The Young Folks.

LOVE'S VICTORY.

"Tell me, dearest lady mine,
Will you be my Valentine?
Long I've watched and waited at your shrine,
Love alone I pray is mine."

"Truly, sir, I cannot say,
How much I can give you pay."

"Income, dearest lady mine!
What of that? For you I pine
Night and day; my heart is thine—
Pray then, be my Valentine."

"Hearts and pining touch me not,
How much money have you got?"

"Half a million, lady mine,"

"Of course I'll be your Valentine!"

THE RESULTS CAME.

"What are you doing, little?" asked a policeman of a colored man who had his eye glued to a knot hole in an alley fence the other morning. "Watin', sah?" "For what?" "Reason?" "What results?" "Man scut me up to whitewash de kitchen ceilin'. Woman said she'd do de job herself an' save de hire." "Well?" "She's mixed the liquid, sah, and hunted up an ole brush with about fo'teen ha'rs in it. Now she's gettin' ready. She's tied an apron ober her head, stuck a broom handle into de brush an' is leggin' de pail into de house. Now de hired gal is puttin' all de cha'rs out doahs." "Anything else?" asked the officer after a long wait. "Jist a minute, sah; de results are almost hear." Another minute went by, and then there was a wild yell from the house, followed by a crash, and the man at the knot hole chuckled. "Jist like I figured! De woman appears. Bout eyes ar' full of lime, an' when she fell off de cha'r she almost busted every bone in her body. Now the hired gal has come out. Now de woman in de next house runs in. Now the victim sets down on a box, and they are rubbin' her eyes with a rag. Now de hired gal runs into de house to bring up de police an' de fire engines an' de doctors, an'——" "And what?" "I'll call again arter dinner, an' dey'll welcome me wid hostile arms, an' give me be fo' him, an' frow in an elevenpenny bit of clothes!"

FIRST SPEECHES.

Great Orators Who Failed in Their First Attempts.

It is encouraging to young speakers to know that there has been, and never will be, such a thing as a "born orator." There has never yet been an instance of an orator becoming famous who did not apply himself assiduously to the cultivation of his art. Many even had to overcome great physical infirmities that rendered it almost hopeless for them to adopt the career of a public speaker. The best-known instance is that of Demosthenes, who passed some months in a subterranean cell, shaving one side of his head so that he could not appear in public. He there practised with pebbles in his mouth to overcome a defect in his speech, and gesticulated beneath a suspended sword to rid himself of an ungraceful movement of the shoulder. Even then he was hissed from the bema in his early efforts, but he persevered—the world knows with what success. When Robert Walpole first spoke in the House he paused for want of words and continued only to stutter and stammer. Curran was known at school as "stuttering Jack Curran," and in a debating society which he joined, as Orator Mum." Every one will also readily recall Disraeli's failure when he rose to make his maiden speech. Golden's first effort was also a humiliating failure. But one should not conclude from these instances that every speaker who breaks down is sure to blossom into fame subsequently. We have been quoting the exceptions to the general rule. More frequently speakers' mishaps are like that of the Earl of Rochester. "My lords," said he, on one occasion, "I—I—I rise this time, my lords, I—I—I divide my discourse into four branches." Here he came to a woeful pause, and then he added: "My lords, if ever I rise again in this house I give you leave to cut me by root and branch forever." Many of the best orators have, even to their latest efforts, felt a tremmer on going to speak. Erskine said that on rising to speak for the first time he should have sat down in confusion had he not felt his children tugging at his gown. The Earl of Derby, "the Rupert of debate," always knew when he was going to speak well by his nervousness on rising. This was also a characteristic of Canning. At a dinner given by the Mayor of Liverpool he was so nervous before being called on to speak that he had twice to leave the room to collect his thoughts. This may have been, however, owing to the comparative novelty of his position. Many an orator outside his accustomed haunts is completely lost. Lord Eldon said he was always somewhat nervous in speaking at the Goldsmiths' Dinner, though he could talk before Parliament as thought he were addressing so many rows of cabbage plants. Mr. Cobden, speaking of Lord John Russell, said: "On the boards of the House of Commons Johnny is one of the most subtle and dangerous of opponents; take him off those boards and I care nothing for him." To few was it given as to O'Connell to succeed equally with all audiences. Before he entered the House he was declared to be a mere "mob orator;" but in 1830 he was returned, and in 1831 he was recognized as a leader. Whether in swaying a nightmeeting on a hillside, appealing to the more educated assembly in Parliament, in persuading a jury in a court house, he was equally at home.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so, send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Much injury is done by the use of irritating, griping compounds taken as purgatives. In Ayer's Pills, the patient has a mild but effective cathartic, that can confidently be recommended alike for the most delicate patients as well as the most robust.

