

Carpets and Oil-Cloths, No. 9 Keenan's Block, Kent Street, Lindsay.

SPRING HARDWARE.—See Mr. Jos. Heard's new advertisement in this week's *Gazette*. He has a full stock of everything required for the spring trade, and we needn't tell anybody who has ever bought anything at his store that he sells at "rock bottom" prices.

THE CHEESE FACTORY.—Mr. F. Sandford, proprietor of the Fenelon Falls cheese factory, has secured the services of Mr. H. A. McIntosh (brother of Mr. Wm. McIntosh of this village) as successor to Mr. Joseph Haight, and the season's work at the factory will be commenced on the first Monday in May.

"ON THE ROAD."—Mr. Thos. Robson, of the Cameron Lake foundry, has set up a horse and spring wagon, with which Mr. Peter Moffat takes away, every day or two, as large a load of ploughs, harrows &c., as the vehicle will hold. Mr. Moffat is a good man for the work, and as the implements are all of extra quality and the prices low, he ought to—and no doubt does—sell a considerable number of them every week to the surrounding farmers.

"ELBOW ROOM."—There was not as large an audience as there should have been in the Methodist church, on Wednesday evening, to hear the lecture on "Elbow Room" delivered by the Rev. W. Williams, D. D., of Lindsay; but the building is so roomy that it takes a considerable number of persons to fill it a quarter full. Dr. Williams is a very fluent and agreeable speaker, and, although he had no notes, never hesitated for a word. The lecture was both interesting and instructive, and was listened to with pleasure by all present.

Canada a Law-Abiding Country.

In the course of a very long speech at an Imperial Federation meeting in Guelph, Col. G. T. Denison, Toronto police magistrate, made at least one point worthy of note. It contrasted the law-abiding disposition of our settlers in the North-West with the turbulent nature of the invaders of new territory in the United States. The Colonel said: "This country has been founded upon the principle of the people being law-abiding and God-fearing. The U. E. loyalists came from the United States to this country because they still wanted to recognize monarchical institutions and the authority of the law. If we take our new settlements we find that we have hardly any crime at all in them, that the people are law-abiding and God-fearing throughout the North-west, and that such a thing as outrage is unknown or almost unheard of. On the other hand, look across the line and we find that as that fringe of settlement goes further into the west so the wilderness becomes one carnival of crime, wrong-doing, licentiousness and outrage. In one district of the Indian territory sixteen deputy marshals were murdered in the year 1887. You will find that there are over 900 murders per 10,000,000 of the population per annum, while in all civilized countries the average is only 250 to 300 and in Canada only 100. You will find that where Canada had only 125 divorces there have been 375,000 in the United States. In a country like this that is trying to carry out moral and religious principles among a law-abiding and God-fearing people, would there be nothing lost in going into such a country, which is getting worse and worse every day?"

Continuing, Colonel Denison thus referred to the present state of Canada: "There are some people who are in the habit of finding fault with the prosperity of Canada, people who have always been at home, who have never gone outside of Canada, are in the habit of lamenting that Canada is not prosperous. I have been all over Europe and this continent from the gulf of Mexico upwards, and I cannot find any country to compare with our own. I say that there is no country on the face of the earth where the people are as prosperous, where life is as safe, where property is as secure, where the law is better administered, where the people are so kind and law-abiding as in Canada. And yet we hear of people going away to Dakota to live when they have our own North-west. I am ashamed of Canadians who go away to live in a foreign land or who at home, like so many bantams, go about whining and wailing like so many people 'kooning' at an Irish wake. That sort of thing is bad, because it is not true. Let us see what progress our country has made since 1868. In that year the cattle sent to England valued \$250,000, and in 1887 \$5,500,000. In the same year wheat, 1,400,000 bushels, and in 1887 6,700,000 bushels. In the same year cheese, \$550,000, and in 1887 \$7,065,000. In 1868 bank circulation in Canada amounted to \$8,000,000, and in 1887 it was \$30,000,000. Bank deposits in 1868 amounted to \$33,000,000, and in 1887 to \$108,000,000. Loan company deposits had increased in 1887 to \$17,000,000 from \$1,000,000 in 1868; sav-

ings bank deposits from \$4,000,000 to \$51,000,000; letters and post cards sent from 18,000,000 in 1868 to 90,000,000 in 1887. Miles of railway in 1868, 2,500, and in 1887, 12,292. Now, ladies and gentlemen, can you find prosperity to equal that in any part of the world? I say it is a crying shame and an everlasting disgrace for such people as Canadians to talk of annexing themselves to the United States."

The Gaulois says the Dahomians have made two vigorous assaults upon the French position in Dahomey. Four French soldiers stationed at outposts were captured by the Dahomians and beheaded. The French retaliated upon the Dahomians by beheading five of the female warriors of the King who had been captured.
