Addy Heron Writes From Shackleton, Sask.

Describes The Wheat Pool Which Is Now In Operation

Shackelton, Sask.

Dear Friend:—

I am sending you my subscription to the Advance which we look home paper. There is always someforward to every week, as it is our thing in it for us and I thought I would write you a few lines to let you know that we have not forgotten Flesherton and the East yet.

We had rather a dry summer up here this year, but our crops were not too bad for all that. Our summer-fallow turned out fourteen bushels to the acre and our stubble land about six bushels per acre, and it is all Number 1, Northern. We belong to the wheat pool and get 81½ cents per bushel when we sell at Shackleton station and we expect to get another payment in February or March and the final payment about July, so that we will lhave some money coming three times in a year. That will be a good thing for the farmers, as welll as for the business men. One thing with the wheat pool is that the farmer can sell as soon as he threshes or any time he likes in the year, and he gets the same price as the man who sells in the fall, winter or spring, so that makes it good for all the farmers. As last, and every year most of the farmers have to sell in the fall after they thresh as they can't do without money. In the fall the wheat is always the lowest in price at any time of the year, and selling through the open market when he sells, is all that he gets for his wheat.

I hope that you hunters had a good time hunting in the north this year.

Your old friend

—ADDY HERON.

No Cattle On Highways

Traffic Officer Wallace, who is in charge of the Provincial Highway from Guelph to Owen Sound has received instruction from the department that he is to enforce the law regarding cattle or other animals allowed to roam at will on the highway. Under the circumstances there is nothing for him to do but obey orders. Formerly the fine for this offence was $2.00 per head, but in the future the fine will be $5.00 per head and costs. Besides being a nuisance to traffic, animals running at large are a real danger, and it is with the intention of eliminating this danger that the department has decided to enforce this regulation more strictly. Farmers throughout the Province, too, have lost quite a lot of money through having animals killed, and the enforcement of the law will help them more financially than they could gain by having their stock picking up a precarious livelihood along the roadside.—Mt. Forest Confederate.

South East Grey Debating League Re-organized

At Durham on Friday, the South East Grey Debating Society was reorganized. The following are the Executive—President, Mr. H. McEachnie; Vice-President, W. J. Firth; 2nd Vice-President, Miss Myrtle McKessock; Secretary, T. Cooper; Directors, Artemesia, Howard Graham; Bentinck, Stewart McArthur. Egremont, Earl Mead; Glenelg, Clarence Robinson; Holland (to be appointed); Normanby, W. J. Ford; Osprey, Neil Norman; Proton, Richard Hardy; Sullivan, Wm. Milson.

The purpose of the league is to train the Young People of the Rural Districts in the art of Public Speaking. It is hoped that a large number of Rural organizations such as Women's Institutes, Young Peoples Societies of our churches; U. F. O.; U. F. W. O. Clubs, or any other Rural Clubs shall enter a team.

The secretary is hoping to receive a large number of entries before December 5th. Let this winter's debating series be the most successful of all.

U. F. W. O. Meeting

On Thursday, November 13th the Holdfast U.F.W.O. club meeting, held at Mrs. Edgar Patterson's home on the 4th concession, was very largely attended. Thirty-two members were present, also a number visitors. The meetng opened by singing "O, Canada" and repeating the creed, after which the minutes were read and adopted. The report of the Hallowe'en party showed a balance of $7.40.

Mrs. Archie Stewart president, was elected delegate to the Provincial convention December 16-19. Member ship tickets, by-laws and the first lesson in study course were distributed. Arrangements were made to express to Mrs. T. Sled, Vice-President, the fervent wish of the Club that health will soon return to her. Answers to questions on the form of Provincial government were given by five members.

An inspection was made of Mrs. Patterson's new and up-to-date hen house and to profit from a lecture and demonstration on culling by Mr. T. Stewart Cooper. He dwelt also on the need of co-operative marketing of eggs. On returning to the house an appetizing lunch was served. The next meeting is to be held at the home of John K. McLeod on December 11th.

HOCKEY PICTORIAL A MASTERPIECE

The editor has received a copy of the Hockey Pictorial which has just been published, and which is at once the handsomest and most complete publication every produced in the world for any single sport. It is a marvel of good taste in artistry and industry of achievement. It is impossible to speak too highly of it.

The book represents years of effort, typographically and pictorially, it is a "masterpiece." From cover to cover it is embellished with group pictures of championship teams fromm 1888 to 1924, in fact, the history of Canada's Great National Winter Sport is told in pictures.

Old-timers will be interested in the handsome halftones of the teams who were prominent a generation ago, while the younger enthusiasts will enjoy the reproductions of the more recent winners.

The book is not only lavishly illustrated, but is literally crammed with much interesting information regarding individuals, clubs and leagues throughout the country.

Local hockey fans will find a very interesting group picture of the Canadian Olympic Hockey Champions of 1924 on the front cover and also a complete history of the players and records right to the finals.

The book sells for $2.00, and can be secured by writing to the Hockey Pictorial, 84 Victoria St., Toronto.

Mrs. John Spanhouse Is 100 Years Old

Public Reception Given Her At Creemore

Mrs. John Spanhouse, who has lived under five sovereigns, celebrated her hundredth anniversary on Monday, November 10. A public reception in her honor was held in Allen's Hall, Creemore, and an address congratulating her on attaining her centenary was presented. She was also made the recipient of a purse of gold.

Mrs. Spanhouse was born a hundred years ago in York Mills. When eighteen, then Sarah Villier, she married John Spanhouse and occupied a farm near whre Unionville now is located. Seven girls and two boys were born there, the only surviving being Mrs. Robert Lougheed of Calgary, and Mrs. Wm. Veitch of Creemore, with whom Mrs. Spanhouse now resides.

In 1855 the family sold their property in York County and moved to the south line of Osprey Township, in this county, near the present village of Badgeros. The journey was made by rail to Collingwood, all their effects, including a team of horses, coming in a box car. Incidentally this was the first year of the operation of the old Northern line from Toronto to Collingwood, and the team of horses above referred to were the first owned in that portion of Grey County to which they moved.

Collingwood, 18 miles away, was the nearest source of supplies, and on more than one occasion Mrs. Spanhouse walked this distance when the horses were busy clearing the land.

With the exception of a little rheumatism Mrs. Spanhouse has never been sick in her long life and has never taken medicine. To-day, after passing the one hundredth milestone, she rises early and dresses, insists on making her own bed, eats well, reads some every day and takes an interest in the social happenings of the village.

Three weeks ago she went to the poll and cast her vote, probably being the oldest voter in Ontario.

Suffered A Stroke

Word has been received here that Mrs G. H. Walter suffered a stroke on Sunday, November 19th while in the performance of her duties as organist in a Presbyterian church in Calgary. She was taken to Holy Cross Hospital where strong hopes are held out for her complete recovery. Mrs. Walter is a sister of the editor of this paper and resided in town prior to her removal to Alberta.

On lake Nemi, a few miles from Rome, the Emperor Tiberias had a picturesque barge, or floating palace of a size that surpassed any other vessel of ancient times. Magnificent itself, it contained treasures of art from every corner of the Roman Empire and is believed still to contain most of them where it lies buried in the mud at the bottom of the lake. The Italian government now proposes to raise the barge or to get at it by draining the lake. It believes that there is a good chance of recovering objects for art that would make even the treasures of the tomb of Tutankhamun appear insignificant.