JINGLES AND JOKELETS.

Half an Hour With the Wise Men, the Wits and the Paragraphs of the Day.

It is the principal, and not the manners, that makes the man. The principal is the mainspring; the manners are only the figures on the dial.

Made on Purpose.

We are taught that everything is made to fill some purpose. The reason Burdock Blood Bitters has succeeded in being placed in the front rank of modern medicines is that it fills so well the purpose for which it was intended—that of curing diseases of of the stomach, liver and blood.

James H. Gilmour, of P. Gilmour & Co., Wholesale Grocers, Brockville, says—I have used Tamarac Elixir for a severe cold and cough, which it immediately relieved and cured.

No medicine in the world is in better repute or more widely known than Ayer's Sarsaparilla. As a safe and certain remedy for all manner of blood disorders, leading physicians and druggists everywhere recommend it in preference to any other.

There are a number of varieties of corns. Holloway's Corn Cure will remove any of them. Call on your druggist and get a bottle at once.

Certain Cure.

A Cure for Cholera Morbus. A positive cure for this dangerous complaint, and for all acute or chronic forms of bowel complaint incident to summer and fall is found in Dr. Fowler's Extract of Wild Strawberry, to be procured from any druggist or medicine dealer.

Freeman's Worm Powders are safe, sure and speedy to remove worms from children or adults.

Wheezing, gasping sufferers from Asthma receive quick and permanent relief by using Southern Asthma Cure. Sold by all druggists or by mail on receipt of price.

On an Average.

It is said during a lifetime of the average man he will endure 500 days sickness. The best way to reduce your average is to use Burdock Blood Bitters whenever the system requires a tonic regulating and cleansing medicine.

If you want to buy or sell a Farm, advertise in the Toronto *Weekly Mail*. That paper reaches 100,000 Farmers' homes every week, and your advertisement should meet the eye of someone who wants to purchase. Advertisements of this class are inserted in the Toronto *Weekly Mail* for Five Cents a word each insertion, or Twenty Cents a word for five insertions. Address The Mail, Toronto, Canada.

How to Live 100 Years.

Health with many years may easily be attained. Temperance, Abstinence and care in food esten are the main conditions. Always use Imperial Cream Tartar Baking Powder in biscuit, cakes, &c. and that part of food will be alright. Sold by all grocers.

The best way to repair strength and increase bodily substance is to invigorate the stomach and improve the circulation with Northrop and Lyman's Vegetable Discovery and Dyspeptic Cure Simultaniously with the disappearance of indigestion it relieves that morbid despondency, and the nervousness which are as much the product of dyspepsia as the weakness of the stomach and loss of vigor and flesh which proceed from it; as a blood purifier it has no equal

Summer Travel

is usually subject to dangerous and sudden attacks or bowel complaints, diarrhœa, dysentery, etc., caused by change of food and water. The sovereign remedy and surest safeguard against all such troubles is Dr. Fowler's Extract of Wild Strawberry. Never travel without it.

Dr. Low's pleasant Worm Syrup is a safe and reliable worm remedy for all worms afflicting children or adults.

Low's Sulphur Soap should be found with every toilet. It is cleansing and healing.

A Correct Statement

is made by Miss Jane Rutherford, of Nelles Corners, Ont., who writes—"I have used your Burdock Blood Bitters for Dyspepsia and find it to be the best remedy I have ever tried." B. B. B. is sold by all dealers at one dollar per bottle.

