Vandeleur

(Special to The Standard.)

Mr. and Mrs. Joe Buchanan have gone to Hamilton to attend the funeral of their sister-in-law, Mrs. Samuel Buchanan.

Mrs. Hudson and daughter, Margaret, Miss Irwin and Miss Tolton, also Mr. Cooper, of Meaford, spent the week-end with Mr. and Mrs. F. Davis.

Miss Lillian Buchanan spent a few days last week with Mr. and Mrs. Erskine, of Riverdale.

Mr. and Mrs. D. Graham and family visited recently with Mr. and Mrs. W. R. Burnett, of Markdale.

Mr. Frank Davis and Miss Florence Davis, also Mr. and Mrs. L. Johnston and Mr. and Mrs. Geo. Buchanan attended the funeral of the late Mr. M. Davidson, of Chesley, on Saturday last. Much sympathy is felt for Mrs. Davidson in the loss of her husband.

Mr. Albert Buchanan, of Owen Sound, spent a few days at his home here.

The Foresters and their wives are having a fowl supper in the hall on Tuesday evening, of this week.

Mr. W. A. Weber is having a sale on Friday, December 8th, at his farm in the Valley.

The December meeting of the Vandeleur Farmers' Club was held in the hall on Monday evening, of this week. Many communications were read by the Secretary. Much discussion took place and considerable business was transacted. Further arrangements were made for the shipping of a car load of oats to the fire sufferers in Temiskaming. Several hundred bushels have already been promised. The resolutions which are to come before the U. F. O. Provincial Convention in Toronto were taken up in detail and commented on by the members. Mr. W. A. Weber was elected delegate to the Convention. Mr. Cooper, of Markdale, was present and gave a splendid address. He told of his visit to the Royal Winter Fair and the work of the Grey County Judging Team there. Although the team was only in 17th place it was higher up than the team that took 1st at Ottawa last year. Three of the five boys of the team attended the short course given by the Department last winter. He told of the efforts of the Department to improve the hog and sheep industry. He warmly defended the grading of hogs and he showed by this method how the Danish farmers had captured the British market and only by so doing could the farmers of this country expect to get the highest prices for their produce. Mr. Cooper is full of zeal for his work and holds a warm place in the hearts of the farmers of this district. A report was read from the Club Skipper of the work of the Markdale Shipping Association for the past year, showing the amount of stock shipped and the amount of money received, as compared with last year. A noteworthy featurg in the report was the increase in the number of calves shipped this year, while there was a corresponding decrease in the number of matured cattle. The meeting was very largely attended and was one of the best in the history of the Club.

ERSKINE'S

Help burned Ontario over the Winter

MEN and women of Ontario—it is time that we should all realize the terrible completeness of the fire calamity that devastated Northern Ontario in the early days of October. Fires and calamities we have had before, but never such complete destruction as this.

Over 1,200 square miles laid desolate, town after town nothing but a bleak expanse of ruins, hundreds of farms swept bare, thousands of your fellow citizens "cleaned out" and thrown abruptly back into man's primeval struggle against nature and her grim forces: fire, hunger, ice and the stark northern cold.

Give 1,800 families a fighting chance to get on their feet. Temporary relief must go on. We must not fail the North.

Winter—the relentless foe

Coming as this terrible fire did, in the autumn, with the harvests in, with the townspeople already preparing for the rigors of winter—the complete destruction wrought is the harder to overcome.

Thousands of people at first had literally no place to lay their head, little to wear and nothing to eat. They had to be taken care of at first, somehow, and then, desperately as the days went by, and the cold grew more intense, rough but serviceable standard shacks, 16' x 20', have been replacing tents, old street cars, packing boxes and sheet iron—a regular food supply has been established, and rough clothing is being distributed.

What can a man do with his house a blackened hole in the ground, his barn a charred heap, his work shop a twisted pile of rubbish—and a northern blizzard raging over all?

Temporary Relief Until Spring

In the name of humanity we must see these fellow citizens through until Spring opens up the land and general business activities are resumed. Money must be forthcoming from the citizens of Ontario, from municipalities, industries, societies, public bodies, lodges, churches, etc.—not for rehabilitation or re-establishment, but for the supply of bare necessities, "temporary relief" in fact, to the stricken North.

The Brighter Side of the Picture

Everywhere throughout the fire swept district one hears only a strong, manly note of confidence, of resolution to go forward, to "stick to the country" if body and soul can be held together, to make good once more, to restore the hundreds of burned farms, to rebuild the eight or ten destroyed towns—And it will be done if the stream of temporary relief from Old Ontario does not dry up!

All for One—One for All

Here is a portion of our Province in ruins and for the sake of the whole Province as well as for its own sake, this section must be restored to prosperity and happiness. We need the North, we need its vigorous, pioneering spirit so on and all, let's "give a hand into the saddle"—and do it NOW.

Money is needed. The Relief Committee can buy in large quantities, get big discounts, and often free gifts of merchandise from the many manufacturers who are generously co-operating with the Committee. The exact needs are now known.

The Northern Ontario Fire Relief Committee

has been enlarged and now is thoroughly representative of the Province of Ontario. The Provincial Government is co-operating to the fullest extent and is doing everything that a Government can properly do to assist in temporarily relieving the fire sufferers.

To give immediate relief the Committee must secure actual cash without delay. If each municipality or county would devise some means of raising an amount equal to one half mill on the total assessment the relief can be continued. The raising of relief funds could be undertaken by public spirited citizens, clubs, churches or councils and provides a most deserving cause for Christmas giving. Now it is up to every community in Ontario to help a neighbouring district in its hour of trial. Make cheques payable to—
