The Most Liquid Investment

A SAVINGS Bank Account is primarily an investment. But it is the only investment yielding a fair rate of interest, that is available for your use at a moment's notice. Emergencies can be immediately met by the bank account that has been consistently developed. Your investment as such yields regular returns in interest. Your investment as a bank account yields constant satisfaction and peace of mind in the fact that it is always ready for other uses without the trouble of converting into cash.

Fined $15 And Costs For Walkerton Assault

Quite a number from this district attended the race meet at Walkerton on Thursday afternoon last, when a couple of the local horses were performing. There was also an amusement troupe on the grounds with merry-go-rounds for the entertainment of the multitudes.

To ride on the merry-go-round, a ticket had to be secured at a wicket, which was collected while the machine was in motion. Mr. Chas. Stafford of the 4th line purchased one, but somehow lost it while riding, and when the collector came around to secure his ticket, Charlie was unable to give it to him. Thinking he was the victim of a sharper, the collector commenced at once to show who was boss there, and he pulled Charlie off the outfit, and before he was aware of it, the operator hit him on both eyes, blackening them, and then knocked him down, besides administering a kicking. Another helper came to the operator's assistance when Charlie retaliated, but the police interferred and grabbed both the offenders and lodged them in jail. Charlie, and others from here, were held as witnesses and the trial took place Saturday, the offenders being assessed $15 and costs for disturbing the peace. Charlie should be able to secure a rake-off from the town of Walkerton for directly adding to the coffers of the town exchequer.
