OUR YOUNG FOLKS.

THE YOUNG FISHERMAN.

In the glowing morning,
With his baited hook,
Johnnie tries his fortune
By the dashing brook.

Through the crystal water,
Darting in and out
Of their tiny caverns,
See the speckled trout.

Lucky day for fishing;
One, two, three, and more;—
Oh, the shining beauties
Lying on the shore!

Home our Johnnie trudges
With his spotted prize,
With his rod and fish-line,
Looking wondrous wise.

Little brother Charlie
Sees how it is done;
Says, "When I am bigger,
Won't I have such fun!"

Fish [illegible] on the table,
Boys are in their chairs;
What a savory breakfast
This young fisher shares!

Be Saving.

With an economical wife at the head of a house much can be accomplished. The idea of saving is a pleasant one; and if wives imbibed it once, they would cultivate it and adhere to it; and thus, when they are not aware of it, they would be laying the foundation of a competent security in a stormy time, and shelter in a rainy day. The wife who sees to her own house has a large field to save in. The best way for her to comprehend it is to keep an account of all current expenses. Probably not one woman in ten has an idea how much are the expenditures of herself and family. Let the housewife take the idea, act upon it and she will save something where before she thought it impossible. This is a study, yet not a sordid avarice but a moral obligation that rests upon the women as well as the men.

MYSTERIOUS.

The Alarming Nature of Unseen Dangers Accounted for—Why Men and Women are Timid.

"I fear [illegible] myself" [illegible] Napoleon, [illegible] the truth of his philosophy, [illegible] danger in every form; but the [illegible] of water-loo was [illegible] greater than the [illegible]. This same principle seems true with most people: we fear the unseen; we dread the unknown; we shrink from that which possesses the power to harm, that which is liable to break at any moment. A volcano is picturesque, but men do not build their homes upon its sides.

In the midst of such mystery and so many unseen dangers, we naturally feel a sense of awe. We wonder if some terrible calamity may not lie just beneath the surface of what is apparently bright and serene. We wonder if some small portion of the human machinery should get out of order what the result would be; and we fear disaster from powers we cannot comprehend. It is natural we should do so! It is reasonable we should wonder what would become of us if the delicate mechanism of the brain should get broken. It is natural we should ask what the result would be if the million tissues of the lungs, liver or kidneys should become disordered. A slight excess; a careless attention to the details of health apparently does no harm, but it none the less undermines the life. It is a draft upon vitality which must be honored in the future. The trite saying that such acts "drives nails in one's coffin" is as true as it is old.

But our own neglect is by no means all the unseen injuries that come to the human system. There are a thousand evil influences all around us at war with our lives. They are inhaled into the lungs and poison the blood; they are absorbed through the skin and fester disease; they are devoured with the food and corrode the most important organs of the body; they are transmitted by contact with vegetables and minerals as well as mankind. Good health is a thing to be acquired; it will not come of its own accord. The man or woman who possesses the power to counteract all these evil influences, and tendencies has obtained a [illegible] of untold value. The constant strain and exertions [illegible] referred to, gradually weaken some of the most important organs of the body and invite them to welcome the coming of broken health. The lungs, heart, liver and kidneys can very easily become weakened and bowel. By these very abuses and strains that are constantly brought to bear upon them. It is necessary to guard these organs and preserve their proper tone at all times.

A prominent gentleman residing at the east felt unusually tired one day, but supposing it to be caused by over-exertion he gave it little attention. The next day he was not so languid, but his head pained him. This he attributed to indigestion and took no further notice of it. Matters went along in this way for several weeks, the headaches and languor increasing, accompanied occasionally by certain dull pains in various parts of the body. He was not wholly insensible to these troubles; but being closely occupied, he heedlessly overlooked them. There finally came an intense pain in the small of the back; his ankles became swollen to twice their natural size, most violent nausea took possession of him, and life seemed one intense pain. A physician was called, who pronounced it Bright's disease of the kidneys, which he was able to relieve, but could not cure.

