League Picnic A Success

The annual picnic of the Young People's of the Methodist church in the Owen Sound District was held in the Memorial Park here, and in spite of the drizzling rain, and the unpleasant feeling resulting, a most enjoyable time was spent. About one hundred and fifty young people were present and all enjoyed themselves immensely.

Flesherton and Massey soft ball teams played an interesting game to open up proceedings, and Massey was victorious 17-12. Owen Sound and Dundalk then played, with Dundalk winning by a one sided score. In the final contest, Dundalk and Massey put up a strenuous contest with Massey being forced to accept defeat 16—12.

A fine supper was served in the park with the Ladies' Aid superintending operations in their usual capable manner.

In the absence of Rev. R. A. Spencer, Rev. Ellison presided at the meeting which followed and congratulated Massie on winning the missionary shield, and Flesherton for winning the diploma for the best suggestions for the picnic. Owing to the moist condition of the grounds, the program of races was withdrawn.

This was the last annual picnic of the league as organized under the Methodist church, but the hope is expressed by all that the United church may be as successful in its endeavours as the Owen Sound District Young People's League.

Mrs. H. Down is visiting her daughter, Mrs. W. Poole, in the Collingwood hospital this week. Mrs. Poole underwent a serious operation last week but is improving nicely under the care of Nurse Moffatt.

The union picnic held in Lever's grove last Thursday afternoon drew out a large crowd and fully three hundred and fifty people were in attendance. Ice cream and candy were given away freely and the day was fully enjoyed by all.

63 Potatoes In Two Hills Is Record Yield

A heavy thunder storm hit this district Tuesday afternoon and a vivid display of electricity from the clouds was witnessed. Rain fell heavily for some time and the ground was thoroughly soaked. The farmers are in the midst of their haying but it is not thought that the rain would affect the hay to any extent. In travelling around the township we notice numerous fields of wheat that are ripening nicely and prospects are bright for another bumper crop.

The potato crop will likely be heavy again this year as reports received point that way. Some are already using their new potatoes and one person took 63 potatoes of fairly good size from two hills, which is quite a record.

Mr. J. R. Fawcett of Kimberley is, we believe, the champion vegetable raiser in this district. On Tuesday he sent us a generous lot of big early potatoes, beets, onions, cabbage and casliflower, the latter head nine inches across. Mr. Fawcett sends us a sample of his early stuff every year. For the present excellent samples he will please accept our hearty thanks with the hope that he may live long to till mother earth.

TOWN COUNCIL

A SUBSTITUTE FOR FLEAS

Scientists have discovered a dog that s flea-proof, and are trying to find out the reason for its immunity. As dogs are popularly supposed to have fleas in order to keep them from worrying about being dogs, it will probably be found out that nature has afflicted this particular dog with another pritant. Maybe he has pyorrhea.

Few Can Equal It

When we look over our exchanges and read the entrance results of various centres we ra conscious of the remarkable record which the Flesherton public school, and Principal R. G. Holland, has achieved this year. At the exams eight students tried and all were successful four of them taking honors. Some schools had very few pass and the honor students were very few. We congratulate Mr. Holland on his excellent record this year.

Old Hen Dies but Chicks Hatch Anyway

Mrs. Grace McKinnon, Hepworth's oldest resident, handed an item in the other day which says she is real news. She set a hen on a dozen of eggs, Biddy was faithful to her duty for two weeks when she became ill and left the eggs. Mrs. McKnnon brought them into the house put them in a basket under a cane bottomed chair put a lamp under the chair too and the result was seven chicks hatched out and all are doing well. — O. S.
