Character and Individualiay in Banks

In the course of development of a banking business, policies are formed, habits maintained, and methods practiced, which are peculiarly and intimately connected with the institution that gave them birth. It is these things that give a bank individual character that influences a man in making his financial affiliations. In offering our services, we solicit your enquiries regarding Standard aBnk policies as affecting your own business.

Carnival by Y.P. League

The Flesherton Young Peoples' League held a skating carnival at the rink on Friday evening last. The night was cold and stormy or a larger crowd would have patronized the affair, as it is very uncomfortable for the onloooker, when the frost is nipping your feet. A fair number of the contestants were in evidence, and all the costumes were excellent. Through some hitch, a band was not present, and the judging was almost all limited to costumes only.

A total of some $38.00 was realized at the gate, while the Young Ladies' class at the Sunday school, served lunch and realized $12.

HAS INSTALLED NEW OVEN IN BAKE SHOP

Another industry in town is enlarging its capacity to take care of increasing trade. During the past few days Mr. Fred Pinder has had installed in his bakery here a new Hubbard baking oven which was especially made for him. Mr. Pinder has secured many contracts for bread from outside points, and in order to supply the demand for his bread, was obliged to install an oven with greater capacity. The new oven has a capacity of 300 loaves at one time and is of two tiers for baking. Besides taking up smaller space than the old oven it will be more efficient and will save considerable fuel. It is with pleasure that we hear of Mr. Pinder extending his trade.

Particulars of the Death of Miss Doris Boyd

The funeral of Miss Doris Boyd 18, youngest daughter of Mr. and Mrs. John Boyd took place on Monday, January 11th, a private service being held at the house and a service at the Union church.

Deceased had been in Edmonton for three months, where she had been taking a business course being successful in taking the six-months course in three. She arrived home a day or so before Christmas, feeling, as her parents thought, tired from overstudy in Edmonton. On Christmas Eve, however, she was taken seriously ill. The disease was diagonised as tubercular meningitis Specialists were called, but no hope was given when the nature of the disease was known. Doris Boyd was an exceptionally bright girl. The family came to North Battleford from Ontario about four years ago and deceased attended the collegiate here. She is survived by two sisters, these being Mrs. MacDonald of Toronto, and Mrs. L. Laird of Kalamazoo, both of whom are here the latter arriving a few hours after Doris had passed away, which was on Saturday.

Dozens of floral tributes from friends and relatives were banked on the coffin. Andrew Boyd and A. F. Boyd, uncles of the deceased were here for the funeral. — Saskatoon Star.

Public Meeting

The School Trustees' Association has arranged for a meeting to be held in the town hall, Flesherton, on Saturday afternoon, January 30th, at 1 p.m. to discuss the Township School Board Bill and ther educational matters. Mr. R. J. Woods, ex-M.P. for Dufferin, Mr. Farquhar Oliver and others will address the meeting. The ladies are given a special invitation to attend.—W. J. Blackburn, president, R. Allen secretary.

The Owen Sound Intermediates are playing the local team at the rink here on Wednesday, February 3rd. The Owen Sound club carries some of the best athletes in Owen Sound.

While Mr. Thos. Clayton was eating his dinner on Monday noon of this week he was taken suddenly ill and was unconscious for nearly two hours. He was unable to go to work on Tuesday. We hope that he may soon be improved from the severe attack.

Martin Durkin, most desperate bad man that the "capital of crime" has produced in recent years, captured in St. Louis last week, and awaiting trial for murder, laughed at the law and predicted he would go free. "Die on the gallows? That's a laugh. A good alibi, a clever lawyer—Clarence Darrow, maybe—and shucks, its a cinch." That's how much Marty Durkin fears the law in Illinois.

And after the Loeb-Leopold case, who murdered a boy, "just for fun" and many other notorious ones, who all escaped the gallows, the rest of the world thinks about the same as Durkin, as regards law enforcement in Illinois.
