, Eugenia. There was a large attendance of ratepayers present. Mr. Pedlar gave a fine address, discussing the work of the O.E.A. He said the assemblage of Trustees at the O.E.A. comprsed 1045, including 864 rural delegates, 174 urbans, and 7 school officers. T. D. Sinclair B.A., was appointed president instead of Mr. Goodfellow, who was president. Many resolutions were introduced, some of which were carried. There were two resolutions from the A. R. T. Board, viz,—

(1) That the power should be restored to the County Council to discharge inspectors. (2) That there should be no increase in the inspector's salary. These were both carried. Another resolution, that the teacher should remain at the school house during the noon hour was also carried. This was defeated two years ago. Trustees to be paid for all the work they do at the school, was carried. Premier Ferguson delivered an excellent address in reference to the educational system. He said that the system would stand as it is for the present, and that Premier Drury had handed us down one of the finest systems of education. He said that there would be no change whatever, only that there would be no homework. He hated homework when a lad attending school. His mother had to stand over him to see that his homework was done and he said that if ever he had the chance he'd get even with homework. So now he's got it, and "homework is banished." Miss A. McPhail spoke at the O.E.A. on "Rural needs for Education," which was listened to with great interest.

The urban people brought forth the idea for townships to have a school board comprised of three trustees. This was suggested by Macbeth and offset by Boyer of Moorefield. There was an interesting debate for and against consolidated schools. The negative won.

Mr. H. Corbett of Proton was nominated on the Executive Committee for 1924 and Mr. Pedlar for Provincial Vice-president of the rural sections. This was rejected because these two men were both from the same county, so Corbett resigned. This goes to prove that there must be co-operation and organization of the rural sections. The rural people must floor their own problems and fight their own battles. As soon as the townships get organized the rurals will begin to climb the path of knowledge and not let the urbans do it for them. Rural people must think out their own ideas and plans. Mr. Pedlar visited Cheeseville and Proton school section meetings. Messrs. H. Corbett, G. White, B. Magee, H. Shaw and Stephens were present at the school meeting at Eugenia and they also had attended the O.E.A. Mr. Corbett delivered a fine address on the resolutions introduced; Stephens, who upheld the resolution for the County Council to discharge the inspector at the O.E.A., gave a good address and spoke about the high salary of the inspectors. White gave a short address on consolidated schools. Mr. B. Magee gave a brief address, and said that the O.E.A. was a hard place for a man to go to if he was not well versed along educational lines, and was "backward in coming forward." Mr. Shaw spoke on what Premier Ferguson had promised. Mr. Pedlar thinks that the time will come when teacher's salaries will be greatly lowered and that a section paying over $700 for a teacher will have to meet the amount over that sum, as other sections do not derive any benefit from that teacher. The meeting closed with a vote of thanks for those who helped to make it a success. It was quite a profitable and interesting meeting.
