The Flesherton Advance.

Vol 45 No.23 | Flesherton, Ontario October 28 1925 | W. H. Thurston & Son, Proprietors

TO THE ELECTORS OF SOUTH-EAST GREY

Are you in favor of a political party that has so little confidence in its policies, that it has less than 100 candidates in a field of 245 constituencies?

Which has less than 40 candidates in 176 ridings East of the Manitoba boundary?

Which has a total of two candidates in the three Maritime Provinces?

Which couldn't form a government and put its policies into effect, even if all its candidates were elected?

Whose candidates are upholding different policies in different ridings, so that they can take no common ground on the main issues?

Are you in favor of tariff tinkering, which has closed over 2,000 of our factories, increased debt and taxation problems, piled up our national railway deficits, caused stagnation in business and exiled more than half a million of our people?

Are you in favor of saying to the world, come into Canada and help yourself to our home markets?

I have sufficient faith in your intelligence and your judgment to believe that you cannot lend your support to such a cause.

I stand in this election as the candidate of one of the two great parties which have been responsible for whatever measure of responsible government we have had in this Dominion.

I stand on a policy which has, more than anything else of a political nature, been responsible for the development of Canada both industrially and agriculturally. I am not not afraid of competition with the world if the dice were not loaded against us. I believe in a British Preferential Tariff, but I have just as firm a belief that charity should begin at home and that is poor policy to encourage the sweat shops of Europe, merely for the privilege of starting bread lines and opening charitable soup kitchens in our own country.

The Canadian steer and the Canadian hen are just as good as their Australian cousins, but if there is any farmer in Canada who thinks it good business to allow Australian meat into our markets at ½ cent per pound and Australian eggs free of duty altogether, while we have to pay 15% and 18 cents per dozen to get into Australia, then I have no argument that would possibly satisfy him. Australia is 7000 miles away, but their climate permits of grazing cattle 12 months in the year and the freight rate to Vancouver by boat is just the same as from Calgary to Vancourver.

The Australian treaty gold brick opens the home market of the Canadian farmer to outside competition to the extent of $200,000,000 per year.

I hold no brief for the manufacturer. I am simply prepared to give the Canadian producer in all lines of activity a decent chance in his home markets. Finally I am in complete accord with the policy laid down by the Rt. Hon. Mr. Meighen for a properly developed and organized pool to take care of the proper marketing of our export of farm products. According to Mr. Thos. Binnie, who is possibly the most prominent man in connection with the U. F. O. organization in this county, and the chairman of its Provincial Legislative Committee, the Conservative leader's policy in this regard is something that will do more for the farmers of this country than anything that has been offered them during the past decade. He was in the past a Liberal, is now Independent in politics and he says in a published letter, "I am going to ask the farmers of Canada to get behind the man whose policy will strengethen our cause more than any one thing that has been brought out during this or any past campaign."

On questions which are not the issues in this election, I would reserve the right, if elected, to vote as my intelligence and my judgment would direct without reference to political affiliation.

If you decide that my appeal is in your own interests and in the best interests of Canada, you will mark your ballot thus:—

Campbell, Lewis G.	X
Macphail, Agnes C.	

Sincerely yours, LEWIS G. CAMPBELL.

FEVERSHAM

(Intended for last week)

Mr. and Mrs. J. A. Stoutenburg and family and Mr. John Cauthers of Collingwood were callers with Mrs. Stoutenburg's brother, J. A. Davidson, last week.

While Will Bullock of Gibraltar was adjusting a belt on a gasoline engine he was cutting wood with last week. His coat sleeve caught pulling his hand and arm under the belt and around the pulley breaking his arm in two places, mangling his hand, and before the engine could be stopped, his whole body was whirling around the large wheel of the machine. Mr. Bullock was removed to the Collingwood Hospital, where he is doing as well as could be expected.

While Ivan Alexander was picking apples near Clarksburg, he stepped on a perfectly sound looking limb, which proved to be dosey at the heart, and broke off short, and the limb be held, broke off short, with with the limb he had hold of too, with the result that Ivan came down to the ground, and has an injured arm, a badly sprained wrist, and is otherwise quite badly shaken up.

Mr. Dan Hogg of Gribraltar had one of his fingers taken off, and his hand badly lacerated in the gear of a windmill last week. Dan will be laid up for some time.

A number from here attended the funeral of the late Mr.s John Kerton at Maxwell on Friday last. Mrs. Kerton died at the home of her son Marshall at Flesherton Wednesday evening. Her husband predeceased her some years ago.
