Lindsay is one of the few towns in Ontario that has not run down a pegleg as the suspected murderer of the London policeman. Surely we are a slow town.

A souvenir number of The Belleville Albert College Times is to hand. The editor-in-chief is Mr. A. W. Coon, an old Collegiate Institute boy. The number is a very creditable one indeed, well written and neatly gotten up. The issue contains a cut of Mr. Coon. He looks as bright and amiable as ever.

Monday was the 4th of July, the national day of the United States. In a quiet way the day was recognized all over Canada. Old Glory was floating bravely over the office of the American consul in town. A combination flag of the Union Jack and the stars and stripes, representing the Anglo-American union, was flying from the Simpson House on Dominion Day.

The members of Hackett Tree Blue Lodge No, 38 will meet in their lodge room on Sunday evening next, July 10th, at 6.15 p.m. to attend divine service with the Orangemen in the Cambridge street Methodist church.

The Port Hope Daily Times has been suspended until the first of September. The weekly Times will receive extra attention in the meantime.

A large moonlight excursion from Cassaren arrived in town Monday night per str. Crandella. After a half hour's stay in town the visitors returned about ten o'clock. While they were getting on the boat Mr. Frank Crandell had occasion to use a pike pole to clear the wharf of a gang of town youths who were obstructing the passage way. Mr. Crandell promises to make it hot for fellows of this description.

Miss Annie Watson of Lindsay and Miss Margaret D. Scott of Hamilton were appointed to the teaching staff of Lindsay schools at the last meeting of the Board of Education. There were many applicants.

Mr. John Lyons, who for the past twenty-two years has been engaged in the boot and shoe business on Kent st., has moved to William street, next door to R. G. Cornell's insurance office, where he will be prepared to attend to the wants of his numerous customers, renovate their understandings when required and furnish them with new ones when the old areworn out.

Congratulations to Dr. Wallace A. Scott, B.A., on passing his final examination before the Council of Physicians and Surgeons for Ontario. Dr. Scott is son of Wm. Scott, B. A., vice principal of Toronto Normal School, and nephew of Dr. McAlpine, of Lindsay, with whom he occasionally studied. Col. Hughes is uncle to the able young graduate.

The Omemee Orangemen will attend the 12th here headed by a brass band.

Letters have been received from Mr. Charlie Middleton, son of Mr. T. A. Middleton, who has been up in the Klondike all winter. Since the Mackenzie-Mann railway has been dropped Mr. Middleton says the bottom has fallen out of the whole Klondike trade. Had the railroad gone through, Glenora, from which he was writing, would have been one of the busiest towns in America. The killing of the project which promised to bring millions of dollars worth of trade to and from the Yukon country, has disheartened speculators, investors and tradesmen and consequently business just now is very dull and unless something is done quickly to brisken it up the Klondike boom which had such a meteoric rise will have as sudden a fall.

Very keen disappointment is felt by the clerks of the town over the fact there will be no half holiday this year. Why there will be no holiday this year nobody just seems exactly to know. It would appear that only some executive head is wanted to revive it this summer.

Amongst the many institutions of which Toronto is so justly proud, "Bellevue House," the private hospital of J. Algeron Temple, M.D., and Albert A. Macdonald, M.D., ranks very high, and is one which would reflect credit upon even much larger city than Toronto. Situated in a retired and pretty locality—the corner of Bellevue Avenue and Oxford st.—it affords to any ladies who may be for a time suffering from disease in any form all the pleasures and attractions of a home, whilst the staff of most efficient and skillful nurses render it a veritable haven to many a one from pain and suffering. All the latest medical works tell us that nursing ranks but little below medicine and the charges of this institution are very small when the great attention given and rapidity of recovery which generally ensues are considered. The enterprising physicians who are conducting this hospital are meeting with the success which their great skill and energy deserve, and it seems a pity that such a public boon should not be brought before the notice of residents of other places, hence the writer has taken the liberty of these few lines.—COM.

