VICTOR NORTHERN ELECTRIC

RADIO

WE HAVE WAITED OVER TWO YEARS FOR THE VICTOR TALKING MACHINE COMPANY TO PUT A RADIO ON THE MARKET AND AT LAST IT HAS COME.

The experience gained by the Northern Electric Company in the manufacture of Electrical Appartus in the various fields of scientific sound transmision, places the "Victor Northern Electric" Radio Receiving Sets in a unique position to produce the most complete satisfactory and scientifically correct apparatus ever offered to the Canadian Public.

We are now sole agents for this wonderful masterpiece of scientific production, and ask the people of this vicinity t obe sure and come in and hear this instrument before purchasing.

Come in and get it,
If we haven't got it we'll get it,
If we can't get it

IN MEMORIAM

RUSSELL — In loving memory of James Russell, who died November 16th, 1924.

We often think of him though we are
left alone,
For memory is the only friend that
grief can call its own.
Like joy on the withered oak, when
all other things decay
Our love for him will still keep green.

FURNITURE TALK

Let Findlay Feather Your Nest

We realize that you want to buy your merchandise as cheaply as possible, but we also believe that if we can sell it here in Flesherton as cheaply, or nearly so, that you would sooner patronize your home dealer so from week to week we are going to try and convince you that at least in a lot of lines we can equal, and in some cases undersell, the mail order catalogues.

Last week we dealt with Springs and Mattresses, and were well pleased with the increased number of inquiries for these lines. This week we would like you to compare the following articles and prices with the mail order catalogue before sending away your order.

Couches

We have a couch covered with imitation black leather, a real good looking one, at **$15.50,** also two different lines of **Tapestry Covered Couches** at **$14.50.** and a **Better Grade of Tapestry** at **$18.00.**

We also handle **Sliding Couches one at $12.00,** with a nice attractive pattern cretonne and a better built couch with a **Heavier Cretonne Cover at $15.50.** Either one of these couches can be made into an emergency bed in a couple of minutes.

Chairs and Rockers

Now look at our line of Chairs. The Catalogue price of 6 kitchen chairs is $5.75 knocked down, ours is $6.00 all set up.

Their price for 6 Dining Room chairs is $9.50 knocked down, our price is $9.75 all set up. We have a real good Arm Rocker at $3.35. See if you can beat it in the catalogue.

Our all-Oak Rocker at $5.75 compares very favorably with theirs at $5.90, which only says hardwood, it may be elm.

Now to be fair we do not wish to give the impression that we can compete in all lines as good as those quoted, but we can safely say that we will keep as near as possible to their prices. Should you want some thing on the installment plan, so much a month, we will try and accommodate you, but just see if the mail order houses will help you in that line. We have made arrangements with the rural mail carriers from Feversham and Kimberley to deliver any article along their routes at our expense, and at same prices quoted for goods.

We mean business, so let Findlay feather your nest by phoning us at 34 r 3.
