LETTER FROM H. HURLBURT FROM PEACE RIVER DIST.

The ice went out of the Peace and Smokey on April 13th. These two rivers join about two miles above the town. It is quite an impressive sight to see this large river, about half a mile wide, and in some places more, block up with ice and rise about 12 feet as it did this season. Large blocks of ice between 3 and 4 feet thick and what would be 50 and 75 ft square would pile up. We stood and watched it for two hours. Finally it all gave way. In a few hours more it woud have flooded the low part of the town.

The spring is earlier than usual, seeding is well on the way, some having over 100 acres in. The land is in good condition.