MARRIAGE LICENSES, under the provisions of the new act, are issued by T. Beall, at his residence, on Albert street, at any time of the day between 6 a.m. and 11 p.m.; also at his office in G. W. Beall's jewelry store during business hours as usual.—86-tf.

SAMANTHA AT SARATOGA, IN A NEW DRESS. —One of the funniest of all the funny books is certainly "Samantha at Saratoga." Will Carleton pronounces it "delicious humor" and Bishop Newman says it is "bitterest satire, coated with the sweetest of exhilarating fun." Formerly published by subscription at the price of $2.50, and sold, it is said, by the hundred thousand, it has recently been issued in an exquisite little cloth-bound volume in the "Cambridge Classics" series by the celebrated cheap-book publishers, Hurst & Co., of New York, as a means of widely advertising that series, and is sold at the fabulously low price of 25 cents. It would seem strange if it they should not sell a million of them They are sold by booksellers, or publishers direct.

Bamboo Fishing Poles, 10c. up at Bingham's.—55-1.

The town, saving the few who attended the baseball match, was pretty well deserted on Dominion Day. The Baptist church picnic to Gannon's narrows and the C. L. A. excursion to Rosedale were well attended, as was also the Oddfellow's excursion to the Thousand Islands. A number of athletes took in the Woodville, Fenelon Falls and other neighboring celebrations. As its quota Lindsay sent down about three hundred to the big Peterborough meet. Three Lindsay men Messrs. Callaghan, Martin and Bell competed in several of the races there and were well rooted for by the Lindsay contingent. Bell did not come up to the anticipations of his friends, but the former two considering the fast company made a creditable showing. All three riders gained a heap of experience that will be useful to them in the future.

I have tried every place in town and I get better tea and coffee at the Oak Front Grocery than any place else, and it's a handy place too. —40-tf.

Citizens evidently have some presentment of the big crowd that will be here on Tuesday, as nearly every other body one meets is going to run a booth—at least that is what the regular booth men think.

The Red Stockings of Toronto and the Lindsay baseball teams met in a good game at the Agricultural Park on the 1st. It was superior to the usual game of ball played here and deserved a better audience. Outside attractions carried away most of the crowd, but the fans who attended Friday's game were well satisfied. Although Lindsay lost, score 9—4, our boys showed that they could put a good fight and the next match is sure to be well patronized. As will be seen by the score below the game was a hard one all through.

CASTORIA is truly a marvellous thing for children. Doctors prescribe it, medical journals recommend it and more than a million mothers are using it in place of paregoric, Bateman's Drops, so-called soothing syrups and other narcotic and stupefying remedies. Castoria is the quickest thing in to regulate the stomach and bowels and give healthy sleep the world has ever seen. It is pleasant to the taste and absolutely harmless. It relieves constipation, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend.

Castoria is put up in one size bottles only. It is not sold in bulk. Don't allow any one to sell you anything else on the plea or promise that it is "just as good" and will answer every purpose." See that you get C-A-S-T-O-R-I-A.

NEWPORT, KY., NOV. 13, 1895.
GENTLEMEN:—Being one family among the thousands who use Castoria, although "unknown to you, I nevertheless desire to testify to its merits.
We have three children and they "cry for Castoria." When we give one a dose, the others cry for it too. I have never before recommended anything to the public, but I shall always take pleasure in recommending this child's medicine. If you desire to make use of this you may do so.

What love can compare with the tender self-sacrificing spirit of the weary, watch-worn mother by the side of her suffering little one? Such mothers take little or no account of their own weariness and weakness, but keep on until they drop. They seldom realize how completely their baby's health depends upon their own.

Every mother, and every woman who expects to be a mother, ought to obtain the health-bringing, strength-creating assistance of Dr. Pierce's Favorite Prescription. It gives elastic endurance to the organs concerned in motherhood, and nourishing vitality to the special nerve-centers.