It would be a gross injustice to confound that standard healing agent—Dr. Thomas Eclectric Oil—with the ordinary ungments, lotions and salves. They are often inflammatory astringent. This Oil is, on the contrary, eminently cooling and soothing when applied externally to relieve pain, and powerfully remedial when swallowed.

Easily Understood.

The causes of summer complaint, diarrhœa, dysentery, cholera morbus, etc., are the excessive heat, eating green fruit, impure water, over exertion and sudden chill. Dr. Fowler's Extract of Wild Strawberry is infallible and prompt remedy for all bowel complaints from whatever cause.

It is well to be posted in the practical details of one's business, the more especially so when the business is exceptionally intricate. $10,000 was recently saved by the McCauslands, of Toronto, when an American specialist in the Stained Glass business found to his surprise that his firm had been working for years the very item that he had to dispose of and which was supposed to be of recent discovery.

Out of Sorts.—Symptoms, Headache loss of appetite, furred tongue, and general indisposition. These symptoms, if neglected, develope into acute disease. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Parmelee's Vegetable Pills on going to bed, and one or two for three nights in succession, and a cure will be effected.

Rest and Comfort to the Suffering.

"Brown's Household Panacea" has no quat for relieving pain, both internal and external. It cures Pain in the Side, Back, or Bowels, Sore Throat, Rheumatism Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quick en the Blood and Heal as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the stomach, and Pains and Aches of all kinds, and is for sale by all Druggists at 25 cents a bottle.

—Ladies kindly read Kelly Bros. advertisement.

In Brief And to the Point.

Dyspepsia is dreadful. Disordered liver miserv. Indigestion is a foe to no good nature.

The human digestive apparatus is one of be most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this and business and making the American people so healthy that they can enjoy their meals and be happy.

Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

The Third page of the Toronto *Daily Mail* is noted for "Want" advertisement. If you want to buy or sell anything, If you want a situation, a mechanic, a business, machinery, lodgings, if you have lost or found anything, or if you want to find out where anyone is, advertise in the Toronto *Daily Mail* and read the advertisements on the Third page of that paper. The charge is Two Cents a word each insertion. Address The Mail, Toronto, Canada.

Mechani's Beef, Iron and Wine.

If you are languid and weak, and your appetite poor, try Beef, Iron and Wine is the tonic, be sure.

As an invigorating tonic it is recognized by the Medical Profession as the best strengthening medicine thus far produced. It is invaluable as a blood-and-muscle maker, especially in those cases where weakness is the result of imperfect or infood, of wasting fevers or excess of any sort. It contains the nutriment of Beef, the stimulant properties of Wine and the tonic powers of Iron, and is admirably calculated to build up the emaciated system.

It is worse than madness to neglect a bouch or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration, subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Astonishing Success.

It is the duty of every person who has used *Boschee's German Syrup* to let its wonderful qualities be known to their friends in caring Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported. Such a medicine as the *German Syrup* cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at ten cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

Always required—a good cathartic medicine. National Pills will not disappoint you.

Cause And Effect.

Many persons wonder at the tired, worn and weary feeling that oppresses them without any apparent cause. It may be poverty of the blood or a disordered stomach; in either case the stomach, blood and liver are not performing their regular functions and, with many persons, they will follow a dull, heavy headache, nausea and many other symptoms that precede a well developed case of Dyspepsia, purify the blood; cleanse the system of the clogged secretions by using Meacham's Mandrake Mixture, prepared by J. B. Meacham, 133 Yonge street, a chemist of nineteen years experience.

Dangerous Counterfeits.

Counterfeits are always dangerous, more so that they always closely imitate the original in appearance and name. The remarkable success achieved by Nasal Balm as a positive cure for Catarrh and Cold in the Head has induced unprincipled parties to imitate it. The public are cautioned not to be deceived by nostrums imitating Nasal Balm in name and appearance, bearing such names as Nasal Cream, Nasal Balsam, etc. Ask for Nasal Balm and do not take imitations dealers may urge upon you. For sale by all druggists or sent post-paid on receipt of price (50c and $1) by addressing Fulford & Co., Brockville, Ont.
