

LINDSAY FALL SHOW. WATCHES.

I invite the attention of all visitors to Lindsay to my new and magnificent stock of GOLD AND SILVER WATCHES. My stock of silver American watches, including a line of watches especially adapted for school teachers' use, selected from reliable makers only, is the largest and best ever shown in Lindsay, and has been purchased entirely for cash. I particularly solicit an inspection of my stock by intending purchasers, and I am confident that I can quote lower prices than they can be bought for elsewhere or from any expensive city establishment, and instead of dealing with an entire stranger, one who never saw you before and whom you may never see again, you will have the advantage of buying from one who has lived in your own neighbourhood and will have an interest—such as no stranger would have—in giving you a good article and seeing that it gives perfect satisfaction.

G. W. BEALL.

BIRTHS.

In the township of Verulam, on Tuesday, March 22nd, the wife of Mr. Robert McFarland of a daughter.

In Fenelon Falls, on Monday, April 4th, the wife of Mr. D. G. Smith of a daughter.

DEATHS.

In the township of Verulam, on Saturday, April 2nd, Sarah, wife of Mr. Robert McFarland, aged 38 years.

An exchange prophesies that teaching every girl to thump a piano and every boy to be a bookkeeper will make potatoes \$5 per bushel in twenty years. The ice in Toronto bay is over two feet thick, and is not apparently disturbed by the recent winds. Sailors do not expect their boats to leave the docks before the second or third week in April, unless a good warm rain falls and the ice becomes honeycombed. A Toronto gun maker is filling a large order for Mr. Bodkin, an Irish landlord, at present in the city, and who is going west on a sporting tour. Mr. Bodkin is a superb specimen of humanity, standing seven feet in his stockings. He left Ireland because he was too big a mark for bullets.

MONEY, MONEY, MONEY.

I am now prepared to negotiate straight loans on good farm property security for any term of years at eight per cent. interest, with the privilege of repaying any portion of the principal at any time, the interest ceasing on the sum so paid.

This gives the borrower every chance. He can pay on his mortgage any sum he may be able to spare at any time and stop the interest on so much, or he can release his farm at any time without being obliged to pay the company a heavy bonus for taking their money. Expenses very little more than those of private loans.
