THE FLESHERTON ADVANCE

W. H. THURSTON, - Editor

HISTORY REPEATS ITSELF

Recently a glowing report was received through several newspapers of a big strike of oil on the Bruce peninsula near Spry, under the operation of the Mulberry Creek Oil Company, and a big refinery plant was to be located at Southampton. Since then the truth has come to light and the bright hopes of a booming town have been extinguished, as the drill struck a dry pocket, showing that oil was very conspicuous by its absence. We had the same experiment at Flesherton five years ago and to-day the company has pulled up stakes and moved their outfit to more lucrative fields. One derrick, on the farm of D. McTavish on the southern outskirts of town, is still standing, testifying the absence of oil here, although in places indications of oil had been discovered. The only person receiving any income from the local experiment is the owner of the land on which the derrick is situated, and all that the shareholders have out of their investment is the rosy thought of what might have been if oil had been struck.

WONDERFUUL GROWTHS

The potato crop in this vicinity is quite abnormal this year. In addition to growing potatoes under ground the vines are producing small potatoes along the entire length, according to some evidence we have seen. Our exchanges from several quarters chronicle the same phenomenon. Seed balls are also formed abundantly this year, which is something quite unusual of late years. No sign of rot has been discovered, and the crop is likely to be an enormous one in all Ontario, owing to the cool, damp summer.

Strawberry plots are producing a second crop off the common garden variety. The Advance man has a few vines and has picked numbers of ripe, luscious berries from them within the past two weeks.

RALLY DAY.

The Methodist Sunday School will take charge of the Sunday morning service in the church and will give the regular Rally Day program. A special address will be delivered by the pastor.

A Letter From Duff

Mr. Ernie Wurts of Duff, Sask., a former resident here, gives us some more information about Western crops in the following short letter. Mr. Wurtz says :—

"I have no doubt you will be surprised to receive this letter from me. We read The Advance with interest each week. It is the same as a letter from some of our home-town friends. I notice in two of the last issues letters from a Mr. LeGard of Glenside. I have no doubt these letters may be a true report of his district, but they are far from giving a correct idea of the average crop condition in the three Western provinces. Crops in some districts are poor, while in many they are average, and in some they are real good. Wheat threshing is going on in many parts at present and is yielding from 25 to 40 bushels per acre of No. 1, weighing from 62 to 70 pounds per bushel; in fact there are some very favorable reports coming in daily from different parts.

Farming in the West is not all smooth sailing. We have our troubles, the same as all other places. For instance, non-equalization of prices of farm products compared with the necessaries we have to buy."

ROCK MILLS

Mr. and Mrs. J. McCoskery and Mr. and Mrs. J. Burgess of Durham motored over and visited with the former's nephew, Chas. Newell.

Quite a number from around here have been attending the camp meetings at Clarksburg.

Mr. and Mrs. Walter Russell and family visited with the former's brother at Wareham.

The U.F.W.O. Club will hold their monthly meeting at the home of Mrs. Fred Pedlar on Wednesday, Oct. 8th. This meeting is for ordering only.

Quite a number from here attended Mr. E. Riley's sale on Saturday last.

Mr. and Mrs. Chas. Newell, accompanied by W. J. Newell visited with the former's parents at Durham.

Mr. Thos. Black, wife and family visited with her father, Mr. Jas. Russell, who has been ill, but we are pleased to know he is improving.

Mrs. Thos. Betts and family visited with the former's son, Edgar, of the 8th line, Osprey.

The Rock Mills U.F.W.O. Club visited the Osprey Club on Friday of last week, which met at the home of Mrs. Wilbert Poole, Maxwell. A goodly number were present. Both clubs took part in the program, the two presidents occupying the chair. Mrs. E. Hawton, president of the Osprey Club, opened the meeting by singing after which the creed was read. Rev. Geo. Buckingham was present and addressed the ladies on the temperance question, religion in the home, etc., which were well received. The chair was then occupied by the Rock Mills president, Mrs Fred Pedlar. The remainder of the program was a fine paper given by Mrs. A. Cameron, entitled, "The Evils of Fault-finding. Mrs. John Hargrave gave a reading on Temperance. A hearty vote of thanks was tendered to Mrs. Poole and the meeting closed with singing. A dainty lunch was then served by the Osprey ladies and a social half-hour was enjoyed over the luncheon.

A serious charge has been laid against Wm. Cousins, a Chesley jeweler, in conection with his relations with a young girl under 16 years of age. It is alleged that on Saturday evening he went away wtih the girl in his car and remained with her all day on Sunday and was on the way to Southampton when he was placed under arrest and taken to the county jail at Walkerton. Cousins is a married man with a family. He appeared before Magistrate McNabb, and was remanded for eight days, bail being refused.

FARMS FOR SALE OR LEASE IN TOWNSHIP OF OSPREY

South half of Lot 16 and Lot 17, Con. 13, containing 150 acres, of which 115 acres are under cultivation, 20 acres in hardwood bush, 5 acres swamp and the balance pasture. The soil is gravelly loam, slightly rolling. The buildings on the farm consist of one and a half story frame house and bank barn. There are 60 apple trees on the farm and the farm is watered by well and spring.

Lot 18, Con. 13, and Lot 19, Con. 12, containing 200 acres, of which 130 acres are under cultivation, 50 acres in hard and soft wood bush, and the balance pasture. The soil clay and gravelly loam, 10 acres hilly and the balance slightly rolling. The bluildings consist of a one and a half story frame house, bank barn and shed. There are also a number of apple trees and the farm is watered by well and pond.

Passed Examinations

A few weeks ago Mr. Thos. Findlay, undertaker and furniture dealer, was in Toronto and tried his examinations on embalming at the school there, the result of which was received Saturday showing that Mr. Findlay had passed with 85 per cent. of the total number of marks. This was a real fine showing, as sixty-seven tried the examinations and only twenty-two passed. We congratulate Mr. Findlay on the high marks he has received and who is now able to take full charge of a funeral ceremony.

Field Day Sept. 30th

The Flesherton high school field day will be held on Tuesday afternoon, September 23rd. Great preparations are being made. A good number of events will be run off, both boys and girls taking part. Sports begin at 1.30, including running, vaulting, jumping, etc. A ball game will be played and will be worth seeing. Turn out and support the team and school. The sports will be held on the Agricultural grounds.

Meaford high school bond issue for $30,00 has been disposed of at a price of $106.17.
