THURSDAY MORNING, SEPT. 4, 1884.

SILLY MARY ANN.

Sing a song of nonsense,
Silly Mary Ann;
"Paw" is in the kitchen
Working like a man.

"Paw" is in the counting-house
Toiling hard for money;
You are in the parlor,
Don't you think it funny?

Sing your song of nonsense;
Sometime, Mary Ann,
You'll be in the kitchen
Working like a man.

Husband in the counting-house;
Earning little money:
Daughter in the parlor,
Then it won't be funny.

Humorous.

Peter McKenzie's advice is good: "If you have a greedy disposition, and the devil comes to you when you are in the act of giving, and tells you, 'You can't afford it,' say to him, 'If you don't keep quiet I will double it,' and he'll soon give it up."

If a man wants to become a man of grit, he should eat lots of spinach.

The difference between love and law is this—in love the attachment precedes the declaration; in law the declaration precedes the attachment.

"La me!" sighed the old lady, "times do change. They now wear kids on their hands. When I was a child they wore out their hands on the kids."

"What is a lake?" asked the teacher. A bright little Irish boy raised his hand. "Well, Mickey, what is it?" "Sure it's a hole in the kittle, mum."

For the Boys.

The following story is all the better for being true:—

Two men stood at the same table in a large factory in Philadelphia, working at the same trade. Having an hour for nooning every day, each undertook to use it in accomplishing a definite purpose; each persevered for about the same number of months, and each won success at last. One of these two mechanics used his daily leisure hour in working out the invention of a machine for sawing a block of wood into almost any desired shape. When this invention was complete, he sold the patent for a fortune, changed his workman's apron for a broadcloth suit, and moved out of a tenement house into a brown stone front. The other man—What did he do? Well, he spent each day during most of a year in the very difficult undertaking of teaching a little dog to stand on his hind feet and dance a jig, while he played the tune. At last accounts he was working ten hours a day at the same trade and at his old wages and finding fault with his fellow-workman rich while leaving him poor. Leisure minutes may bring golden grain to mind as well as purse, if one harvest wheat instead of chaff.

If your children are troubled with worms, give them Mother Graves' Worm Exterminator; safe, sure, and effectual. Try it, and make the improvement in your child.

It is by far more important for the welfare of the future man that he should find the right school than the right college.

DR. STARR'S CORN AND WART SOLVENT removes hard and soft corns; clean, safe and harmless. Each bottle has a brush attached to cork for applying. Use no other. Sold by J. E. McGarvin, Druggist, price 25 cts.

PURELY VEGETABLE. A superior cathartic for family use. A specific for headache. A safe and effectual remedy for all bilious disorders—Flint's Mandrake Pills, sold by J. E. McGarvin, druggist, price 25 cents.

Indeed, I almost doubt whether the head of the family does not do more mischief if he is unsympathetic than even if he were unjust.

FLINT'S TOOTH POWDER, the peerless Dentifrice, contains nothing that can injure the enamel in the slightest degree; by its constant use the teeth retain their efficiency and beauty even to the extreme duration of life. Sold by J. E. McGarvin, druggist, price 25 cents.

Chivalry is not confined to the relation of the sexes. It is a sentiment which should rightly inspire all who are highly favored in any respect towards those who are less fortunate.

CATARRH IS A PAINFUL inflammation and ulceration of the mucous lining, bones and cartilage of the noses and air passages and can only be treated by direct application to the diseased parts. Dr. Starr's Catarrh Conqueror reaches all parts as nothing else can and gives relief at once. Sold by J. E. McGarvin, Druggist. 50cts.

Mr. T. C. Wells, Chemist and Druggist, Port Colborne, Ont, writes: "Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure sells well, and gives the best of satisfaction for all diseases of the blood." It never fails to root out all diseases from the system, cures dyspepsia, Liver Complaint, etc., purifies the blood, and will make you look the picture of health and happiness.

Holloway's Pills.—Nothing preserves the health so well as these alterative Pills in changeable weather, or when our nervous systems are irritable. They act admirably on the stomach, liver, and kidneys, and so thoroughly purify the blood, that they are the most efficient remedy for warding off derangements of the stomach, fever diarrhoea, dysentery, and other maladies, and giving tone and energy to enervated valetudinarians. All who have the natural and laudable desire of maintaining their own and their family's health, cannot do better than trust to Holloway's Pills, which cool, regulate, and strengthen. These purifying Pills are suitable for all ages, seasons, climates, and constitutions, when all other means fail, and are the female's best friend.

A Remarkable Escape.

Mrs. Mary A. Dailey, of Tunkhannock, Pa., was afflicted for six years with Asthma and Bronchitis, during which time the best physicians could give no relief. Her life was despaired of, until in last October she procured a Bottle of Dr. King's New Discovery, when immediate relief was felt, and by continuing its use for a short time she was completely cured, gaining in flesh 50 lbs, in a few months.

Free Trial Bottles of this certain cure of all Throat and Lung Diseases at J. E. McGarvin's Drug Store. Large Bottles $1.00.

Few are the remedies whose beneficial qualities and real merits have made them so popular with the public, and increased from year to year their consumption, which whilst possessing the most valuable medical properties, are yet so simple in their compound, and so easy to take, as the Quinine Wine, prepared by Northrop & Lyman of Toronto. This article is prepared from the pure Sulphate of Quinine, combined with fine Sherry Wine, and choice aromatics, which relieves the Quinine of its bitter taste, and does not impair in the least degree the efficacy of its action upon the patient; while small doses, frequently repeated, strengthen the pulse, increases muscular force, and invigorate the tone of the nervous system, and thus, by the general vigor which it imparts, creates an appetite, which gives to the stomach tone and energy, and fortifies the system against all infectious diseases. Ask for Northrop & Lyman's Quinine Wine; sold by all druggists. 10

McGarvin Sole Agent for Acton and vicinity. 45

Prominent among the greatest medical discoveries, by the many cures it has effected, *McGregor's Speedy Cure* leads the van. Subjected to the minutest chemical analysis, it has been found to contain one of those injurious ingredients characterizing the worthless specifics daily offered to the public. Every ingredient possesses a peculiar adaptability to the various complaints for which it has been compounded, and its efficacy is being established by testimonials hourly received. We are therefore confident that we have a preparation which we can offer to the public with the assurance that it will be found not only a *relief* but an *absolute cure* for Dyspepsia, Liver Complaint, Indigestion, Constipation and Impure Blood. AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.
HORACE FAIRBROTHER."
Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,
MRS. EMMA GEDNEY."
152 West 126th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE."
Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."
Dyhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRADDOX."
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will *always cure* when the disease is not already beyond the control of medicine.

MANHOOD
HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments of Marriage, etc., resulting from excesses.

Price, in a sealed envelope, only 6 cts or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicine or the use of the knife; pointing out a mode of cure at once simple certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.
