Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

Judging from the letters she is receiving from so many young girls, Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered. Miss Pratt says,—

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much **Lydia E. Pinkham's** wonderful **Vegetable Compound** has done for me. I was completely run-down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness." — MISS ALMA PRATT, Holly, Mich. — *$5000 forfeit if original of above letter proving genuineness cannot be produced.*

Eugenia

Born—At Eugenia, on Sunday, November 13th, to Mr and Mrs. Samuel Fisher, a daughter.

Messrs. W. and E. Fisher and G. Magee have returned home from a trip to Manitoba. They think Ontario good enough for them.

The many friends of Mr. and Mrs. Robert Haney, of Park Head, are very pleased to have them become residents of Eugenia.

Mr. and Mrs. Thos. McKee went to Nottawa village the past week to attend a wedding.

Mr. and Mrs. Fred Legard, of Toronto, were the guests of Mr. George Meldrum, of Salem, recently.

Mr. W. C. Pedlar, of Salem, has erected a handsome residence this fall.

Mr. Thos. Saunders, of Morden, Manitoba, is visiting his cousin, Mr. Munshaw, of the Eugenia House. Mr. Saunders has the honor of being the first person born at Eugenia.

Mr. Munshaw recently returned from his annual hunting trip to Muskoka. He enjoyed the sport immensely and brought home his alloted share of game. He gave a generous roast of good venison to all of his numerous friends at Eugenia.

Mr. Wesley Latimer, of Toronto, came up on a visit to his parents and enjoy a few days hunting in the woods around his former home.

Mr. and Mrs. Scilly, of Maxwell, were visitors at Mr. Hogg's the past week.

A feeling of sadness was cast over this community the past week on learning of the death of Mrs. John Benson at her home in Owen Sound where with her husband and family they had recently moved. Although she had been in delicate health for some time past, yet hopes were entertained of her recovery. She was a woman of sterling character, a true and loving wife, an affectionate mother, a kind neighbor, and beloved by all who knew her. Her bereaved husband and family have the sincere sympathy of all this community in which deceased was so well and favorably known. Her funeral took place from her old home here on Tuesday to Salem cemetery, where the Rev. Mr. Wass conducted the burial service. There amongst her kindred her body was laid to rest to await the glorious resurrection.

"It was not death but a blessed sleep,
For the Lord her precious dust doth keep."

Our lovely fall weather and good roads have been brought to an end by a heavy fall of snow on Saturday night, so now we may look out for squalls.

Mr. John English of Rockvale, has gone to visit friends in Idaho in the domains of Uncle Sam. May he enjoy a pleasant trip and safe return.

DISTRESSING CASE OF CONSUMPTION.

Four of One Family Pass Away—Last Daughter Now Ill.

A Toronto clergyman tells of a family in his congregation, which consisted of the mother and five children—the father being dead—four of whom in a few years have fallen victims to consumption and died. And now the fifth, a daughter, who is employed in the office of a wholesaler, and who has been the one source of support to the mother, is obliged to leave her work, realizing that she also—mainly, it is believed, as a result of nursing her brothers and sisters—has contracted this dread disease. Kind friends are interesting themselves in the case, but the difficulty met with is to send her to a place where the proper care and treatment will be given.

It is for such cases as this—and there is hardly a clergyman in any city who is not constantly meeting such appeals—that the new Free Consumptive Hospital, under the auspices of the National Sanitarium Association, is being built. The people of Canada as a whole must feel grateful to Mr. W. J. Gage and the executors of the late Hart A. Massey, who out of their own funds have erected this building. But before it can be occupied it must be furnished with beds and other proper furnishings and appointments. The National Sanitarium Association, already carrying a heavy debt, are not able to furnish the new building so generously placed at their disposal, and are appealing to citizens generally the Dominion over for $10,000 for this purpose.

It does not need the suggestion that this is the most pressing of all charities at this time, for the public are fully awakened to the widespread character of consumption, and also to the fact, as demonstrated by the best medical authorities, that when this disease is taken hold of in its early stages it, as much as any other disease, is curable. The new hospital, just so soon as the money is raised to complete the furnishings, will be ready to receive fifty patients, free of charge—even their railway fare will not be a tax upon them.

Chief Justice Sir Wm. R. Meredith, 4 Lamport Ave., Toronto, has kindly consented to receive contributions for the Free Consumptive Hospital; or they can be sent to Mr. W. J. Gage, 54 Front St. West, Toronto; or to the National Trust Co., Limited, 22 King St. East, Toronto.

A New Dairy Paper.

It is probable that Canada will shortly have a new dairy paper. Committees appointed by the Eastern and Western Dairymens' Associations have been considering the matter as a result of which it has practically been decided to form a joint stock company to start such a paper and conduct it as the official organ of both associations. Stock in this company will be limited to parties directly interested in dairying. It is expected the first number of the magazine will be published in time for distribution at the annual convention of the Dairymans' Associations in January.

Although dairying is one of the leading industries of Canada, there has never been any regular dairy paper and dairymen generally have long felt the need for such an organ. It is estimated that there are about 325,000 people in Canada directly interested in dairying, of which almost 100,000 live in Ontario. It is probable that the dairy paper and The Canadian Horticulturist, the official organ of the Ontario Fruit Growers' Association will be published under one management. The dairy paper will be issued semi-monthly for 60 cents a year, or 2 years for $1, thus ensuring a large circulation. As both papers have fields of their own, it is not expected there will be any conflict with the already established farm papers.

Man's Most Critical Age.

Very often the vital resources are small at forty-two, but if not then, between fifty-seven and sixty-two years of age there is a strange slowing down and loss of vitality. It is important that this transient period of decay should be checked, strength must be imparted to the tired brain, the weakened nerves must be fortified. The wise man will use Ferrozone whose potency is particularly applicable to these critical periods. Ferrozone quickens the whole being, imparts vigor and power, pushes back the onset of senility in a very manifest way. It's because Ferrozone gives strength, vitality and vigor that it is useful to old men. Try it. Price 50c.
