AUTUMN.—The fields no longer contain the ripened grain. The hum of the thresher is heard on every side. The cool, bracing, evening air, the mild sunshiny days, the moaning of the wind as it carries away the rine, golden leaves and lets them fall to mother earth to die, the ragged, jaded appearance of the trees after being shorn of their covering, these suggest to all, but more forcibly to those who appreciate the beauties of nature, the thought, although we are enjoying delightful weather, it is nevertheless a fact, that

The melancholy days have come,
The saddest of the year.

Ice Cream now made in a Minute.

I have an Ice Cream Freezer that will freeze cream perfectly in one minute; as it is such a wonder a crowd will always be around, so any one can make from five to six dollars a day selling cream, and from ten to twenty dollars a day selling freezers, as people will always buy an article when it is demonstrated that they can make money by so doing. The cream is frozen instantly and is smooth and free from lumps. I have done so well myself and have friends succeeding so well that I felt it my duty to let others know of the opportunity, as I feel confident that any person in any locality can make money, as any person can sell cream and the freezer sells itself. J. F. Casey & Co., 1143 St. Charles st., St. Louis, Mo., will mail you complete instructions and will employ you on salary if you can give them your whole time. Wm. Mc.

Another Smart Woman.

My husband is poor but proud and he does not want me to work, as I have nothing to do I get restless, and after reading in your paper Mrs. Russell's experience selling self heating flatirons I concluded I would try it. I wrote to J. F. Casey & Co. St. Louis, Mo., and they treated me so nicely that I felt very much encouraged. As soon as I got my sample iron I started out, and sold 6 irons the first day clearing $18. I have not sold less than 3 any day since and one day sold 17. I now have $20 clear money and my husband does not know I have been working at all, but I am afraid he will be mad when I tell him. Have I done right or should I quit work and leave him to struggle alone.

AN ANXIOUS WIFE.

You are doing just right, your husband should be proud of you, go ahead and show the world what an energetic woman can do. The self heating iron seems to be a wonderful seller as we hear of so many that are succeeding in selling it. Why not make money around home.

Very truly, FRANKLIN S.

FOR 26 YEARS DUNN'S BAKING POWDER THE COOK'S BEST FRIEND LARGEST SALE IN CANADA.

The New Hook Spoon Free to all.

I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2 cent stamps. I sent for one, and found it so useful that I showed it to my friends, and made $13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2 cent stamps to Miss Fritz. This is a splendid way to make money around home.

Very truly, FRANKLIN S.

Keeps his place of business in prominence by doing his repair work thoroughly, the result of knowing the principal on which a watch is constructed. Several good watches have been put in first-class time keeping repair after having been pronounced worthless by incompetent workmen. Also by refusing to handle dry-goods jewelery, purchasing only from responsible houses for cash, and selling to suit the times. Gold-lined three and four plate silverware, Waltham, Elgin and Hampden watches always in stock. Personal attention to all repairing of watches.