Taken early during gestation, it makes motherhood perfectly safe and almost painless. Its beneficial effect is transmitted to the child in increased constitutional vigor. It protects the mother against relapse and improves the quantity and quality of nourishment during the nursing period.

It reinforces tired over-wrought women at every critical stage, and heals the special diseases to which they are subject. It was designed for this express purpose by an educated physician and skilled specialist.

Dr. Pierce has devoted thirty years to this particular field of practice. His thousand-page book, the "People's Medical Adviser," will be sent free, for 31 one-cent stamps to pay the *cost of customs and mailing only*. Or, cloth-bound for 50 stamps. Address, R. V. Pierce, M. D., Buffalo, N. Y.

Mrs. J. B. Clough, Box 203, Lisbon, Grafton Co., New Hampshire, writes: "I am the mother of a nice baby four and a half months old. He is a perfect child and weighs about eighteen pounds. If you remember I wrote you about a year ago about my condition. I cannot give too much praise to your 'Favorite Prescription' as it saved me a great deal of suffering. I got along remarkably well, this being my first baby."

The regular monthly meeting of the Childrens Aid Society will be held in the council chamber on Friday 8th, inst. this evening commencing at 8p. m. All interested are cordially invited to attend.

Part of the Fenelon Falls people, who will help to swell the number of visitors in Lindsay on the twelfth will make the trip in the Palace Barge Chemong, behind the good steamers Dawn and Waterwitch. The Fenelon Falls' Brass band and also a good string band will be in attendance. The excursion will leave the Fenelon Falls lock wharf at 8 a.m. and will arrive in Lindsay in good time for the sights.

The Royal Templars will have an afternoon excursion to Fenelon Falls on Tuesday, July 19th, per steamer Crandella. Boat leaves wharf at 1.30 p.m. Tickets, adults 25cts., children 15c. Be sure to go and have a pleasant time.

Dr. J. L. Sutton, honor graduate of Toronto University and Royal College of Dental Surgeons. Office over Anderson & Nugent's furniture store.—54-tf.

THE WARDER REPRESENTATIVE IN THE PHILIPPINES.—Among the many Canadians, all good and true men, manning the United States men of war in the Philippines, is Willie Cameron, a former member of THE WARDER staff, better known as "Reddy." Last spring before the outbreak of hostilities young Cameron had gone as gunner on the man of war Baltimore, was in the thickest of the great naval engagement under Admiral Dewey in Manila and received honorable mention for his daring conduct.

Another Lindsay lad with Uncle Sam's fleet. Master John McCarthy, son of conductor M. McCarthy, of the Grand Trunk, is one of the stalwart gunners on one of the United States gunboats—the Mayflower—fighting off the Cuban coast. He has already taken part in several hot engagements and is now engaged taking up Spanish torpedoes.

Still another Lindsay boy with Uncle Sam. The eldest son of Mr. Charles Silver is now in Cuba, having gone with the last contingent to the seat of war.

Dr. Wm. Allan, with Mrs. Allan and their two fine daughters, has taken up his residence in Lindsay. It will be remembered that Dr. Allan after leaving Janetville went to California but the climate though excellent for delicate persons is not salubrious. The Doctor will practice his profession here, he having taken Mr. Foster's house on Lindsay street, south ward.

Many citizens witnessed a singular phenomenon about eight o'clock on Tuesday evening. A meteor shot down through the sky, lighting up the sky like a flash of lightning and leaving a long zig zag streak that looked like steam in the track of its passage about half the distance from the zenith to the horizon. The wonderful sight lasted for fully fifteen minutes. Whitby people swear that the celestial visitor dropped in close proximity to Whitby; the Toronto people think it dropped in the west end of the city. Lindsay people saw quite plainly that it dropped into Lake Superior or even farther west.

