Vol.45 No. 23 | Flesherton, Ontario, November 5, 1924 | W.H. Thurston & Son, Proprietors

FEVERSHAM

The sudden change to cooler weather on Sunday last made us think that winter is coming and to take an extra look at our wood pile.

Mr. and Mrs. Wm. Kerton of Pennsylvania, U.S.A., attended the funeral of the latter's father, Mr. Boyce, and visited with the former's mother, Mrs. John Kerton, here last week.

Mr. and Mrs. John Stewart of Flesherton spent the wek end with Mr. and Mrs. Colquette.

Mr. and Mrs. Duffield and Mrs. C. H. Smith attended the Youn People's convention in Collingwood last week.

Hallowe'en passed off quietly in this village. Of course there were a few spooks, goblins and hobgoblins to be seen moving around. R. J.'s gates got dry and went down to the Temperance Hotel for a drink and J. P. must have got short of money for his ten barrel tank [illegible] the bank door, waiting for the teller to arrive in the morning.

FIVE THOUSAND DOLLARS CASH.

How would you like to wake up some morning and find you were the winner of $500? Some person is going to get it. Why not you? The Family Herald and Weekly Star of Montreal are offering Ten Thousand Dollars in cash prizes to those who make the best estimates of the total number of votes to be polled at the next Federal Election. There were 3,119,306 polled out of a total of 4,435,310 in 1921. The next election is not far away. How many will vote? It costs nothing to make an estimate if you are a subscriber to that great weekly for 1925. The Family Herald has a wonderful program this season. It is admitted to be the best family and farm paper on this Continent. A very handsome art calendar is also given to each subscriber. It is the biggest Two Dollars worth ever offered in Canada. Write for a sample copy or leave your subscription at this office. You will never regret it.

ROCK MILLS

The evangelical meetings commenced in the Rock Mills Baptist church on Sunday evening, November 2nd. Rev. Mr. C. J. Loney of Hamilton occupied the pulpit and delivered a very fine sermon. Rev. and Mrs. Gunton of Hamilton will have charge of the meetings commencing Wednesday evening and will continue them for ten days.

Mrs. Jas. Park and daughter, Mrs. George Patton, of Owen Sound visited with the former's daughter, Mrs. D. Clark. Mrs. Patton has returned home, but Mrs. Park will remain for a time.

Mr. George Hargrave visited over Sunday with his wife here.

Don't forget the annual meeting of the U.F.W.O., Unity Club, to be held at the home of Mrs. I. Smith on Wednesday, Nov. 5th.

Ossuary Found On Robt. Allister's Farm

Peter Stoutenburg writes to the Collingwood Enterprise as follows:—

A discovery of unknown importance as yet was made by a Mr. Jos. Henderson of Sask., in the early part of last summer. While visiting friends in Osprey township, he noticed several large mounds on the farm of Mr. Robert Allister, about a mile south of the village of Feversham, which contained innumerable numbers of petrified heads and gathered several specimens which have since been donated to the Huron institute. The find of Mr. Henderson aroused the curiosity of myself and Mr. George Carefoot of St. Catharines to make a special trip to the mounds to get more specimens which we did and Mr. Carefoot took his specimens to the Department of Geology, University of Toronto, and there Mr. W. A. Parker writes Mr. Carefoot that it is probably a find of considerable importance and has written for more specimens.

Ard. Watt, a Southampton boy, about 12 years of age, was arraigned before County Magistrate A. E. McNab at Southampton last week, charged with cruelty to dogs, and was sentenced to an indefinite term in the reformatory. The lad had been up on several charges before and was given a chance to reform but did not take the warning. His latest specialty in the line of pranks was torturing dogs in the lake town. One of the dogs, owned by Joseph Arkell, was so badly burned by an application of turpentine that it had to be destroyed.

A traveller tells us that to walk through all the streets, avenues and lanes of London, not travelling the same avenue twice, would require a daily ten-mile walk for ten years.