Now, had any one warned this gentleman that the symptoms that had troubled him so long arose from the kidneys, he would have attended to them at once; but *he did not know it*; and many men and women to-day, in every part of America, are suffering, substantially, as did this gentleman, and from the same cause; and it is high time they should know what it means. It means present discomfort, future unhappiness and premature death, unless attended to promptly and treated rightly. The only discovery which has ever been made in the scientific or medical words that is a certain remedy for all such troubles, is Warner's Safe Cure. Made from a tropical leaf whose properties, like Peruvian bark, are known and invaluable, it acts at once and naturally upon the organs which produce these distressing troubles, carrying health to the entire system and banishing pain.

While the most serious evils which can afflict man or womankind are those which arise from disordered kidneys, they are diseases which can be controlled if taken in time. The trouble is, that they are "unseen evils," and the primary danger arises from the fact that the symptoms they manifest are not recognized, but are attributable to some minor disorder, which, by being considered slight, is permitted to fasten itself upon the system. That one-half of physical disorders arise from imperfect kidneys is a new but settled truth; and that these disorders might be prevented by using Warner's Safe Cure is equally true. Thousands of people, including prominent physicians, scientists and divines, who have known of its wonderful powers, indorse and recommend it. It acts upon both liver and kidneys in a direct and certain manner, and invariably relieves and strengthens both. It puts them in a healthy condition, when, otherwise, they would become inflamed. It gives a pleasing tonic to the entire system, and harmonizes all the parts. Druggists throughout the world sells it: and the opportunity for thus obtaining its benefits are brought near to every one. It will solve the mystery of good health, and keep back the day on which comes "the great mystery."

Patience is success.

Old and young, male and female, find a sure cure for all nervous affections in Dr. E. C. West's Nerve and Brain Treatment. A cure guaranteed. Sold at J. E. McGarvin's Drug Store, Acton.

Above all things, reverence yourself.

Olga M. Hedge, Battle Creek, Mich., writes: I upset a tea-kettle of boiling hot water on my head. I at once applied Dr. Thomas' Eclectric Oil, and the effect was to immediately allay the pain. I was cured in three days.

Wisdom is the talent of buying virtuous pleasures at the cheapest rate.

G. W. Macoy, Parkdale, Toronto, writes: "My wife had several very severe attacks of cramps in the stomach. Hearing of Dr. Austin's Phosphatine, and its pleasantness to take, I gave her two bottles, and she has not had an attack since, and her health is much improved." For sale by all Druggists.

The virtue of prosperity is temperance, the virtue of adversity is fortitude.

Mr. T. C. Birchard public school teacher, Norland, writes: "During the fall of 1881 I was much troubled with biliousness and Dyspepsia, and part of the time was unable to attend to the duties of my profession. Northrop & Lyman's Vegetable Discovery and Dyspepsia Cure was recommended to me, and I have much pleasure in stating that I was entirely cured by using one bottle. I have not had an attack of my old complaint since, and have gained fifteen pounds in weight.

Let our lives be pure as snowfields where our footsteps leave a mark but not a stain.

A Life Saving Present.

Mr. M. E. Allison, Hutchinson, Kan.: Saved his life by a simple Trial Bottle of Dr. King's New Discovery, for Consumption, which caused him to procure a large bottle, that completely cured him, when Doctors, change of climate and everything else had failed. Asthma, Bronchitis, Hoarseness, Severe Coughs, and all Throat and Lung diseases, it is guaranteed to cure. Trial Bottles free at McGarvin's drug store. Large size $1.00.

Act and speak to your servants as you would wish others to do to you if you were a servant.

Mr. Abraham Gibbs, Vaugham, writes: "I have been troubled with Asthma since I was ten years of age, and have taken hundreds of bottles of different kinds of medicine with no relief. I saw the advertisement of Northrop & Lyman's Emulsion of Cod Liver Oil with Lime and Soda and determined to try it. I have taken one bottle, and it has given me more relief than anything I have ever tried before, and I have great pleasure in recommending it to those similarly afflicted.

Bear in mind every service that you can render; forget every service that you have rendered.

—FOR THE—

KIDNEYS, LIVER, URINARY ORGANS

THE BEST BLOOD PURIFIER.

There is only one way by which any disease can be cured, and that is by removing the cause—whatever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be secured. Here is where Warner's Safe Cure has achieved its great reputation. It acts directly upon the kidneys and liver and by placing them in a healthy condition drives disease and pain from the system. For all Kidney, Liver and Urinary troubles; for the distressing disorders of women; for Malaria, and physical troubles generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good.