What is there about a Sunday school picnic that has such a charm for the small boy and small girl too? The St. Andrew's church Sunday school may not have been suddenly increased in number on Tuesday, but there was a very large turn out of the scholars at the annual picnic. The Alice Ethel and barge took the happy excursionists to Pleasant Point and returning light the steamer took down a fair sized crowd in the afternoon. Pleasant Point makes an ideal picnic ground and needless to say the children put in a gala day with the boating, swimming and usual games. Horn Bros. ran their speedy little yacht to the picnic grounds in the afternoon and much to their delight took out several boat loads of the little ones for a skim around the lake.

Col. Sam. Hughes M.P. received an invitation to take part as guest in the great reunion of "British-born Americans" in Los Angeles, California, on July 4th. It would, indeed, have been a pleasure to accept of such an invitation; for as it is well known the views of Col Hughes have ever been broad and tolerant. He has ever professed the warmest admiration for the American people, and for many a long year is on record favoring first a close union in trade, war and politics of Britain and her colonies; and second, when the first should have been accomplished of the British Empire, viz, Britain and her colonies with the United States in trade and possibly in war and later perhaps in politics. Col. Hughes has never allowed the one or two agitators out of the ten thousand to prejudice him against the United States, but has ever realized that the great heart of the American people beat loyally in unison with that of the British Empire. He knows that one grasshopper will make more noise than one hundred fat cattle peacefully grazing.

Town commissioner Pilkie has a staff of men at work this week making much needed repairs on the town council chamber.

Major Bick of the south ward lost his coat on Saturday last. While washing out his boat at the railway bridge he laid the garment up on the embankment, but when he went to get it later, the article was a minus quantity. A strange man had been noticed loitering near the bridge, and as he was missing along with the coat he was undoubtedly a tramp thief. The young man does not mind the loss of the coat so much as the absent photo of his best girl, which was in the breast pocket nearest his heart.

Every day the inadequacy of the town wharf to accomodate the large traffic on the river is manifested. At different times during the day there are generally three passenger steamers moored at the wharf. When this fleet is added to by an excursion boat, several tow boats and scows, as is often the case the passage to the wharf is pretty well blocked. We understand that the town intend lengthening the wharf, taking advantage of Mr. Ribbon's magnanimous offer of ground. Orders have been given to remove several boat houses on the proposed site north west of the present wharf.

A PRISONER FROM KINMOUNT.—On Tuesday County Constable Amos Train of Kinmount brought to Lindsay a young lad fifteen years of age, named Sherman, convicted by Col. Deacon, C.P.M., on Monday, of stealing money from his mother. He remains in Lindsay gaol until an officer comes for him from Penetanguishene Reformatory, to which he has been sentenced for not less than two and not over five years.

ARRANGEMENTS for the celebration of the 12th in Lindsay are pretty well completed. Our visitors will begin to arrive early in the morning and from that on till late in the evening we may expect a regular Orangemen's day. It is not often that Lindsay has the privilege of entertaining so large a body of strangers and it is to be hoped that the town will do it well; where it is possible every one should decorate. Hang out a flag or a bit of gay ribbon of some kind to show that you welcome the visitors. Peterborough went to very great expense to entertain 4,000 wheelman. There will probably be many more than 4,000 Orangemen in town on Tuesday and citizens should act accordingly. A big parade will form at the Market square at 1 o'clock, and after parading some of the principal streets will return to the square where speeches will be delivered from the band stand. Cheap rates are announced from every point in the district. From Port Hope return fare is $1.05, Millbrook, 70 cts; Lakefield, 90 cts; Peterborough, 70 cts; Omemee, 30 cts; Coboconk, $1; Kirkfield, 75 cts; Uxbridge, 80 cts; Woodville, 50 cts; Severn, $1.35; Orillia, $1.10; Haliburton, $1.35; Kinmount, 90 cts; Fenelon Falls, 40 cts. Rates from intermediate points at a corresponding rate. A train not advertised on the railway bills will leave Fraserville at 9 o'clock in the morning and leaving Lindsay will return at six o'clock.
