Graham—Campbell.

On Nov. 5th Mr. Cardwell Graham and Miss Lily Campbell were united in marriage by Rev. Mr. Harrower at the Manse, Flesherton. Afterwards the happy young couple left for Toronto where they were given a recepton and shower by their many friends there. The bride and groom spent a few days with Mr. Graham's brother at Copper Cliff. A shower is being held Tuesday evening at the home of the bride's brother, J. W. The young couple are very popular and we join in wishing them a bon voyage.

Mrs. Leonard Latimer met with a nasty accident a few days ago while going down cellar. She lost her footing and fell, sustaining a broken shoulder which has been very painful, but we are pleased to be able to report that she is doing nicely. It will be a few days before she will be able to be around again.

Mr. P. Munshaw and Ern. Proctor, also Ern. Morgan, arrived home the past week with the reports of a good time, Ern. Proctor having shot a bear.

Rev. Mr. Mahaffy of Orangeville delivered a very instructive address in the church here which was listened to with strict attention by the congregation. Owing to weather and roads very few were out, but those who were not fortunate enough to get out missed an address which cast light on the great question of church union, which is being widely discussed both in the press and by all church people. Mr. Mahaffy did not present the case in the way of a debate, but took a few of the clauses from the bill and views of some of the most influential men of the church and which are being criticized so bitterly by the anti-unionists; and defended these clauses by giving a splendid explanation of the way in which these clauses would affect the congregation, officials and pastors, to the advantage of. all concerned. We are sure addresses of this kind will help create the great feeling of unity which should be experienced by all congregations joining in this splendid movement to the betterment of all mankind.

Anniversary services were held in the church here on the 16h. Rev. Rose of Corbetton took charge of both services and delivered two very fine addresses. The weather was very stormy and few were able to attend. The choir had special music and especially sweet was the number given by the childern at the mornnig service.

Jack Large has a fine assortment of private greeting cards, also booklets, to choose from at very moderate prices.

(This Week's Items)

Separate prizes for ladies and gentlemen. There will be a fish pond for the amusement of the crowd and, needless to say, the fishing will not be expensive, even though it is on the preserve. A good time is expected so join the crowd and help along the good cause.

A community Christmas tree, we believe, will be one of the main features of the evening's entertainment. Drills, choruses, recitations and dialogues will comprise the program and the children are looking forward with interest to this annual event.

What is a home worth? Criminologists, says a writer in a New York newspaper, can give the answer. Criminals rarely have a home unless it is a home of the wrong kind. Parents who want their children to grow up right should know: (1) that the ordinary person will always reflect his earlier life and the example he has received at home; (2) that, if a child has no respect for his home, he will have no respect for anything else; (3) that a home that has no religion for its basis has no meaning, no security and no power; and (4) that the home is the foundation of the community; nations that forget that truth will not endure.
