

Falls was through here the other day delivering fruit trees for Thomas W. Bowman of Rochester, N. Y.

Hymeneal.

Wednesday afternoon last was the occasion of a very pleasant gathering at the home of Mr. and Mrs. P. C. Burgess on Bond street, to witness the marriage of their daughter Lillian to Mr. George H. Jewell of Huntsville. The ceremony was performed by Rev. Dr. Gardner of Belleville. The bride was attended by Miss Lovedy Jewell, sister of the groom, and Miss Stella Burgess, sister of the bride; while Mr. J. H. Stanton performed the same office for the groom. The bride was the recipient of a number of valuable and useful presents, of which the following is a list:

Mr. and Mrs. Wm. McIntosh, Flower Vase.
J. H. Stanton, Silver Pickle Cruet.
Mrs. Wm. Jeffrey, Water Pitcher and Glasses.
Mrs. E. B. Edwards, Glass Cruet.
Mr. Whaley, Parlor Lamp.
Arden Betts, Fruit Dish.
Mr. and Mrs. W. A. Shaw, Peterboro, Biscuit Jar.
Miss Maud Bell, Parlor Vase.

R. E. Colling, Madoc, Silver Salt Cellar and Spoon.
Miss F. Boyd, Silver Pie Knife.
Mr. and Mrs. J. R. Graham, Picture.
Miss Jennie Graham, Easel.
P. C. Burgess, Bedroom Set.
Dr. and Mrs. Wilson, Silver Spoon Holder.
Dr. and Mrs. Mason, Silver Pickle Cruet.
H. E. Austin, Parlor Lamp.
Mrs. James Jewell, Glass Set.
Mrs. Fred Jewell, Cheese Dish.
Mrs. David Jewell, Silver Knives.
Miss L. Jewell, Carving Set.
Mrs. Bowman, Linen Towels.
Mrs. Wm. Burgoyne, Linen Towels and Table Cloth.
Mrs. Johnston Sr., Linen Towels.
Mrs. Dr. Gardner, Silver Teaspoons and Sugar Spoons, and Linen Table Napkins.
Mrs. Wm. Scott, Toronto, Silver Gravy Ladle.
Miss Avery, Silver Pickle Cruet.

A pleasant sociable time was spent in conversation and feasting until about four o'clock, when the happy couple left amid showers of rice and good wishes for their new home in Huntsville. Both are most highly respected in our village and leave with bright prospects for their future.

CORRECTION.—In our Powles's Corner correspondence last week it was stated that Dr. Wilson attended Mr. Oliver Gaspell's child who died of diphtheria. This, the doctor tells us, was a mistake, as the little one was dead before he reached Mr. Gaspell's house.

HEAVY RAIN.—A heavy shower of rain, accompanied by hail, last Friday afternoon, was followed at night by one of the most tremendous downpours in several years. A pail left empty late last week in the back yard of one of our villagers was found three or four days afterwards to be more than half full of water, nearly all of which fell during Friday night.

All the novelties of the season to be had at Mrs. R. McDougall's.

PUBLIC LIBRARY.—The general annual meeting of the members of the public library will be held on Monday evening, May 3rd, in the reading room, for the purpose of electing a board of management and other officers for the ensuing year. A statement will be presented to the members showing the progress and financial standing of the library in the past year. A full attendance is requested. Chair taken at 8 o'clock p. m. sharp.

BLOOD POISONING.—About a fortnight ago Miss Annie Howie, daughter of Mr. John Howie of Somerville, slightly cut one of her fingers, which a few days afterwards became so painful that she came to the Falls and consulted Dr. Wilson, who found that a mild form of blood poisoning had set in. He prescribed some remedy, and two or three days later went to Mr. Howie's, administered chloroform to the young lady and lanced the finger freely in several places. We are glad to hear that she is now doing well.

NAVIGATION OPEN.—The first steamer to visit the Falls this year was the *Marie Louise*, which came up to Howry's lumber yard last Saturday for some slabs; but, as she returned as soon as she had taken on her load without com-

ing up to the locks, only a few of our villagers knew that she was here. On Tuesday Judge Dean, three or four Lindsay lawyers and other persons who had business at the Division Court here came on the *Greyhound*, which arrived a little before 10 in the morning and was moored at Smith's landing until about 4.30 p. m.

DIPHTHERIA.—In our advertising columns this week will be found a notice, signed by the chairman of the Board of Health, relating to diphtheria, and bills to the same effect have been posted throughout the village. There have been two deaths of children from the dread disease near Powles's Corner, four miles from here, and we are surprised to learn that the township authorities have taken no action in the matter. Of course, everybody sympathizes with the afflicted families, but, also of course, everybody sees the danger of allowing members of those families to come to the Falls and mingle with residents while there is the least danger of their bringing the germs of diphtheria with them—hence the prompt and very proper action of the local Board of Health.

An exchange tells of a man's chickens that came home eash with a thread hanging from its mouth, and on the end of the thread was a card bearing the suggestive inscription: "Please keep your chickens at home." A neighbor's wife had rigged up the threads with a kernel of corn on one end and the card on the other. The chickens ate the corn and carried the message home.

Eye Talks.

We have something to say to you regarding the care of your eyes, and the use and abuse of them.

There is too little care exercised in preserving that inestimable boon our sense of vision; and it is our intention to show how errors may be avoided and one's eyes preserved; to explain the symptoms of such eye defects as come within the province of the Optician to treat; and to indicate how these defects may be prevented or remedied.

By years of experience and special study in the science of Optics we are qualified Opticians, and we are known by reputation to the people of Fenelon Falls and its neighborhood. On these grounds we ask for your attention and confidence—for our mutual benefit.

Will you read what we have to say in our advertisements from week to week? It will be of advantage to you to do so.
