The Standard Bank through the members of its staff, is anxious to use any opportunity that arises to demonstrate its value in offering personal advice on financial matters. The local manager of the Standard Bank will be glad to give intimate counsel upon money matters pertaining to your business.

SCHOOL CHILDREN'S PARADE BY SCHOOLS OF TOWNSHIP.

Entries for the fall fair to be held Thursday and Friday are pouring into the secretary from many points. The thousand mark is about reached and it looks like being a record-breaker in all departments. Live stock entries are well to the front and should make a fine display. Entries for the hall are, as usual, very popular and visitors to the Exhibition will have many exhibits to look over.

A big feature this year will be the school parade, when most of the schools in this district will be represented and should make a very striking parade. Good prizes are being donated and each school will try their hardest to come out on top. The parade is in excellent hands and the Directors expect that the parents will all dotheir best to be on hand and witness the drills, etc., of the different school sections.

Preparations are well in hand for the horse racing events and the committee are working hard to give everyone a very pleasant afternoon of this popular sport.

Applications for tickets for the big evening concert are already being made, news of the famous Brunswick Entertainers has evidently been spread about. Early application for seats will insure getting a good seat. Plans for taking care of a full house are being made so that everyone will have a chance to be present.

We should also mention the ladies' softball tournament in the afternoon. Director T. W. Findlay has this in charge and has engaged four real good teams. When the ladies play—'nuff said!
